Policy Manual

CHIEF'S PREFACE

The Delmar Police Department Policy Manual results from countless hours of research, consultation, and review of modern police procedures, evolving law, best practices, and community expectations. This Policy Manual is a framework, and it is a living document; additions, changes, and deletions will be required, almost from the date of its publication. This manual is necessary to provide our personnel guidelines and give insight into the community we serve, how we do our jobs, and what they can expect from us.

Our profession operates in a dynamic environment that requires employees to make sound and competent decisions in both normal and adverse conditions. The Constitution and laws obligate us to be impartial, objective, transparent, ethical, holding the sanctity of life in the highest regard.

The policies contained herein provide a framework for proper conduct and behavior to achieve this delicate balance. As a living document, this manual, you and your actions must remain fluid, adapting to and staying in compliance with new laws, case law, community expectations, departmental changes, and current professional standards. Doing so will ensure that we, maintain public trust, community safety, and public order while providing a high level of service to our community.

The Law Enforcement Code of Ethics, The Delmar Police Department's Core Values, and Mission Statement are all included in this Policy Manual. While no written guidance document can anticipate the entire range of human behaviors that police employees might encounter, nor can every contingency be predicted, we are all expected to follow the spirit and the letter of our Policy Manual.

WE MUST also ensure that our actions in both word and deed are consistent with these foundational documents and serve as a reminder of the oath we took to protect and serve. The manual is not a substitute for critical thinking and good judgment.

Occasionally, given the complex and nuanced nature of police work, we may need clarification from a supervisor about how to interpret the manual in a specific situation. You are always expected to use your best professional judgment and basic human decency to guide your actions.

Be safe and do your job well.

Ivan Barkley, Chief of Police

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

General Orders

201.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for issuing General Orders.

201.2 POLICY

General Orders will be used to modify policies of the Delmar Police Department when an immediate need to adapt a policy or procedure exists, in order to best meet the mission of the Department. 202.1 PURPOSE AND SCOPE

This policy clarifies the role of the Delmar Police Department and responsibilities of its members pertaining to large scale emergencies and the Maryland Department of Emergency Management operating under the State of Maryland Emergency Operations Core Plan and/or the Delaware Emergency Operation Plan.

202.2 POLICY

The Delmar Police Department will prepare for large scale emergencies within and outside its jurisdiction through planning and mutual cooperation with other agencies.

The Town Emergency Operations Plan complies with the State of Maryland's Emergency Operations Core Plan, as part of the Comprehensive Emergency Management Program (Md. Code PS § 14-109; Md. Code PS § 14-110), and the State of Delaware's Emergency Operations Plan (20 Del. C. § 3107). These plans provide guidance for Town emergency operations within and outside its borders as may be required.

202.3 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. For the Delmar Police Department, the Chief of Police or the highest ranking on-duty supervisor may activate the local Emergency Operations Plan in response to a major emergency.

The declaration of a local state of emergency may only be made by the Town's principal executive officer or the appointee if required by the circumstances. Such a declaration activates the jurisdiction's response (if not already activated) and recovery plan (Md. Code PS §14-111; Md. Code PS § 14-403).

Upon activation of the plan, the Chief of Police or the authorized designee should contact the Maryland Department of Emergency Management or the Delaware Emergency Operations Center to assist with mutual aid response from local, state, and federal law enforcement agencies (Md. Code PS §14-701; Md. Code PS §14-801; Md. Code PS § 14-601; Md. Code CP § 2-105).

202.3.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Delmar Police Department are subject to immediate recall to service. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the highest ranking on-duty supervisor.

Failure to promptly respond to an order to report for duty may result in discipline.

202.4 LOCATION OF THE EMERGENCY OPERATIONS PLAN

Copies of the Emergency Operations Plan are available in Administration, the Shift Supervisor's office and Dispatch. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles members will play when the plan is implemented. The Administration Division

The plan should include a systematic and detailed method for recording and logging of all training for all members.

While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Administrative Commander shall review the entire training plan on an annual basis.

If the Department qualifies the retiree, the card will also include the date that the person was qualified by the Department to carry a firearm in compliance with 18 USC § 926C(d)(1) and the date of expiration. "LEOSA" will be placed in the remarks section of the card.

207.5.2 AUTHORIZATION

Qualified former officers with a Delaware certification card issued by the Department under state law may carry concealed, within this state, any firearm inspected and approved by the Department and permitted under state law (11 Del. C. § 1466). The card does not itself authorize a retiree to carry a concealed firearm outside this state. The former officer must also meet state and LEOSA requirements.

Former officers may not be prohibited from possession of the specific type of firearm under state law.

207.6 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Shift Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Arrests, Convictions and Court Orders Policy.

The retiree is responsible for obtaining the proper handgun training and qualification for active law enforcement officers. The retiree may obtain handgun certification and a LEOSA certification card from the MPTSC.

207.6.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

Delmar Police Department

Policy Manual

Retiree Concealed Firearms

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable Department policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

207.6.2 RESPONSIBILITIES UNDER DELAWARE LAW

A LEOSA identification card does not permit the holder to possess a firearm in any location restricted by law. These locations may include but are not limited to, state or local government property or private property where the owner or controlling entity restricts the possession of firearms (11 Del. C. § 1441B).

207.7 DENIAL, SUSPENSION OR REVOCATION

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

207.8 FIREARM QUALIFICATIONS

The Administrative Commander may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Administrative Commander will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Delmar Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Delmar Police Department

Policy Manual

Use of Force

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force (Md. Code PS § 3-524).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible (Md. Code PS § 3-524).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 ALTERNATIVE TACTICS – DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (Md. Code PS § 3-524).

Delmar Police Department

Policy Manual

Use of Force

300.3.2 MARYLAND USE OF FORCE STATUTE

Officers may use reasonable force against a person to prevent an imminent threat of physical injury or to effectuate a legitimate law enforcement objective, provided that the force used under the totality of the circumstances reasonably appears necessary and proportional (Md. Code PS § 3-524).

Officers should cease the use of force as soon as the person is under control or no longer poses an imminent threat of physical injury or death, or the force will no longer reasonably accomplish a legitimate law enforcement objective (Md. Code PS § 3-524).

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.

Delmar Police Department

Policy Manual

Use of Force

- (r) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.5 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following (11 Del.C § 607A):

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.6 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold (11 Del.C § 607A).

Delmar Police Department

Policy Manual

Use of Force

300.3.7 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Delmar Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving an imminent threat or an imminent risk:

- (a) An officer may use deadly force to protect themselves or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, an officer shall not use deadly force against a person whose actions are a threat solely to themselves or property unless the person poses an imminent danger of death or serious physical injury to the officer or others in close proximity.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

Delmar Police Department

Policy Manual

Use of Force

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 REPORTING DEADLINE

Any use of force by a member of this department shall be documented as required by state law and as directed in the Report Preparation Policy (Md. Code PS § 3-514; Md. Code PS § 3-524).

300.5.2 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious (Md. Code PS § 3-524). Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual

Delmar Police Department

Policy Manual

Use of Force

can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

Delmar Police Department

Policy Manual

Use of Force

- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
 - 2. Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each use of force by any personnel within the Shift Supervisor's command to ensure compliance with this policy and to address any training issues (Md. Code PS § 3-524).

The Shift Supervisor or other appropriate supervisor should respond to the scene and gather and review all known video recordings in any incident where a use of force by an officer is reasonably believed to have caused serious physical injury as defined by Md. Code CR § 3-201 (Md. Code PS § 3-524).

300.8 TRAINING

Officers shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) Types of use of force.
- (d) Termination of use of force.

Delmar Police Department

Policy Manual

Use of Force

- (e) The duty to intervene.
- (f) The duty to request and/or render medical aid.
- (g) Warning shots (see the Firearms Policy).
- (h) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.
- (e) The date and time of incidents.
- (f) Types of incidents/encounters resulting in the use of force.
- (g) Trends or patterns related to race, age, and gender of involved subjects.
- (h) Trends or patterns resulting in injury to any person involved, including a member.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Delmar Police Department to review the use of force by its members.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or the evaluation of the use of force.

301.2 POLICY

The Delmar Police Department will objectively evaluate the use of force by its members to ensure that their authority is used appropriately and consistent with training and policy.

301.3 ADMINISTRATIVE ASSIGNMENT

Generally, whenever a member's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment by the Chief of Police. The Chief of Police may exercise discretion and choose not to place a member in an administrative assignment.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved member to notify the Administration Division Commander of any incidents requiring board review. The involved member's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should staff the Use of Force Review Board with five individuals from the following, as appropriate:

- Representatives of each division
- Command staff representative from the involved member's chain of command
- Administrative Commander

Delmar Police Department

Policy Manual

Use of Force Review Boards

- A peer officer/department member
- A law enforcement officer from an outside law enforcement agency, as appropriate
- Department instructor for the type of weapon, device or technique used

The senior ranking command staff representative who is not in the same division as the involved member will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved member to appear. The involved member will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the involved member, no more than two designated board members may ask questions of the involved member. Other board members may provide questions to the designated board members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the involved member at the time shall neither justify nor call into question a member's decision regarding the use of force.

Any questioning of the involved member conducted by the board will be in accordance with Delmar Police Department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The member's actions were within department policy and procedure.
- (b) The member's actions were in violation of department policy and procedure.

A recommended finding requires a majority of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the member's actions were within policy and procedure, and will determine whether any additional

Delmar Police Department

Policy Manual

Use of Force Review Boards

actions, investigations or reviews are appropriate. Those findings will be forwarded to the involved member's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Delmar Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Delmar Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest
- The demeanor and behavior of the arrested person
- The age and health of the person
- Whether the person is known to be pregnant
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes
- Whether the person has any other apparent disability

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and should not be restrained by the use of leg restraints or waist chains. Handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property (Md. Code CS § 1-101; Md. Code CS § 9-601).

Delmar Police Department

Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the detainee, officers, or others (Md. Code CS § 1-101; Md. Code CS § 9-601). See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

302.3.3 RESTRAINT OF PREGNANT PERSONS (DE)

Pregnant persons who are in their first trimester should be restrained in the least restrictive manner. Thereafter, pregnant persons including those in labor, delivery, and post-delivery should only be handcuffed or restrained in extraordinary circumstances and only when a supervisor makes an individual determination that such restraints are necessary for the safety of the arrestee, officers, or others. Leg and waist restraints are not permitted for pregnant persons under any circumstances during labor or delivery. For purposes of this policy, "extraordinary circumstances" means a person is an immediate and serious threat of harm to themselves, members, or other individuals or a substantial flight risk that cannot be contained by any other manner. Wrist restraints are permitted on pregnant persons transported for the purposes of medical or other appointments (11 Del. C. § 6602; 11 Del. C. § 6603).

302.3.4 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.4 NOTIFICATIONS REGARDING PREGNANT PERSONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform a licensed medical professional when appropriate upon arrival at the jail that restraints were used (11 Del. C. § 6603).

Licensed medical professionals shall be notified as soon as reasonably practicable whenever an officer applies the use of certain restraints as required in 11 Del. C. § 6603.

302.5 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

Delmar Police Department

Policy Manual

Handcuffing and Restraints

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.6 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.7 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg restraints, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.8 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

Delmar Police Department

Policy Manual

Handcuffing and Restraints

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.8.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on their stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on their stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

302.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report. Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Delmar Police Department

Policy Manual

Handcuffing and Restraints

302.10 TRAINING

The Administrative Commander should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
- (e) Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Control Devices

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control individual subjects who are violent or who demonstrate the intent to be violent, the Delmar Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual department members to use specific control devices.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only those members who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a person who is violent or who demonstrates the intent to be violent and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected department members or those in specialized assignments who have successfully completed the required training.

303.4.2 ADMINISTRATIVE COMMANDER RESPONSIBILITIES

The Administrative Commander shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Administrative Commander or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Administrative

Delmar Police Department

Policy Manual

Control Devices

Commander for disposition. Documentation shall also be forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to him/herself or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignments or at the direction of their supervisors.

303.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, OC spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in, violent behavior. OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of department members or the public.

303.6.1 OC SPRAY

Uniformed members carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field members may carry OC spray as authorized, in accordance with the needs of their assignments or at the direction of their supervisors.

303.6.2 TREATMENT FOR OC EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those who complain of further severe effects shall be examined by appropriate medical personnel.

303.7 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, the owners or available occupants should be provided with notice of the possible presence of residue which could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean-up will be at the owner's expense. Information regarding how and when the notice was delivered and the individuals notified should be included in related reports.

303.8 TRAINING FOR CONTROL DEVICES

The Administrative Commander shall ensure that those members who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

Delmar Police Department

Policy Manual

Control Devices

- (b) All training and proficiency for control devices will be documented in the member's training file.
- (c) Members who fail to demonstrate proficiency with the control device or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with a control device or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the control device and may be subject to discipline.

303.9 REPORTING USE OF CONTROL DEVICES

Any application of a control device shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED) (COMAR 12.04.05.02).

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED (COMAR 12.04.05.03(B)).

The Administrative Commander should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department (COMAR 12.04.05.02(C)(1)). Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Administrative Commander for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Delmar Police Department

Policy Manual

Conducted Energy Device

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Delmar Police Department

Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Delmar Police Department

Policy Manual

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Administrative Commander should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Administrative Commander should also conduct

Delmar Police Department

Policy Manual

Conducted Energy Device

audits of CED device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

Delmar Police Department

Policy Manual

Conducted Energy Device

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Administrative Commander and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training (COMAR 12.04.05.03) (1 Del. Admin. Code 801-25.0). Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year (COMAR 12.04.05.04). A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Administrative Commander. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Administrative Commander is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Administrative Commander should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.

Delmar Police Department

Policy Manual

Conducted Energy Device

- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) The requirements established in COMAR 12.04.05.05.
- (j) Requirements established by POST (1 Del. Admin. Code 801-25.0).
- (k) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (l) Proper tactics and techniques related to multiple applications of CEDs.

304.9.1 TRAINING CERTIFICATION

The Administrative Commander should ensure certification is made to the Maryland Police Training and Standards Commission (MPTSC), on forms or in a manner determined by the MPTSC, that officers have successfully completed training requirements (COMAR 12.04.05.02).

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Delmar Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, Delmar Police Department would control the investigation if the suspect's crime occurred in Delmar.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be handled by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.4.2 CRIMINAL INVESTIGATIONS OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved DPD officer will be the officer-in-charge and assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved DPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any DPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (c) Provide all available information to the Shift Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional DPD members until properly relieved by another supervisor, or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved DPD officer should be given an administrative order not to discuss the incident with other involved officers or DPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Detective Division Commander
- Officer-Involved Shooting rollout team
- Outside agency investigators (if appropriate)
- Administrative Commander supervisor
- Civil liability response team or department legal counsel
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated (11 Del C. § 9200).

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

1. Involved DPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-DPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved DPD officer. A licensed psychotherapist may also be provided to any other affected DPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved member shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved officer and a peer support member is addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved DPD officer shall be given reasonable paid administrative leave (as allowed by Md. Code PS § 3-107) following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

If the incident occurred in Maryland, it shall be the policy of this department to utilize the Office of the State's Attorney to conduct an independent criminal investigation into the circumstances of any officer-involved shooting or death, except for those investigations that are controlled by state law.

If the incident occurred in Delaware, the District attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies, the Office of the State's Attorney, or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) DPD supervisors and Administrative Commander personnel should not participate directly in any voluntary interview of DPD officers. This will not prohibit such personnel from monitoring interviews or indirectly providing topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators (11 Del C. § 9200). However, in order to maintain the integrity of each involved officer's statement, officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 ATTORNEY GENERAL INVESTIGATION

The Maryland Office of the Attorney General (OAG) has authority to investigate all officer-involved incidents that result in the death of civilians or injuries likely to result in death (Md. Code SG § 6-602). The Chief of Police or the authorized designee should promptly notify the appropriate division within the OAG of all incidents involving an officer-involved death or serious injury of a civilian, and the Department should cooperate with any subsequent investigation (Md. Code PS § 3-527). In these investigations, any direction provided by the OAG supersedes any contrary direction contained in department policy.

305.6.2 REPORTS BY INVOLVED DPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved DPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved DPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive involved DPD officers of the right to consult with legal counsel prior to completing any such criminal report.

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.3 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.4 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated detective supervisor to assign appropriate investigation personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the Office of the State's Attorney or the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the Office of the State's Attorney or the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated detective supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved DPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Administrative Commander and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws including the Police Officer's Due Process, Accountability, and Transparency laws (PODPAT) (11 Del C. § 9200).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency (Md. Code PS § 3-107).
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of the officer's prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, the officer should be given *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Administrative Commander shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

Delmar Police Department

Policy Manual

Officer-Involved Shootings and Deaths

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn video and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or Town Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Delmar Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be

Delmar Police Department

Policy Manual

available to the Shift Supervisor, Patrol Division Commander and Public Information Officer in the event of inquiries from the media.

No involved DPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.

Handguns shall be inspected regularly and upon access or possession by another person. Rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage locker. 306.5.2 STORAGE AT HOME

Members shall ensure that all firearms, projectile weapons, and ammunition are locked and secured while in their homes, vehicles, or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability (11 Del. C. § 1456).

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment. All members who carry a firearm while on-duty are required to successfully complete training triannual with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on the required range course meeting minimum standards and requirements (COMAR 12.04.02.08; COMAR 12.04.02.05).

Officers may not use or carry a firearm that has been surrendered or for which authority to carry or use has been withdrawn, except during supervised training to meet the annual firearms training and qualification requirements (COMAR 12.04.02.08(E)(3)).

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Delmar Police Department

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.6.2 ANNUAL FIREARMS NON-CERTIFICATION

If an officer fails to successfully complete the annual firearms classroom instruction, training and qualification requirements for an authorized firearm within a calendar year, the Chief of Police (COMAR 12.04.02.08(E)(1)):

- (a) Shall remove the firearm, or the authorization to use or carry the firearm if personally owned, from the officer by January 1 of the next calendar year.
- (b) May not return or authorize the officer to use or carry the firearm until the officer successfully completes the appropriate firearms classroom instruction, training and qualification.

306.6.3 ANNUAL FIREARMS NON-QUALIFICATION

An officer who fails an annual firearms qualification shall successfully complete the annual qualification within 30 consecutive calendar days of the initial attempt (COMAR 12.04.02.08(E)(2)).

- Report the officer's failure to qualify to the Maryland Police Training and Standards Commission (MPTSC).
- Require the officer to surrender all department firearms.
- Withdraw the officer's authority to use or carry personally owned firearms.

306.7 FIREARMS TRAINING AND QUALIFICATIONS DE

Members will qualify with off-duty and secondary firearms at least twice a year. Training, certifications, and qualifications must be on an approved range course.

Delmar Police Department

Policy Manual

Firearms

All certification, re-qualification, and training shoots shall be administered by a POST-certified instructor. At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to their supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with their Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.8.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.8.2 INJURED ANIMALS

When an animal is injured in a traffic accident, the member shall notify the appropriate local organization to give such injured animal medical care (Md. Code TR § 20-106).

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.8.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Delmar Police Department

Policy Manual

Firearms

Warning shots shall not be used.

306.9 ADMINISTRATIVE COMMANDER DUTIES

The range will be under the exclusive control of the Administrative Commander. All members attending will follow the directions of the Administrative Commander. The Administrative Commander will maintain a roster of all members attending the range and will submit the roster to the Administrative Commander after each range date. Failure of any member to sign in and out with the Administrative Commander may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Administrative Commander has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Administrative Commander has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Administrative Commander.

All firearms will be inspected and cleaned by the Administrative Commander according to the established schedule or as directed by the Administrative Commander.

The Administrative Commander has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Administrative Commander shall complete documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Administrative Commander should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records.

The Administrative Commander shall report firearm qualification scores for each firearm the officer is authorized to use or carry to the Chief of Police by January 15 of the calendar year immediately following firearms qualification. The Chief of Police shall submit the report to the MPTSC by January 31 (COMAR 12.04.02.08(D)).

306.10 FLYING WHILE ARMED

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

Delmar Police Department

Policy Manual

Firearms

- (b) Officers must carry their Delmar Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. - (c) The Delmar Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Delmar Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.11 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry their Delmar Police Department identification card whenever carrying such firearm.
- (b) The officer may not be the subject of any current disciplinary action.

Delmar Police Department

Policy Manual

Firearms

- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base, or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

307.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's emergency signal to stop.

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with, and operating emergency lighting and sirens, as required by law (Md. Code TR § 21-106).

Delmar Police Department

Policy Manual

Vehicle Pursuits

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (21 Del. C. § 4106:

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle (Md. Code TR § 21-904).

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime constitutes a violent felony and its relationship to community safety.
 - 1. The Supreme Court has acknowledged that felony vehicle flight constitutes a "violent felony" under the federal Armed Career Criminals Act. It shall be the policy of the Delmar Police Department (MD/DE) that where there is no known violent felony associated with a vehicle attempting to elude, officers are not justified in initiating or continuing a pursuit.
- (b) Pursuits will not be initiated for traffic offenses, misdemeanors or misdemeanor property crimes.
- (c) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (d) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (e) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and police communication officer/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (f) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (g) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.

Delmar Police Department

Policy Manual

Vehicle Pursuits

- (i) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (j) Vehicle speeds.
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (l) The availability of other resources, such as air support assistance.
- (m) The pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.

Delmar Police Department

Policy Manual

Vehicle Pursuits

- (g) When the identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable (Md. Code TR § 11-118).

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

307.4.2 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer should notify the police communication officer, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.

Delmar Police Department

Policy Manual

Vehicle Pursuits

- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Unless relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

307.4.3 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the police communication officer of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing officer is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.

Delmar Police Department

Policy Manual

Vehicle Pursuits

- (c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
 - 3. Request other officers to observe exits available to the suspect.
- (d) Notify the Maryland State Police, Delaware State Police and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

307.5.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.5.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

307.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.

Delmar Police Department

Policy Manual

Vehicle Pursuits

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately notifying involved officers and the police communication officer of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources are requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Shift Supervisor is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Delmar Police Department officers when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.6.1 SHIFT SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Supervisor shall review all pertinent reports for content and forward them to the Division Commander.

Delmar Police Department

Policy Manual

Vehicle Pursuits

307.7 DISPATCH

If the pursuit is confined within the Town limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or police communication officer. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the police communication officer is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Delmar Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

Delmar Police Department

Policy Manual

Vehicle Pursuits

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Delmar Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Supervisor or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by officers of this department will conclude at the Town limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

Vehicle Pursuits

307.10 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.10.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept is prohibited
- (b) The use of the Pursuit Intervention technique (PIT) is prohibited.
- (c) Officers shall not intentionally ram, bump, or collide with a fleeing vehicle nor shall officers pull alongside such vehicles in an attempt to force them off the road or into an obstacle.
- (d) Boxing-in is prohibited. Attempting to stop a vehicle or force a vehicle from the roadway by driving alongside or in front of a fleeing vehicle places officers at a distinct tactical disadvantage should the driver or passenger intend to use deadly force against an officer. Additionally, a boxed-in vehicle increases the chances of a cross-fire situation for officers.
- (e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment, and in a manner that:
 - 1. Should reasonably only affect the pursued vehicle.
 - 2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.

Delmar Police Department

Policy Manual

Vehicle Pursuits

3. Has considered the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
 4. Has considered whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) The intentional placement of roadblocks in the direct path of a pursued vehicle is prohibited.

307.10.4 TIRE DEFLATION DEVICES (STOP STICKS) PROCEDURES FOR USE

- (a) The Stop Stick is considered an application of force and is covered by guidelines for use of force.
- (b) The Stop Stick will only be used on vehicles with four or more tires. The Stop Stick will only be used on two or three wheeled vehicles when the application of deadly force is justified.
- (c) Officers must successfully complete the Delmar Police Department's Stop Stick training before being issued, carrying or deploying the device.
- (d) All Stop Stick deployment must be approved by a supervisor. Supervisors may authorize deployment of the Stop Stick for any pursuit. The decision to deploy the Stop Stick should be based on:
 1. The need to end the pursuit and/or capture the violator(s);
 2. The feasibility of deploying the device successfully;
 3. Overall officer safety;
 4. Any extenuating circumstances involved in the pursuit or deployment of the device.
- (e) A supervisor may approve deployment of the Stop Stick to assist another agency. Procedures set forth in this policy will be followed in all cases of deployment.

DEPLOYMENT

- (a) Before deploying the Stop Stick, the deploying officer will notify Communications, when feasible, of the intended location and specific lanes of travel targeted for deployment.
- (b) Communications will then broadcast this information to units and agencies involved in the pursuit.
- (c) Officers should deploy the Stop Stick in a safe manner without jeopardizing the safety of the officers deploying them, bystanders and innocent motorists.
- (d) Officers should make efforts to avoid collateral damage to citizen's property that could result from the target vehicle's impact with the Stop Stick.
- (e) The following considerations should be taken into account when deploying the Stop Stick:

Delmar Police Department

Policy Manual

Vehicle Pursuits

1. Select a location with minimal anticipated and actual pedestrian/bystander presence.
2. Position officers and bystanders in a safe location away from the point of impact and potential flying debris.
3. Evacuate the roadway of pedestrians beyond the deployment site as far as the target vehicle can reasonably be expected to travel.
4. Officers other than those operating the primary and secondary apprehension vehicles will be responsible for deployment of the Stop Stick and should deploy the devices in the roadway ahead of the target vehicle they are attempting to stop.
5. Officers should recognize the danger posed by the violator vehicle attempting to avoid the device. Officers should be prepared to get out of the way of the violator vehicle if the vehicle attempts to avoid the device or makes other erratic maneuvers.
6. Position the Stop Stick to minimize the ability of the target vehicle to avoid or evade the device.
7. Deploy the Stop Stick as a single unit or in combination of two or more sets depending on the width of the roadway to be covered and available time to deploy them.
8. Assisting officers should prevent traffic from entering the target roadway, when possible, and redirect civilian traffic on the target roadway, away from the deployment area.
9. Supervisors should proceed to the area of intended deployment as soon as possible; however, a supervisor is not required to be on scene at the time of the deployment.
10. Deploying officers should remove the Stop Stick from the roadway when no further need for deployment exists and it is safe to do so.

DOCUMENTATION

- (a) Officers will document the use of the Stop Stick in their Incident Report and/or Supplemental Report. The officer actually deploying the Stop Stick must complete a "Stop Stick Pursuit Reporting Form", which is required by the manufacturer. The original Stop Stick Pursuit Reporting Form shall be turned into the Patrol Commander and a copy submitted along with the Incident Report. The Patrol Commander will electronically submit a Stop Stick Pursuit Reporting Form directly to the manufacturer upon review of the Pursuit Reporting Form submitted by the deploying officer. The electronic Stop Stick Pursuit Reporting Form may be found at the following address: <https://stopstick.com/deployment-report/>
- (b) Photographs will be taken of the scene to include:
 1. Stop Stick placement location and evidence, if any, of vehicle approach and/or evasion of the device (tire marks, skid marks, damage to vegetation, etc.);

Delmar Police Department

Policy Manual

Vehicle Pursuits

2. Target vehicle's final resting place;
3. Property damage (if any);
4. Injuries (if any);
5. The damaged Stop Stick removed from the nylon sleeve.

STOP STICK REPLACEMENT

- (a) Officers will turn in a completed Stop Stick Pursuit Reporting Form and damaged Stop Stick to the Patrol Commander. The Patrol Commander will:
 1. Issue new STOP STICK to the officer.
 2. Complete and submit an electronic STOP STICK Pursuit Reporting Form to the manufacturer.
 3. Render the used STOP STICK unusable and dispose of it in a safe manner.
- (b) Officers issued a replacement Stop Stick will properly load them into the nylon sleeve for deployment before the end of their shift.

307.11 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.12 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing officer shall complete appropriate crime/arrest reports.
- (b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of the pursuit.
 2. Initial reason and circumstances surrounding the pursuit.

Delmar Police Department

Policy Manual

Vehicle Pursuits

3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved vehicles and officers.
 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 7. Arrestee information, if applicable.
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at the scene or who handled the incident.
 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
- (e) Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.13 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

Foot Pursuits

308.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

308.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

308.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Delmar Police Department

Policy Manual

Foot Pursuits

- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

308.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the police communication officer or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

Delmar Police Department

Policy Manual

Foot Pursuits

- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

308.5 RESPONSIBILITIES IN FOOT PURSUITS

308.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel.
- (b) Call sign identifier.
- (c) Reason for the foot pursuit, such as the crime classification.
- (d) Number of suspects and description, to include name if known.
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon.

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the police communication officer of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

Delmar Police Department

Policy Manual

Foot Pursuits

308.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

308.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

308.5.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the police communication officer is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

308.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.

Delmar Police Department

Policy Manual

Foot Pursuits

1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 - (g) Arrestee information, if applicable.
 - (h) Any injuries and/or medical treatment.
 - (i) Any property or equipment damage.
 - (j) Name of the supervisor at the scene or who handled the incident.
 - (k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

309.2 POLICY

It is the policy of this department to appropriately respond to emergency and nonemergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

309.3 RESPONSE TO CALLS

Officers responding to nonemergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

309.3.1 EMERGENCY CALLS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and/or siren as required by law (21 Del. C. § 4106).

Officers should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to (Md. Code TR § 21-106):

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
- (c) When immediate assistance is requested by an officer or other law enforcement agency.

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the police communication officer.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.3.2 RESPONSE CODES

Calls for service are classified as Code 1, Code 2 or Code 3 depending on circumstances. Code 3 calls are authorized by the dispatcher, a field supervisor, or the patrol officer, subject to the considerations discussed below. Code 4 is an officer discretion status code. The codes are defined as follows:

- (a) Code 1 responses are utilized for any situation regardless of apparent urgency where the preservation of life is not a consideration. Units responding to Code 1 calls shall respond directly to the location without unnecessary delay, complying with all traffic regulations and shall not use emergency warning devices.

Delmar Police Department

Policy Manual

Officer Response to Calls

- (b) Code 2 responses are utilized for any situation which presents a strong possibility for personal injury or substantial property loss if police intervention does not arrive soon or to provide additional manpower necessary to contain a deteriorating or dangerous situation. Units responding to Code 2 calls require the utilization of emergency warning lights (overhead emergency lights, grill lights, headlight flashers). The siren or horn shall be utilized to warn pedestrian or vehicular traffic where there is congestion or the possibility exists the lighting equipment has not been seen.
- (c) Code 3 responses are authorized for any emergency where the information provided gives rise to a reasonable belief that a human life is clearly in danger and that authorizing a Code 3 response will in a material way help prevent or curtail that danger. Primary and support units responding to Code 3 calls shall proceed rapidly to the location of the emergency by the most direct means, using all emergency warning devices (lights and siren) at all times the vehicle is in Code 3 response condition with a paramount consideration for the safety of the public and the assigned officers
 - 1. The use of emergency lighting equipment and siren helps to facilitate the movement of a police vehicle assigned to an emergency call. However, these warning signals do not immobilize pedestrians, force vehicles to the side of the road or erect barriers to stop vehicular traffic at intersections. Visual and audible warning devices are effective only when it is properly used and the officer recognizes its capabilities and limitations.
 - 2. Code 3 responses are prohibited during inclement weather or where hazardous road conditions are present such as the accumulation of snow, ice, wet pavement or poor visibility. Code three responses are prohibited in school zones when students are present or where student transportation (personal vehicle or bus) is present.

309.4 REQUESTING EMERGENCY ASSISTANCE

When, in the opinion of the officer, an emergency is imminent or exists, or that activation of emergency warning devices is necessary to protect life or render the necessary enforcement, the department authorizes an emergency response.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency
- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the police communication officer.

Delmar Police Department

Policy Manual

Officer Response to Calls

309.5 USES OF EMERGENCY WARNING DEVICES IN NON EMERGENCIES

- (a) Officers shall activate emergency equipment to notify drivers that they must stop and to provide a safe environment for the driver, officer, and the public.
- (b) Officers may activate emergency equipment in non-emergencies when expediency is required to eliminate a potential hazard to the public or other officers, such as using emergency lights to protect disabled motorists or when department vehicles are used as protective barriers.

309.6 SAFETY CONSIDERATIONS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law (Md. Code TR § 21-106(c)).

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (Md. Code TR § 21-106(b)):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing direction of movement or turning in specified directions.
- Park or stand without regard to parking restrictions.

309.6.1 NUMBER OF OFFICERS ASSIGNED

Only the number of officers that are reasonably necessary should be assigned to respond to an emergency call or request for assistance.

An emergency response involving more than one police vehicle should be coordinated by Dispatch to avoid any unanticipated intersecting of response routes. The police communication officer shall notify the Shift Supervisor or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

309.6.2 MOTORCYCLES

An officer operating a police motorcycle should not be assigned to an emergency response. However, an officer operating a police motorcycle in an emergency response should be replaced by an authorized emergency vehicle equipped with emergency lights and siren as soon as practicable.

309.7 EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Officers in such vehicles may provide support to pursuing vehicles as long

Delmar Police Department

Policy Manual

Officer Response to Calls

as the vehicles are operated in compliance with all traffic laws. Those officers should terminate their involvement in any emergency response immediately upon arrival of a sufficient number of emergency law enforcement vehicles.

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly. The officer shall notify the Shift Supervisor, field supervisor or the police communication officer of the equipment failure so that another officer may be assigned to the emergency response.

309.8 OFFICER RESPONSIBILITIES

The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the police communication officer. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the police communication officer of his/her determination. Any subsequent change in the appropriate response level should be communicated to the police communication officer by the officer in charge of the scene unless a supervisor assumes this responsibility.

309.9 DISPATCH

When information reasonably indicates that the public is threatened with serious injury or death or an officer requests emergency assistance and immediate law enforcement response is needed, the police communication officer shall assign an emergency response and ensure acknowledgement and response of handling and assisting officers. In all other circumstances, the police communication officer shall obtain authorization from the Shift Supervisor or a field supervisor prior to assigning an emergency response.

309.9.1 RESPONSIBILITIES

Upon notification or assignment of an emergency response, the police communication officer is responsible for:

- (a) Confirming the location from which the officer is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting officers to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.

Delmar Police Department

Policy Manual

Officer Response to Calls

- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Shift Supervisor as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Shift Supervisor or field supervisor.

309.10 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Shift Supervisor or the field supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those officers reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor or the field supervisor should consider the following:

- The type of call or crime involved
- The type and circumstances of the request
- The necessity of a timely response
- Weather, traffic and road conditions
- The location of the responding officers and the location of the incident

Canines

310.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders. (1 Del. Admin. Code 802-3.0)

310.2 POLICY

It is the policy of the Delmar Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

310.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Shift Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Supervisor.

310.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and is directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
- (i) Ensuring that instructors and supervisors for canine trainers meet the requirements of state law (1 Del. Admin. Code 802-3.0)

Delmar Police Department

Policy Manual

Canines

310.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Shift Supervisor.

310.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Supervisor and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

310.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

310.5.3 AFTER HOURS SERVICE

- (a) Handlers who receive a request for service after the handler's normal working hours shall adhere to the following procedures unless otherwise instructed by the Canine Coordinator or Command Staff of the Delmar Police Department.
 - 1. If an outside Department officer contacts the handler directly, it will be the responsibility of the handler to discuss the situation with the Canine Coordinator who will in return call the Patrol Commander.
 - 2. The Canine Coordinator will okay the call out first through the Patrol Commander.
 - 3. The handler will respond to the scene and perform the service.
 - 4. If the handler feels that the after hours response is not appropriate, the handler shall so inform the Canine Coordinator.
 - 5. If the handler advises the Canine Coordinator that the after-hours response is inappropriate and the Canine Coordinator continues to request a response, the handler shall respond as requested.

Delmar Police Department

Policy Manual

Canines

6. If the handler determines that the task to be performed as described by the Canine Coordinator is inappropriate, the Canine Coordinator shall be advised to contact the Patrol Commander to discuss the issues involved.

310.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

310.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.

Delmar Police Department

Policy Manual

Canines

- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

310.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

310.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first

Delmar Police Department

tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

The canine coordinator shall complete the Maryland Animal-Bite Report and Rabies Quarantine Agreement Form and make it available to the local health officer within 24 hours (COMAR 10.06.02.05).

310.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

310.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

310.7.2 CONTROLLED DANGEROUS SUBSTANCE DETECTION

A canine trained in the detection of controlled dangerous substances (CDS) may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for CDS during a search warrant service.
- (c) Obtaining a search warrant by using the CDS-detection trained canine in support of probable cause.

A CDS-detection trained canine will not be used to search a person for CDS unless the canine is trained to passively indicate the presence of CDS.

Delmar Police Department

Policy Manual

Canines

When a Canine is used in the detection of controlled dangerous substances, the following guidelines should be adhered to:

- (a) Canine CDS Search Teams must be deployed with tact and all scans and searches conducted in a lawful and prudent manner based on probable cause. Each handler must remember that the detention of a vehicle and occupants must be reasonable and each stop will be judged on its own merits.
- (b) Whenever a canine CDS Search Team intends to scan a vehicle for drugs, the stopping officer will request a driver's license, vehicle registration, rental agreement, etc. During initial contact with the vehicle operator the officer will be observant for contraband or other indications of criminal activity.
- (c) The occupants will then be informed about the canine search techniques and informed to be directed to a safe area from the vehicle and will be observed by a backup unit, or by the stopping officer as traffic paperwork and checks are being completed. The officer will then scan the vehicle exterior utilizing the canine. If the dog alerts, the interior of the vehicle may then be searched by the canine. Every vehicle scan or search will be officially reported using the appropriate Department canine usage report.
- (d) Whenever there is insufficient probable cause to search and the Canine Handler is uncertain of the sufficiency of his probable cause to search a vehicle, consent will be requested to search a vehicle. Consent will be requested from the driver or owner of the vehicle using the Delmar Police Department's Consent to Search and Seizure form. If consent is not given then the officer will have to determine if a search and seizure warrant should be obtained. If not then the officer will allow the vehicle to move on.
- (e) Generally, all criminal arrests will result from lawful traffic stops or other citizen contact. The team members will view the total circumstances surrounding all citizen contact of an enforcement nature. Each violator will be quickly scrutinized, recognizing both the limitations of the officer's authority and the constitutional rights of all persons. The detention of any citizen must be reasonable and each contact will be judged on its own merit.
- (f) During citizen contact, officers will be observant for contraband or other indications of criminal activity or involvement. Asking routine questions and observing the citizen reaction will provide vital clues to possible ongoing criminal activity.

310.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).

Delmar Police Department

Policy Manual

Canines

- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

310.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (d) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (e) When off-duty, the canine shall be in a kennel provided by the Town at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (f) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.

Delmar Police Department

Policy Manual

Canines

- (g) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Supervisor.
- (h) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.
- (i) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

310.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

310.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding between the handler and the Town (29 USC § 207).

310.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

310.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards, standards established by POST (1 Del. Admin. Code 802-3.0) or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of CDS and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

Delmar Police Department

Policy Manual

Canines

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

310.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined with the Delmar Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

310.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

310.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file (1 Del. Admin. Code 802.3.0).

Records should document training, qualification, and re-evaluation activities, including the performance and proficiency of the officer handler, patrol team, and specialty team during the activities. Training course schedules, curricula, and lesson plans shall be maintained along with individual training records (1 Del. Admin. Code 802.3.0).

310.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled dangerous substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Delmar Police Department may work with outside trainers with the applicable licenses or permits.

310.12.5 CONTROLLED DANGEROUS SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled dangerous substances for the purpose of CDS-detection canine training in compliance with state

and federal laws and in compliance with applicable state requirements (21 USC § 823(g)), (16 Del. C. § 4701; 16 Del. C. § 4733).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled dangerous substances seized by the Delmar Police Department to be possessed by the member or a CDS-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled dangerous substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request CDS-detection training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled dangerous substances.

310.12.6 CONTROLLED DANGEROUS SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled dangerous substances and the ever-present danger of the canine's accidental ingestion of these controlled dangerous substances, the following procedures shall be strictly followed:

- (a) All controlled dangerous substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled dangerous substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled dangerous substances and shall keep records regarding any loss of, or damage to, those controlled dangerous substances.
- (d) All controlled dangerous substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled dangerous substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the vault of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled dangerous substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled dangerous substance training samples shall be returned to the Property and Evidence or to the dispensing agency.
- (h) All controlled dangerous substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

310.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41).

The officer who is handling the explosives shall have a special blasters license issued by the State or local fire marshal (16 Del. C. § 7106).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

310.13 LICENSING

Canines and their handlers shall be licensed with the Maryland State Police prior to being used for law enforcement operations. The handler ID card should be carried by the handler whenever the canine is performing any law enforcement-related function. The canine ID tag shall be attached to the canine's collar and kept on the licensed canine at all times, except when the canine is confined in a kennel or is under the personal charge of the licensed handler. Any change in a canine's handler requires notification to the Maryland State Police (Md. Code PS § 2-313).

Missing ID cards and ID tags shall be replaced as soon as practicable.

Domestic Violence

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of the Delmar Police Department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence (Md. Code FL § 4-514).

311.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse - Includes, but is not limited to, conduct that causes physical injury or emotional distress, a sexual offense (as defined by 11 Del. C. § 761), conduct that causes financial dependence, or any other conduct which a reasonable person would consider threatening or harmful (10 Del. C. § 1041).

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence MD - Abuse occurring between current or former spouses or cohabitants, persons who have a child in common, or persons currently or formerly involved in a dating relationship (Md. Code FL § 4-701(c)).

- (c) Persons living together and who consider themselves to be a couple
- (d) Persons living separately but who have a child together
- (e) Persons in a current or former substantive dating relationship considering the length, type, and frequency of interaction of the relationship

311.2 POLICY

The Delmar Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

311.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede

Delmar Police Department

Policy Manual

Domestic Violence

the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

311.4 INVESTIGATIONS

The following guidelines shall be followed by officers when investigating domestic violence cases to protect the victim from harm (Md. Code FL § 4-502(a)(2)):

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries shall be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the detective in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize and remove any firearms upon a consent search or in plain view if appropriate and legally permitted. The officer shall provide information to the owner on the process of retaking possession of the firearm. The Department shall then provide safe storage during the pendency of any domestic violence proceeding (Md. Code FL § 4-511).
- (i) When completing an incident or arrest report for violation of a court order, officers shall include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers shall take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.

Delmar Police Department

Policy Manual

Domestic Violence

2. Claims by the suspect that the victim provoked or perpetuated the violence or abuse.
3. The potential financial or child custody consequences of arrest.
4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the violence or abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

311.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

311.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness assistance).
- (b) Document the resolution in a report.

311.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected.

- (a) Victims shall be provided with the department domestic violence information handout, even if the incident may not rise to the level of a crime (Md. Code FL § 4-503).
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.

Delmar Police Department

Policy Manual

Domestic Violence

- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers shall accompany the person to the family home and stand by while personal clothing and effects are removed (Md. Code FL § 4-502(a)(2)(ii)).
- (d) If the victim has sustained injury or complains of pain, officers shall seek medical assistance for the victim as soon as practicable.
- (e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a safety concern or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an interim protective order.
- (h) Use the substitute address if the victim is registered in the state Address Confidentiality Program (Md. Code SG § 7-302).
- (i) Prepare a Lethality Assessment Form and advise victim accordingly.

311.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Police Communication Officers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that police communication officers check whether any of the involved persons are subject to the terms of a court order.

311.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state (10 Del. C. § 1049C; 10 Del. C. § 1049I). An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state (Md. Code FL § 4-508.1(b)).

311.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

Delmar Police Department

Policy Manual

Domestic Violence

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

311.8.1 COURT-ORDERED SURRENDERED FIREARMS

If a respondent surrenders a firearm to the Department under a temporary or final court order, the officer shall provide the respondent information on the process for retaking possession of the firearm. The officer shall transport and store the firearm in a protective case, if one is available, and in a manner intended to prevent damage to the firearm during the time the protective order is in effect (Md. Code FL § 4-506.1).

If a defendant in a criminal case who is ordered to surrender firearms pursuant to Md. Code CP § 6-234 transfers a firearm to the Department, the officer receiving the firearm shall issue the person transferring the firearm a written proof of transfer containing:

- (a) The name of the person transferring the firearm.
- (b) The date the firearm was transferred.
- (c) The serial number (or identifying marks if the firearm was manufactured before 1968), make, and model of the firearm.
- (d) Any other information required by state or federal law.

The receiving officer should keep a copy of the written proof of transfer and should make appropriate entries in any required logs. The Chief of Police may develop additional procedures pertaining to the storage and disposal of any surrendered firearms.

311.9 STANDARDS FOR ARRESTS MD

Officers investigating a domestic violence report:

- (a) May arrest a person without a warrant if the report to law enforcement was made within 48 hours of the alleged incident and the officer has probable cause to believe that (Md. Code CP § 2-204):

Code FL § 4-508.1(c)):
 - 1. Has filed a copy of the order with the District Court or circuit court for the jurisdiction in which the person seeks assistance.
 - 2. Displays or presents to the officer a copy of the order that appears valid on its face.

311.9.1 MUTUAL BATTERY

If an officer has probable cause to believe that mutual battery occurred and arrest is necessary, the officer shall consider whether one of the persons acted in self-defense to determine who was the primary aggressor (Md. Code CP § 2-204(b)).

311.10 STANDARDS FOR ARRESTS DE

C. § 1046; 10 Del. C. § 1049I).

Search and Seizure

312.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Delmar Police Department personnel to consider when dealing with search and seizure issues.

312.2 POLICY

It is the policy of the Delmar Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate

312.3 SEARCHES

The United States Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Delmar Police Department

Policy Manual

Search and Seizure

312.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) Whenever practicable, a search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.
- (f) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

312.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Delmar Police Department

Policy Manual

Child Abuse

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

313.7 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the local department of social services. Generally, the decision to remove a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child (16 Del. C. § 907). Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the local department of social services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Md. Code CJ § 3-8A-14; Md. Code CJ § 3-814):

- (a) Pursuant to an order of the court.
- (b) By an officer with probable cause to believe that the child is in immediate danger from the child's surroundings and that the child's removal is necessary for the child's protection.

Anytime an officer takes a child into custody, notifications should be made as provided in the Temporary Custody of Juveniles Policy.

313.7.1 SAFE HAVEN LAW MD

A mother, or a person with the permission of the mother, may relinquish an unharmed newborn within 60 days after birth to an officer when the mother expresses an interest in abandoning the child. As soon as possible, the officer shall take the newborn to a designated facility (Md. Code CJ § 5-641).

313.8 PROTECTIVE CUSTODY REQUIREMENTS DE

When an officer takes a child into temporary protective custody, the officer shall (16 Del. C. § 907):

- (a) Notify DFS as soon as reasonably possible and make a reasonable attempt to advise the parents, guardians, or others legally responsible for the child's care.
- (b) The notification shall include the identity of the child and the facts and circumstances which gave reasonable cause to believe there was imminent danger of serious physical harm or threat to the life of the child.

Delmar Police Department

Policy Manual

Child Abuse

A child in temporary protective custody shall be held in non-secure custody and the custody shall not exceed four hours.

313.8.1 SAFE ARMS FOR BABIES DE

The Delmar Police Department (DE) serves as a designated safe haven for purposes of the safe surrender of babies relinquished under the terms of the Safe Arms for Babies program. A member may accept custody of a baby reasonably believed to be not more than 14 days old when it appears that the baby is unharmed (16 Del. C. § 907A).

The member should immediately notify the Shift Supervisor, who should ensure that the Delaware State Police is notified pursuant to the requirements of 16 Del. C. § 907A.

Members involved in the voluntary surrender of a baby should (16 Del. C. § 907A):

- (a) Perform any act necessary to protect the physical health or safety of the baby.
- (b) Request Emergency Medical Services (EMS) to immediately transfer the baby to a hospital or provide such transportation if EMS is not reasonably available.
- (c) Make reasonable efforts to directly obtain pertinent medical history information about the baby and the baby's family.
- (d) Attempt to provide the person surrendering the baby with the following:
 - 1. Information about the Safe Arms for Babies program, including the handout provided by the Department of Health and Social Services.
 - 2. Brochures with contact information for public and private agencies that provide counseling and adoption services.
 - 3. The baby's identification bracelet number, to aid in linking the person with the baby at a later date.
- (e) Ask the relinquishing individual or the parent, if present, to voluntarily provide information about any prenatal care and the name of the other parent and fill out a medical/genetic form for the relinquished baby.
- (f) Members should not ask the person surrendering the baby to provide any information pertaining to the person's identity. A person's identity should be kept confidential if it is learned or known (16 Del. C. § 907A).
- (g) The Administration Division Commander is responsible for making available the required handouts and an identification number system as set forth in 16 Del. C. § 907A.

313.9 INTERVIEWS

313.9.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained

Delmar Police Department

Policy Manual

Child Abuse

313.9.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

313.10 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

An examination and emergency medical treatment may be provided for a child without parental consent if an officer states a belief that the child has been abused or neglected (COMAR 07.02.07.07(f)(3)).

313.11 DRUG-ENDANGERED CHILDREN

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Delmar Police Department members as required by law.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

314.3 MANDATORY NOTIFICATION MD

Members of the Delmar Police Department shall notify the local Adult Protective Services (APS) when there is reason to believe that an adult who lacks the physical or mental capacity to provide for his/her own daily needs has been subjected to abuse, neglect, self-neglect or exploitation (Md. Code FL § 14-302(a)).

314.3.1 NOTIFICATION PROCEDURE

Notification shall occur as follows (Md. Code FL § 14-302):

314.4 MANDATORY NOTIFICATION DE

Members of the Delmar Police Department (DE) shall notify Adult Protective Services (APS) when there is reasonable cause to believe an impaired or incapacitated adult (18 years old or older) is living in conditions that present a substantial risk of serious harm to the adult. This includes situations where the adult has an insufficient food supply, inadequate shelter or has experienced physical or emotional abuse or is threatened with physical or emotional abuse (31 Del. C. § 3902; 31 Del. C. § 3910).

For purposes of notification, impaired means the adult has a physical or mental disability that substantially impairs a person's ability to adequately provide for their own care. Incapacitated means the adult has been appointed a guardian (31 Del. C. § 3902).

314.5 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

314.7 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation (Md. Code FL § 14-307).

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS (Md. Code ET § 13-709(a)).

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

Protective custody of an adult abuse victim may only occur when (31 Del. C. § 3907):

- (a) The officer has probable cause to believe that the adult will suffer immediate and irreparable physical injury or death if not immediately placed in a health care facility or emergency shelter and the adult is incapable of giving consent.
 - 1. The officer may have the adult transported to the appropriate medical facility or transport the adult to an emergency shelter, where appropriate.
 - 2. The officer shall immediately or at the beginning of the next working day, notify APS of the placement and circumstances which necessitated it and any other relevant information.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order

 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

314.9 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. The supervisor should consider other government agencies or services that may obtain a court order for such an examination.

314.10 DRUG-ENDANGERED VICTIMS

Discriminatory Harassment

315.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

315.2 POLICY

The Delmar Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

315.3 DEFINITIONS

Definitions related to this policy include:

315.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment (19 Del. C. § 711).

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Delmar Police Department

Policy Manual

Discriminatory Harassment

315.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

315.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature (19 Del. C. § 711A) when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

315.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and the Maryland Commission on Civil Rights guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with Town or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

315.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Representative, or the Town Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, subjected to retaliation, or who has observed harassment, discrimination, or retaliation,

Delmar Police Department

Policy Manual

Discriminatory Harassment

is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

315.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Representative, or the Town Manager for further information, direction, or clarification.

315.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

- (b) No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.
- (c) Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
- (d) The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Information Technology Use

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

321.1.1 DEFINITIONS

Temporary file, permanent file, or file - Any electronic document, information, or data residing or located, in whole or in part, on the system including but not limited to spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs, or videos.

321.2 POLICY

It is the policy of the Delmar Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

321.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The Department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network, or any information placed into storage on any department system or device. This includes records of all keystrokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.

Delmar Police Department

Policy Manual

Information Technology Use

Although the Department may not require access to a member's personal accounts, it may require a member to disclose a username, password, or other means for accessing non-personal accounts or services that provide access to department computer or information systems (Md. Code LE § 3-712(b)).

The Department can require a member to reveal the password to their private social media account if it is necessary in the course of an internal or criminal investigation (19 Del. C. § 709A).

321.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Shift Supervisors.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

321.4.1 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes, in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software on any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as a part of the automated maintenance or update process of department- or Town-approved or installed programs by the original manufacturer, producer or developer of the software. Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

321.4.2 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation, assisting in an active investigation, or who otherwise have a legitimate law enforcement or

Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information from the internet shall be limited to messages, mail, and data files.

321.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off-the-clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

321.5 PROTECTION OF SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off, and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor. Passwords for accounts that access CJI are governed by the CJIS Access, Maintenance, and Security Policy.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

Report Preparation

322.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to those members of the Department who complete investigations and reports as a part of their duties.

322.2 POLICY

Members shall not suppress, conceal, or distort the facts of any reported incident, nor shall any member make a false report orally or in writing. Generally, the reporting member's opinions should not be included in reports unless specifically identified as such.

322.4.1 HANDWRITTEN OR TYPED REPORTS

County, state and federal agency forms may be block printed unless the requirement for typing is apparent. Supervisors may require block printing or typing of reports of any nature for department consistency.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting member will be required by the reviewing supervisor to promptly make corrections and resubmit the report.

In general, the narrative portion of reports where an arrest is made or when there is a long narrative should be typed or dictated. Members who dictate reports shall use appropriate grammar, as the content is not the responsibility of the typist.

Members who generate reports on computers are subject to all requirements of this policy.

323.2 POLICY

It is the policy of the Delmar Police Department to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

323.3 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Shift Supervisors and designated Public Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and applicable laws regarding confidentiality.

323.4 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or the presence of the media would unreasonably endanger any individual or prejudice the rights of any person or is otherwise prohibited by law.

Delmar Police Department

Policy Manual

Media Relations

Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities as required by law.

Access by the media is subject to the following conditions:

- (b) Media representatives should be prevented from interfering and may be removed for interfering with emergency operations and criminal investigations.
 - 1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.
- (c) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express written consent of the person in custody.
- (d) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved member.

323.6.1 CRITICAL OPERATIONS

A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

323.6.2 TEMPORARY FLIGHT RESTRICTIONS

Any requests for copies of related reports or additional information not contained in the information log (see the Information Log section in this policy), including the identity of officers involved in shootings or other critical incidents, shall be referred to the PIO, the Custodian of Records, or if unavailable, the Shift Supervisor. Such requests will be processed in accordance with the provisions of the Maryland Public Information Act or the Delaware Freedom of Information Act (see the Records Maintenance and Release Policy).

323.8 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents or requests for public assistance in solving crimes or identifying suspects. 325.2 POLICY

It is the policy of the Delmar Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

325.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Supervisor's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

325.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Delmar Police Department shall notify his/her supervisor or the Shift Supervisor and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

325.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Delmar Police Department

Policy Manual

Registered Offender Information

326.1 PURPOSE AND SCOPE

- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the registering law enforcement agency and the Maryland State Sex Offender Unit or the Delaware State Bureau of Identification (SBI).

The Administrative Commander should also establish a procedure to routinely disseminate information regarding registered offenders to Delmar Police Department members, including timely updates regarding new or relocated registrants.

326.4 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Maryland Department of Public Safety and Correctional Services Sex Offender Registry or Delaware State Public Sex Offender Registry.

The Administrative Commander shall release local registered offender information to residents in accordance with Md. Code CP § 11-716 or 11 Del. C. § 4120 and 11 Del. C. § 4121 and in compliance with a Maryland or Delaware Public Information Act request.

Delmar Police Department

Policy Manual

Registered Offender Information

326.4.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws. It does not include juvenile registrants whose information is confidential and only accessible to law enforcement (Md. Code CP § 11-704.1(c)).
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

326.5 INTERNAL DISSEMINATION OF INFORMATION MD

As soon as possible but not later than 3 working days after receiving notice of registration or change in registration information from another local law enforcement unit, the Department shall send a copy of the notice to the commander of each precinct or district in which the offender resides, habitually lives, works or attends school (Md. Code CP § 11-709).

326.6 DISSEMINATION DE

When a sex offender has been assigned to Risk Assessment Tier II or III and is residing within the jurisdiction of the Delmar Police Department, public notifications shall be made as follows (11 Del. C. § 4121):

- (a) Tier II - The information found in searchable records must be released to the public. At the discretion of the Department, and for purposes of public safety, notice may also consist of community notification to members of the public likely to encounter a sex offender.
- (b) Tier III - The information found in searchable records as well as community notification to members of the public likely to encounter a sex offender must be released.

In addition, the Department shall ensure that notification is made to the school and the chief law enforcement officer of the jurisdiction where a Tier II or Tier III offender plans to study or work (11 Del. C. § 4121).

Death Investigation

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

328.2 POLICY

It is the policy of the Delmar Police Department to respond, document and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide and homicide, shall be initiated, investigated and properly documented.

328.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Detective Division Commander as necessary. The Shift Supervisor will make notification to command staff in accordance with the Major Incident Notification Policy.

All incidents involving a death shall be documented on the appropriate form.

328.3.2 MEDICAL EXAMINER REQUEST MD

Officers are not authorized to pronounce death unless they are also Medical Examiners, Deputy Medical Examiners, or appointed Medical Examiner investigators. The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes. State law requires that the Medical Examiner and the State's Attorney for the county where the body was found be notified and given the known facts concerning the time, place, manner, and circumstances of the death in any of the following cases (Md. Code HG § 5-308):

(a) If the death occurred:

1. By violence.
2. By suicide.
3. By casualty.
4. Suddenly, if the deceased was in apparent good health or unattended by a physician.

If a donor document is located, the Medical Examiner or his/her assistant shall be promptly notified.
- (c) The Medical Examiner, with the permission of the Department, may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased

Delmar Police Department

Policy Manual

Death Investigation

that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death.

- (d) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner or his/her assistant, the investigating officer should first obtain verbal consent from the Medical Examiner or his/her assistant when practicable.
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner or his/her assistant. The name and address of this person shall be included in the narrative of the death report.
- (f) Whenever personal effects are removed from the body of the deceased by the Medical Examiner or his/her assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

328.3.5 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The detective shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Supervisor is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

328.3.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified of all pertinent information.

328.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Medical Examiner a unique identifying number for the body. The number shall be included in any report.

328.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

Delmar Police Department

Policy Manual

Death Investigation

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of identity theft.

329.2 POLICY

It is the policy of the Delmar Police Department to effectively investigate cases of identity theft.

329.3 ACCEPTANCE OF REPORTS

A report should be taken any time a person residing within the jurisdiction of the Delmar Police Department reports that he/she has been a victim of identity theft. This includes:

- (a) Taking a report even if the location of the crime is outside the jurisdiction of this department or has not been determined.
- (b) Providing the victim with department information, as set forth in the Victim and Witness Assistance Policy and encourage the individual to review the material, and assist with any questions.

A report should also be taken if a person living outside the department jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in Delmar to facilitate the crime).

329.4 FOLLOW-UP INVESTIGATION

Members of this department presented with the crime of identity theft shall prepare and file a report and provide a copy to the person making the report when (Md. Code CR § 8-304):

- (a) The person resides in any part of the county.
- (b) The crime occurred in any part of the county.

A member investigating a case of identity theft should ensure that each case is referred to the appropriate agency if it is determined that this department should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction for investigation. The investigating member should also ensure that appropriate entries are made into related databases that have been authorized for department use.

329.5 IDENTITY THEFT PASSPORT

Upon request by a person who is the victim of identity theft, Records Section staff shall submit an application for an identity theft passport and a copy of the person's identity theft report to the Attorney General (Md. Code CR § 8-305(c)).

An application for an identity theft passport and any supporting documents are not public records and may not be released except to another law enforcement agency.

Delmar Police Department

Policy Manual

Identity Theft

329.5.1 ACCEPTANCE OF IDENTITY THEFT PASSPORT

Officers have discretion whether to accept or reject an identity theft passport that an individual presents to help prevent his/her arrest or detention when another person has committed an offense and used the individual's personal identifying information. In determining whether to accept or reject an identity theft passport presented to this department, the officer may consider the surrounding circumstances and available information regarding the offense of identity fraud against the person (Md. Code CR § 8-305(f)).

Private Person's Arrest

330.1 PURPOSE AND SCOPE

This policy provides guidance for the handling and acceptance of a private person's arrest.

330.2 POLICY

It is the policy of the Delmar Police Department to accept a private person's arrest only when legal and appropriate.

330.3 ARRESTS BY PRIVATE PERSON MD

A private person may arrest another under the following circumstances:

- (a) An arrest without a warrant varies based on the nature of the crime.
- (b) If the crime is a felony, a private person can make an arrest if:
 - 1. A felony is being committed in the private person's presence.
 - 2. A felony has in fact been committed and the private person making the arrest has probable cause to believe the individual arrested has committed the felony, whether or not in the private person's presence.
- (c) If the crime is a misdemeanor, a private person can make an arrest if the misdemeanor amounts to a breach of the peace and is committed in the private person's presence or view.

330.4 ARRESTS BY PRIVATE PERSON DE

A private person may arrest another under the following circumstances:

- (a) For offenses committed in the person's presence which amount to breaches of the peace or threats of such breaches.
- (b) Pursuant to the Uniform Criminal Extradition Act, when there is probable cause that the person has been charged with a felony in any state (11 Del. C. § 2514).

330.5 OFFICER RESPONSIBILITIES

An officer confronted with a person claiming to have made a private person's arrest should determine whether or not such an arrest would be lawful.

If the officer determines that the private person's arrest is unlawful, the officer should:

- (a) Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.
- (b) Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.
- (c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a private person's arrest is justified, the officer may take the individual into custody and proceed in the same manner as with any other arrest.

Delmar Police Department

Policy Manual

Private Person's Arrest

If the person was arrested pursuant to the Uniform Criminal Extradition Act, then the officer shall ensure he/she is taken before a court as soon as practicable (11 Del. C. § 2514).

330.6 PRIVATE PERSON'S ARREST FORM

The arresting person should be asked to complete and sign a private person's arrest form. If the person fails or refuses to do so, the arrested individual should be released, unless the officer has a lawful reason, independent of the private person's arrest, to take the individual into custody and determines an arrest is appropriate.

Limited English Proficiency Services

331.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

331.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Delmar Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

331.2 POLICY

It is the policy of the Delmar Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members (see generally Md. Code SG § 10-1101 et seq.).

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

331.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP coordinator. The coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

Delmar Police Department

Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Delmar Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by this department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of this department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

331.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:

Delmar Police Department

Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of this department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

331.5 TYPES OF LEP ASSISTANCE AVAILABLE

Delmar Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

331.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

331.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

331.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Delmar Police Department

Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other Town departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

331.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

331.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other Town departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Delmar Police Department

Policy Manual

Limited English Proficiency Services

331.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

331.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or when other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

331.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Delmar Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

331.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Delmar Police Department

Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

331.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

331.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Delmar Police Department

Policy Manual

Limited English Proficiency Services

331.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

331.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

331.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

331.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

331.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Delmar Police Department

Policy Manual

Limited English Proficiency Services

The Administrative Commander shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Administrative Commander shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with the established records retention schedule.

331.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Administrative Commander shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Biological Samples

332.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation, including voluntary samples. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

332.2 POLICY

The Delmar Police Department will assist in the expeditious collection of required biological samples from arrestees during booking in accordance with the laws of this state and with as little reliance on force as practicable (COMAR 29.05.01.04(B)).

332.3 ARRESTEES AND OFFENDERS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

A biological sample shall be collected from an individual who is charged with a crime of violence or an attempt to commit a crime of violence, or burglary or an attempt to commit burglary (Md. Code PS § 2-504(a)(3)).

An individual convicted of a felony or a violation of Md. Code CR § 6-205 or Md. Code CR § 6-206 shall have a biological sample collected at the time of sentence, or on intake to a correctional facility, or as a condition of probation (Md. Code PS § 2-504(a)(1)). These samples are generally collected by correctional staff.

332.4 PROCEDURE

At the time of collection of the biological sample, the Department must notify the individual that the biological record may be expunged and the biological sample destroyed in accordance with Md. Code PS § 2-511 (Md. Code PS § 2-504(a)(3)(ii)).

When an arrestee or offender is required to provide a biological sample, a designated and trained member shall obtain the sample in accordance with this policy (Md. Code PS § 2-504(c)).

A second biological sample shall be taken if needed to obtain sufficient biological data for the statewide DNA data base system or if ordered by a court (Md. Code PS § 2-504(e)).

332.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify the identity of the arrestee or offender and that the individual is required to provide a sample pursuant to state law (COMAR 29.05.01.04(K)).
- (b) Verify that a biological sample has not been previously collected from the arrestee or offender by querying the statewide DNA database. There is no need to obtain a biological sample if one has been previously obtained (COMAR 29.05.01.04(B)(4)).

Delmar Police Department

Policy Manual

Biological Samples

- (c) Use the designated collection kit to perform the collection, following directions and taking steps to avoid cross contamination (COMAR 29.05.01.04(J)).

332.5 USE OF FORCE TO OBTAIN SAMPLES

If an arrestee or offender refuses to cooperate with the sample collection process, members should attempt to identify the reason for refusal and seek voluntary compliance. Reasonable force may be used in the collection of samples as authorized by court order or approval of legal counsel and only with the approval of a supervisor (COMAR 29.05.01.04(C)).

Methods to consider when seeking voluntary compliance include contacting:

- (a) The individual's parole or probation officer, when applicable.
- (b) The prosecuting attorney to seek additional charges against the individual for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the individual's next court appearance.
- (d) The individual's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where the individual can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use reasonable force and be present to document the process.

332.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all persons participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the established records retention schedule.

332.6 LEGAL MANDATES AND RELEVANT LAWS

Immediately after a biological sample is obtained it shall be placed in the kit provided, sealed, and within 24 hours, transported or mailed to the Forensic Sciences Division of the Department of State Police Crime Laboratory (COMAR 29.05.01.04(M)).

Possession of, or access to, individually identifiable biological information contained in the statewide DNA data base system or statewide DNA repository is confidential and may not be willfully disclosed in any manner to a person or agency not entitled to receive the information.

A member may not, without authorization, willfully obtain individually identifiable biological information from the statewide DNA data base system or statewide DNA repository (Md. Code PS § 2-512).

If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Public Safety Video Surveillance System

334.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio video systems, covert audio video systems or any other image capturing devices used by the Department.

334.2 POLICY

The Delmar Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the Town to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist Town officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

334.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

334.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected Town divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high value or high threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.
- (d) To assist in identifying, apprehending and prosecuting offenders.

Delmar Police Department

Policy Manual

Public Safety Video Surveillance System

- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Shift Supervisor or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

334.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

334.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition, and other video-based analytical systems may be considered based upon availability and the nature of department strategy. Use of facial recognition is governed by Md. Code CP § 2-501 et seq.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and shall evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems, and video enhancement or other analytical technology, requires additional safeguards.

334.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

334.4.1 VIDEO LOG

A log should be maintained at all locations where video surveillance equipment is located. The log should be used to document all persons not assigned to the monitoring locations who have

Delmar Police Department

Policy Manual

Public Safety Video Surveillance System

been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

- (a) Date and time access was given.
- (b) Name and agency of the person being given access to the images.
- (c) Name of person authorizing access.
- (d) Identifiable portion of images viewed.

334.4.2 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

334.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule (Md. Code SG § 10-610; COMAR 14.18.02.04).

334.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

334.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Delmar Police Department.

Delmar Police Department

Policy Manual

Public Safety Video Surveillance System

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Shift Supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

334.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

334.8 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

335.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

335.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Delmar Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

335.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should consider reasonable alternatives to arresting a parent, guardian or caregiver in the presence of his/her child or dependent adult.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

335.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Delmar Police Department

Policy Manual

Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when an existing court order limits contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify child protective services or the adult protective services through the local Departments of Social Services or the Department of Services for Children or Youth and Family Services (DFS), if appropriate.
- (e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

335.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to arrange for the care of any child or dependent adult through this process, or circumstances prevent them from making such arrangements (e.g., their behavior prevents reasonable accommodations for making necessary calls), a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Delmar Police Department

Policy Manual

Child and Dependent Adult Safety

335.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

335.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis response telephone number, the appropriate referral information may be provided.

335.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service agency to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

335.5 TRAINING

The Administrative Commander is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

336.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)). This includes other animals as allowed by state law that are individually trained to do work or perform tasks for the benefit of an individual with a disability (Md. Code HS § 7-701).

336.2 POLICY

It is the policy of the Delmar Police Department to provide equal access to services, programs, and activities of the Department to persons with service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

336.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Delmar Police Department affords to all members of the public (28 CFR 35.136; 6 De.. C. § 4504).

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.

Service Animals

- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

336.4 INQUIRIES REGARDING SERVICE ANIMALS

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about their disabilities nor should members ask any individual to provide any license, certification, or identification card for the service animal.

Delaware law provides trainers and support animals under their care the same protections provided to persons with disabilities and their service animal. (6 Del. C. § 4504)

336.5 CONTACT WITH SERVICE ANIMALS

Service animals are not pets. Department members should not interfere with a service animal by talking to, petting, or otherwise initiating contact.

336.6 REMOVAL OF SERVICE ANIMALS

If a service animal is not housebroken, exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a department supervisor may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136 (b); 28 CFR 35.139).

Each incident must be considered individually, and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse access to services, programs, and activities to an individual with a disability. Members are expected to provide all services, programs, and activities that are reasonably available to an individual with a disability, with or without a service animal.

Policy Manual

Service Animals

336.7 COMPLAINTS

When handling calls of a complaint regarding a service animal, members should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302; 6 Del. C. § 4504).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

337.4.1 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity, nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested department members to the volunteer coordinator through the requester's immediate supervisor. A complete description of the volunteer's duties and a requested time frame should be included in the request. All department members should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The volunteer coordinator may withhold assignment of any volunteer until such time as the requestor is prepared to make effective use of volunteer resources.

337.4.2 SELECTION

Volunteer candidates shall successfully complete the following process prior to appointment as a volunteer:

Volunteers will be issued Delmar Police Department identification cards and must be carried at all times while on-duty. The identification card will be the standard Delmar Police Department identification card, with the exception that "Volunteer," will be indicated on the cards.

337.6 PERSONNEL WORKING AS VOLUNTEERS

Qualified regular department personnel, when authorized, may also serve as volunteers. However, this department shall not utilize the services of volunteers in such a way that it would violate employment laws, collective bargaining agreements or memorandums of understanding (e.g., a detention officer participating as a volunteer for reduced or no pay). Therefore, the volunteer coordinator should consult with the Town's Human Resource Representative prior to allowing regular department personnel to serve in a volunteer capacity (29 CFR 553.30).

337.7 VOLUNTEER COORDINATOR

The Chief of Police shall delegate certain responsibilities to a volunteer coordinator. The coordinator shall be appointed by and directly responsible to the Administration Division Commander or the authorized designee.

The volunteer coordinator shall serve as the liaison between the volunteers and the Chief of Police. The function of the coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist efforts to jointly provide more productive volunteer services. Under the general direction of the Chief of Police or the authorized designee, volunteers shall report to the volunteer coordinator and/or Shift Supervisor.

The volunteer coordinator may appoint a senior volunteer or other designee to assist in the coordination of volunteers and their activities.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All volunteers will be assigned to duties by the volunteer coordinator or the authorized designee.

337.8.1 COMPLIANCE

Volunteers shall be required to adhere to all department policies and procedures. A copy of the policies and procedures will be made available to each volunteer upon appointment. The volunteer shall become thoroughly familiar with these policies.

Whenever a rule, regulation or guideline in this Policy Manual refers to regular department personnel, it shall also apply to a volunteer, unless by its nature it is inapplicable.

Volunteers are required by this department to meet department-approved training requirements as applicable to their assignments.

337.8.2 VOLUNTEER MEETINGS

All volunteers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the volunteer coordinator.

337.9 TASK-SPECIFIC TRAINING

Task-specific training is intended to provide the required instruction and practice for volunteers to properly and safely perform their assigned duties. A volunteer's training should correspond to his/her assignment as determined by the volunteer coordinator.

Volunteers will be provided with an orientation program to acquaint them with the policies of the Department and law enforcement procedures applicable to their assignments.

Delmar Police Department

Policy Manual

Volunteers

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete the required tasks, and should receive ongoing training as deemed appropriate by their supervisors or the volunteer coordinator.

Training should reinforce to volunteers that they shall not intentionally represent themselves as, or by omission infer that they are officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

337.9.1 VOLUNTEER TRAINING MATERIALS

Each new volunteer will be issued volunteer training materials. The materials outline the subject matter and skills necessary to properly function as a volunteer with the Delmar Police Department. The volunteer shall become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.

337.10 SUPERVISION

Each volunteer must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the volunteer's assigned duties. The following are some considerations that supervisors should keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to members on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give volunteers an assignment or task that will tap these valuable resources.

A volunteer may be assigned as a supervisor of other volunteers, provided that the supervising volunteer is under the direct supervision of Delmar Police Department personnel.

337.10.1 EVALUATIONS

While in training, volunteers should be continuously evaluated using standardized daily and weekly observation reports. A volunteer will be considered a trainee until he/she has satisfactorily completed training. Volunteers who have completed their training should be evaluated annually using performance dimensions applicable to the duties and authorities granted to that volunteer.

337.10.2 FITNESS FOR DUTY

No volunteer shall report for work or be at work when his/her judgment or physical condition has been impaired due to illness or injury, or by the use of alcohol or drugs, whether legal or illegal.

Volunteers shall report to their supervisors any change in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

337.11 INFORMATION ACCESS

With appropriate security clearance, a volunteer may have access to or be in the vicinity of criminal histories, investigative files or information portals. Unless otherwise directed by a supervisor, the duties of the position or department policy, all such information shall be considered confidential. Only that information specifically identified and approved by authorized members shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

A volunteer whose assignment requires the use of, or access to, confidential information will be required to have his/her fingerprints submitted to the Maryland and Delaware Criminal Justice Information System (CJIS/DELJIS) to obtain clearance. Volunteers working this type of assignment will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information verbally, in writing or by any other means by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to newspapers or other periodicals, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

337.11.1 RADIO AND MDT USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the police radio or MDT and shall comply with all related provisions. The volunteer coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

337.13 DISCIPLINARY PROCEDURES/TERMINATION

If a volunteer has a personnel complaint made against him/her or becomes involved in an internal investigation, the matter shall be investigated in compliance with the Personnel Complaints Policy.

Delmar Police Department

Volunteers are considered at-will and may be removed from service at the discretion of the Chief of Police, with or without cause. Volunteers shall have no property interest in their continued appointments. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice and a reason for their decision.

337.13.1 EXIT INTERVIEWS

The volunteer coordinator should conduct exit interviews, where possible. These interviews should ascertain why the volunteer is leaving the position and should solicit the volunteer's suggestions on improving the position. When appropriate, an exit interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

338.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

338.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

Funerary objects - Objects that, as part of the death rite or ceremony of a Native American culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains. Funerary objects are either associated funerary objects or unassociated funerary objects.

This includes objects that were made exclusively for burial purposes or to contain human remains, regardless of the physical location or existence of any related human remains.

Unassociated funerary objects are any other funerary objects that are identified by a preponderance of the evidence such as:

- Related to human remains but the remains were not removed, or the location of the remains is unknown.
- Related to specific individuals or families.

338.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.5).

Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.7).

338.5 DISPOSITION OF REMAINS

This department shall cooperate with other government agencies, the Maryland Commission on Indian Affairs, the Advisory Committee on Archeology, the Burial Sites and Objects Review Committee and the Maryland Historical Trust to accomplish the appropriate disposition of Native American human remains (COMAR 34.04.06.01 et seq.).

338.6 DELAWARE PROTECTION OF REMAINS

Unmarked human remains and skeletal remains found anywhere in Delaware, excluding Federal land, are protected by law which also requires the dignified and respectful reinternment of Native American remains (7 Del. C. § 5401 et. al.).

Off-Duty Law Enforcement Actions

339.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for officers of the Delmar Police Department with respect to taking law enforcement action while off-duty.

339.2 POLICY

It is the policy of the Delmar Police Department that officers generally should not initiate law enforcement action while off-duty. Officers are not expected to place themselves in unreasonable peril and should first consider reporting and monitoring the activity. However, any officer who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage or loss may take reasonable action to minimize or eliminate the threat.

339.3 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. Officers should consider waiting for on-duty uniformed peace officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening. However, should an officer decide to intervene, he/she must evaluate whether the action is necessary or desirable, and should take into consideration:

- (a) The potential to be misidentified by other peace officers.
- (b) The potential to be misidentified by members of the public, who may be armed or who may take action.
- (c) The tactical disadvantage of being alone and the possibility of multiple or hidden suspects.
- (d) Limited off-duty firearms capabilities and ammunition.
- (e) The inability to communicate with responding peace officers.
- (f) The lack of equipment, such as body armor, handcuffs or control devices.
- (g) Unfamiliarity with the surroundings, including escape routes.
- (h) The potential for increased risk to bystanders by confronting a suspect or taking action.

339.3.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. If possible, the police communication officer receiving the call should obtain a description of the off-duty officer from the caller and broadcast that information to responding officers.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an officer with the Delmar Police Department until acknowledged. Official identification should also be displayed when possible.

Delmar Police Department

Policy Manual

Off-Duty Law Enforcement Actions

339.4 CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she is working in an undercover capacity.

339.4.1 CIVILIAN RESPONSIBILITIES

Civilian members should not become involved in any law enforcement action while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

339.4.2 INCIDENTS OF PERSONAL INTEREST

Department members should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances members should call the responsible agency to handle the matter.

339.5 REPORTING

If prior notification to the appropriate local law enforcement agency is not reasonably possible before taking action, the officer shall notify the agency as soon as reasonably practicable. Officers shall cooperate fully with the agency having jurisdiction by providing statements or reports as requested or as appropriate.

Officers shall notify the Shift Supervisor regarding any law enforcement action taken while off-duty. The Shift Supervisor may send a supervisor to the location. The supervisor may request assistance from the Patrol Commander, if deemed appropriate.

The Shift Supervisor shall determine whether a criminal or administrative report should be completed by the involved officer.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

- (g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

The goal of any modification should be to allow a person with a disability to participate in a service, program, or activity the same as a person who does not have a disability.

Upon receiving a request for a modification, members should make reasonable efforts to accommodate the request based on the preference of the person with the disability. Members should not ask about the nature and extent of a person's disability but should limit questions to elicit information necessary to determine the need for a modification and the appropriate type of modification.

If the requested modification or an alternative modification can reasonably be made at the time of the request, the member should make the modification. A member who is unable to accommodate a request or unsure about whether a request should be accommodated should contact a supervisor.

The supervisor should review and approve the request, if practicable and appropriate. Otherwise, the supervisor should document the requesting person's contact information and the modification being requested and forward the request to the ADA coordinator for processing as soon as reasonably practicable.

344.4.1 DENIAL OF A REQUEST

Delmar Police Department

Policy Manual

ADA Compliance

- (b) If any of these circumstances are present, the ADA coordinator should work with department members and the person requesting the modification to determine if an alternative modification is available.
- (c) Where new construction or physical modification of an existing building or facility would be unfeasible or unduly burdensome, the ADA coordinator should work with department members to determine whether alternative modifications are available. Alternative methods that should be considered include (28 CFR 35.150):
1. Reassigning services, programs, or activities to accessible buildings or facilities.
 2. Utilizing technology, equipment, rolling stock, or other conveyances.

 4. Any other means or methods that would make services, programs, or activities readily accessible.

344.4.2 PERSONAL DEVICES AND ASSISTANCE

The individual's preferred communication method should be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method may be effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

Delmar Police Department

Policy Manual

ADA Compliance

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever modification reasonably appears effective under the circumstances. This may include exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter. Once the emergency has ended, the method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

344.5.1 TYPES OF ASSISTANCE AVAILABLE

Department members shall not refuse an available type of assistive device, auxiliary aid, or service to a person with a disability who is requesting assistance. The Department will not require persons with disabilities to furnish their own assistive device, auxiliary aid, or service as a condition for receiving access to department services, programs, and activities. The Department will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of assistive devices, auxiliary aids, and services (28 CFR 35.160).

The Department will not require that persons with disabilities use department-provided assistive devices, auxiliary aids, and services. Department-provided assistive devices, auxiliary aids, and services may include but are not limited to the means described in this policy.

The qualified interpreter should not be a person with an interest in the matter. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a legal proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time.
- (b) Experienced in providing interpretation services related to law enforcement matters in the person's primary language.
- (c) Familiar with the use of text- and video-based communications products and systems.

Delmar Police Department

Policy Manual

ADA Compliance

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity or when it is reasonably apparent that an interpreter is needed. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Persons with disabilities shall not be required to provide an interpreter (28 CFR 35.160).

344.5.4 TELECOMMUNICATION SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., during booking or attorney contacts), members must also provide those with communication-related disabilities the opportunity to place calls using an available TTY, TDD, or other voice, text, or video-based communications product or system. Members shall provide additional time, as needed, for effective communication due to the slower nature of assisted communications.

The Department will accept all TDD and computer modem calls placed by individuals with communications-related disabilities and received via a telecommunications relay service (28 CFR 35.162).

344.5.5 COMMUNITY VOLUNTEERS

Where qualified interpreters are unavailable to assist members, department-approved community volunteers who have demonstrated competence in communication services, such as ASL or SEE, may be called upon to provide interpreter services when appropriate. However, department members must carefully consider the nature of the interaction and the relationship between the individual with the disability and the volunteer to be reasonably satisfied that the volunteer can provide neutral and unbiased assistance.

344.5.6 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the interaction and relationship between the individual with the disability and the person offering services must be carefully considered to determine whether the family member or friend can provide neutral and unbiased assistance.

Except in an emergency involving an imminent threat to the safety or welfare of any person and no qualified interpreter is reasonably available, members shall not use a minor child as an interpreter (28 CFR 35.160).

344.5.7 FIELD ENFORCEMENT CONSIDERATIONS

Due to the unpredictable and varied nature of field enforcement, the Department recognizes that it is impracticable to provide immediate access to a comprehensive supply of assistive devices, auxiliary aids, and services to every member of this department. Members involved in interactions with persons with disabilities that occur in the field should assess each situation to determine if communication assistance is necessary. The length, complexity, and importance of the communication, as well as the individual's preferred method of communication, should be

Delmar Police Department

Policy Manual

ADA Compliance

considered when determining what, if any, resources should be used and whether a qualified interpreter or other service is needed.

344.6 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals with disabilities are protected during a custodial interrogation, this department will provide reasonable modifications before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that the individual understands the process and desires to proceed without receiving a modification. *Miranda* warnings should be provided to a suspect via the individual's preferred method of communication.

Interrogations should be recorded whenever reasonably practicable. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

344.7 ARREST

If an individual with a communication-related disability is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter as soon as reasonably practicable, unless the individual indicates a preference for a different assistive device, auxiliary aid, or service, or the officer reasonably determines another effective method of communication exists under the circumstances.

Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

344.8 WEBSITE ACCESS

The ADA coordinator should work with the appropriate parties to develop online content that is readily accessible to persons with disabilities. Department web content should be developed in conformance with the most current guidelines issued by the U.S. Department of Justice and federal regulations (28 CFR 35 Subpart H; 28 CFR 35.200).

Department website content should also be made available to persons with disabilities in an alternative format upon request, if reasonably practicable.

344.9 DOCUMENTATION

Whenever any modification has been provided, the member involved should document:

- (a) The type of modification, assistive device, auxiliary aid, or service provided.
- (b) Whether the individual elected to use an assistive device, auxiliary aid, or service provided by the Department or another identified source, as applicable.
- (c) Whether the individual's express preference for the modification was not honored and the reason why an alternative method was used.

The documentation and any written communications exchanged should be maintained consistent with the Records Maintenance and Release Policy.

Delmar Police Department

Policy Manual

ADA Compliance

All written communications exchanged in a criminal case shall be attached to the member's report or placed into evidence.

344.10 COMPLAINTS

A member who receives a complaint or becomes aware of potential disability discrimination, an ADA violation, or a person's inability to access the department's programs, services, or activities should document the complaint and promptly refer the matter to the ADA coordinator (28 CFR 35.107). The Department shall assist persons with disabilities who require assistance to file a complaint regarding members of this department. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

344.11 TRAINING

Members should receive periodic training on ADA compliance, to include:

- (a) Awareness and understanding of this policy, related procedures, forms, and available resources.
- (b) Procedures for handling requests for modifications.
- (c) Accessing assistive devices, auxiliary aids, and services needed to accommodate requests for modifications.
- (d) General requirements of the ADA, including modifying policies and practices, communicating with individuals with disabilities, and identifying alternate ways to provide access to programs, services, and activities as appropriate to the member's job duties.

Management staff, even if they do not interact regularly with individuals with disabilities, should receive training as appropriate to understand and reinforce this policy.

The Administrative Commander should maintain records of all training provided and retain a copy in each member's training file in accordance with the established records retention schedule.

344.11.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of department assistive devices, auxiliary aids, and services for communicating with individuals with communication-related disabilities. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing calls using TTY, TDD, or other voice, text, and video-based communications products and systems.
- (d) Hands-on experience in using TTY, TDD, or other voice, text, and video-based communications products and systems.

Training should be provided for all Dispatch members who may have contact with individuals from the public who have communication-related disabilities. Refresher training should be provided as appropriate.

Chapter 4 - Patrol Operations

Patrol

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY

The Delmar Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION

Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Delmar. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community, and respond to emergencies.

Patrol services include but are not limited to:

- (a) Responding to emergency calls for service.
- (b) Apprehending criminal offenders.
- (c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
- (d) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions.
- (e) Responding to reports of both criminal and non-criminal acts.
- (f) Responding to routine calls for service, such as public assistance or public safety.
- (g) Traffic direction and control.
- (h) Crime prevention activities, such as residential inspections, business inspections, and community presentations.

- (j) The application of resources to specific problems or situations within the community that may be improved or resolved by community-oriented policing and problem-solving strategies.
- (k) Conducting or referring wellness checks as required by Md. Code PS § 3-531 (see the Medical Aid and Response Policy for additional guidance).

400.4 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws.

400.5 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including, but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations, and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety concerns.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Delmar Police Department's commitment to policing that is fair and objective (Md. Code TR § 25-113).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes towards certain groups).

401.2 POLICY

The Delmar Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.3.1 OTHER PROHIBITIONS

The Delmar Police Department prohibits the illegal use of an individual or group's attire, appearance or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest or search a person or vehicle (Md. Code PS § 3-207).

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Delmar Police Department

Policy Manual

Bias-Based Policing

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Officers shall not use an individual's race or ethnicity as the sole justification to initiate a traffic stop. However, this does not alter the authority of an officer to make an arrest, conduct a search or seizure, or otherwise fulfill the officer's law enforcement obligations (Md. Code TR § 25-113).

Each time an officer makes a traffic stop, the officer shall report any information as required in the Safety Equipment Repair Orders (SERO), Traffic and Parking Citations Policy (Md. Code TR § 25-113).

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and their supervisor in a timely manner.
 - 1. Supervisors should document these discussions in the prescribed manner.
- (b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, body-worn camera (BWC) media, Mobile Data Terminal (MDT) data, and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 ADMINISTRATION

The Patrol Division Commander should review the efforts of the Department to provide fair and objective policing, including traffic stop data, and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any

Delmar Police Department

Policy Manual

Bias-Based Policing

identifying information about any specific complaint, member of the public or officer. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service (Md. Code TR § 25-113).

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

The Patrol Division Commander shall also review the annual report generated by the Maryland Statistical Analysis Center analyzing the information submitted by this and other law enforcement agencies (Md. Code TR § 25-113).

401.7 COMPLAINTS

- (a) The department shall publish "How to Make a Complaint" pamphlets and make them available at Town Hall and the Department and as a downloadable document on the Town and Departments website. The department's complaint process and its bias based profiling policy will be posted on the website. If deemed necessary by the Chief of Police, the media may be used to inform the public of the department's policy and complaint process.
- (b) Complaints alleging incidents of bias based profiling will be fully investigated as described under Policy 1010, Personnel Complaints.
- (c) Complainants will be notified of the results of the investigations when such investigation is completed.

401.8 TRAINING

Training on fair and objective policing and review of this policy shall be conducted annually and include:

- (a) Explicit and implicit biases.
- (b) Avoiding improper profiling.

401.8.1 ADDITIONAL STATE REQUIREMENTS

Officers shall complete implicit bias testing and training approved by the Maryland Police Training and Standards Commission upon hiring and annually (Md. Code PS § 3-207).

Briefing

402.1 PURPOSE AND SCOPE

This policy discusses the activity of briefing and includes the tasks that should be accomplished during this short period.

402.2 POLICY

Briefing is intended to facilitate the accurate flow of information in order to enhance coordination of activities, improve performance and safety, and outline the expected actions of members.

402.3 BRIEFING

All divisions and specialized units will conduct regular briefing to discuss, disseminate and exchange information among department members, work groups and other organizations. A supervisor generally will conduct briefing. However, the supervisor may delegate this responsibility to a subordinate member in his/her absence or for training purposes.

Briefing should include, but not be limited to:

- (a) Providing members with information regarding daily activities, with particular attention given to changes in the status of the following:
 - 1. Wanted persons.
 - 2. Crime patterns.

402.4 PREPARATION OF MATERIALS

The member conducting briefing is responsible for preparation of the materials necessary for a constructive briefing.

Delmar Police Department

Policy Manual

Briefing

402.5 TRAINING

Briefing training should incorporate short segments on a variety of subjects or topics and may include:

- (a) Review and discussion of new or updated policies.
- (b) Presentation and discussion of the proper application of existing policy to routine daily activities.
- (c) Presentation and discussion of the proper application of existing policy to unusual activities.
- (d) Review of recent incidents for training purposes.

Briefing training materials and a curriculum or summary shall be forwarded to the Administrative Commander for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Delmar Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, it shall be maintained until the officer is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat.

Delmar Police Department

Policy Manual

Crime and Disaster Scene Integrity

Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any member of this department is authorized to enforce lawful quarantine orders, rules, regulations and other orders adopted by the Department of Health and Social Services (16 Del. C. § 127).

Ride-Alongs

404.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for a ride-along with members of the Delmar Police Department. This policy provides the requirements, approval process, hours of operation and member responsibilities for ride-alongs.

404.2 POLICY

Ride-along opportunities will be provided to the members of the public, Town employees and members of this department to observe and experience first-hand various functions of the Delmar Police Department. The term "ride-along" includes riding as a passenger with an officer on patrol or observing the work day of members engaged in other functions within the Department such as Dispatch.

404.3 ELIGIBILITY

A ride-along is available to Delmar residents, business owners, students currently attending class in Delmar and those employed within the Town of Delmar. Efforts will be made to accommodate all interested persons. However, any applicant may be disqualified without cause from participating.

Factors that may be considered in disqualifying an applicant include, but are not limited to, the following:

- Being under 15 years of age
- Prior criminal history
- Pending criminal action
- Pending lawsuit against this department or the Town
- Denial by any supervisor

404.4 AVAILABILITY

A ride-along is available most days of the week, from 10:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police or Shift Supervisor.

404.5 REQUESTS TO PARTICIPATE

Generally, ride-along requests will be maintained and scheduled by the Shift Supervisor. The applicant will complete and sign a ride-along waiver form. If the applicant is under 18 years of age, a parent or guardian must be present to complete the waiver form. Information requested will include a valid state-issued identification card or driver's license number, birthdate, address and telephone number.

The Shift Supervisor will schedule a date, based on availability, generally one week after the date of application. If approved, a copy of the waiver form will be forwarded to the appropriate division as soon as possible for scheduling considerations.

Delmar Police Department

Policy Manual

Ride-Alongs

If the request is denied, a representative of this department will advise the applicant of the denial.

[Application for Ride-Along Form](#)

404.6 PROCEDURES

Once approved, ride-along applicants will be allowed to participate no more than once every six months. An exception may apply to the following law enforcement-involved participants:

- Explorers
- Volunteers
- Chaplains
- Delmar Police Department applicants
- Any others with approval of the Shift Supervisor

An effort will be made to ensure that no more than one member of the public will participate in a ride-along during any given time period. Normally, no more than one ride-along participant will be allowed in department vehicles at a given time.

404.6.1 OFF-DUTY PARTICIPATION

Off-duty members of this department or any other law enforcement agency, and employees of the Town, will not be permitted to participate in a ride-along with on-duty members of this department without the express consent of the Shift Supervisor.

In the event that such participation is permitted, the off-duty department member, other law enforcement agency personnel or Town employee shall not:

- (a) Be considered on-duty.
- (b) Represent him/herself as a member of this department or any other law enforcement agency.
- (c) Participate in any law enforcement activity except as emergency circumstances may require.

404.6.2 CRIMINAL HISTORY CHECK

404.6.3 SUITABLE ATTIRE

Any person approved to participate in a ride-along or is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, t-shirts, tank tops, shorts and ripped or torn pants are not permitted. Hats and ball caps will not be worn without the express consent of the Shift Supervisor. The Shift Supervisor or a supervisor may refuse a ride-along to anyone who is not dressed appropriately.

Delmar Police Department

Policy Manual

Ride-Alongs

404.7 MEMBER RESPONSIBILITIES

The assigned department member shall consider the safety of the ride-along participant at all times. The member shall maintain control over the participant and shall instruct the individual about the conditions that necessarily limit his/her participation. Instructions should include:

- (a) The participant will follow the directions of the department member.
- (b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects, reading an individual's criminal history or other protected information, or handling any police department equipment.
- (c) Participation may be terminated at any time by the department member if the participant interferes with the performance of the member's duties.
 - 1. If the participant is on a ride-along, the member may return the participant to the point the ride originated.
- (d) Participants may be allowed to continue a ride-along during the transportation and booking process, provided it does not jeopardize their safety.
- (e) Members will not allow participants to be present in any location or situation that would jeopardize the participant's safety or cause undue stress or embarrassment to a victim or any other member of the public.
- (f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the police communication officer that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high speed pursuit, and if feasible, let the participant out of the vehicle in a well-lit public place. The police communication officer will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Supervisor. The member should enter comments regarding the reasons for terminating the ride-along in the incident report.

Upon completion of the ride-along, the member shall return the waiver form to the Shift Supervisor.

404.8 DELAWARE CRIMINAL CODE

Subchapter VI.: Offenses against public administration.

Subpart D.: Offenses involving obstruction of governmental operations.

1241. Refusing to aid a police officer; Class B misdemeanor.

Delmar Police Department

Policy Manual

Ride-Alongs

1242. A person who complies with 1241 of this title by aiding a police officer upon command, to effect an arrest or prevent the commission of an offense, shall not be held liable to any person for any damages resulting there from, provided that he/she employs means which would have been employed by a reasonable man under the circumstances known to him/her at the time.(11 DEL. C. 1953, 1241; 58 DEL. Laws, C. 497, 1.)

Hazardous Material Response

405.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

405.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

405.2 POLICY

It is the policy of the Delmar Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

405.3 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

405.4 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify Dispatch, appropriate supervisors, the appropriate fire department and hazardous response units.
 - 1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective gear, being cognizant that some hazardous material can be inhaled.

Delmar Police Department

Policy Manual

Hazardous Material Response

- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 - 1. Placards or use of an emergency response guidebook.
 - 2. Driver's statements or shipping documents from the person transporting the material.
 - 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.
- (k) Notify the county Department of Emergency Services.

405.5 REPORTING EXPOSURE

Department members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Supervisor as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused by exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.

Delmar Police Department

Policy Manual

Hazardous Material Response

405.5.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

To ensure the safety of members, safety equipment is available from supervisors. Safety items not maintained by this department may be available through the appropriate fire department or emergency response team.

Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- Unlawfully held against his/her will under threat or actual use of force.

406.2 POLICY

It is the policy of the Delmar Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.

Policy Manual

Hostage and Barricade Incidents

406.3.1 EMERGENCY COMMUNICATIONS MD

Officers may intercept a wire, oral or electronic communication in order to provide evidence if a person has created a barricade situation and there is probable cause to believe a hostage may be involved (Md. Code CJ § 10-402(c)(2)).

If the Chief of Police or a supervising officer has probable cause to believe that a hostage situation is occurring or that a person is barricaded within a structure and poses an immediate threat of physical injury to others, he/she may order the telephone company to interrupt, reroute, divert or otherwise control telephone service involved in the hostage or barricade situation (Md. Code CJ § 10-413(c)).

The Chief of Police or supervising officer shall give a written or oral representation of the hostage or barricade situation to the telephone company. If an order is given on the basis of an oral representation, the oral representation shall be followed by a written confirmation within 48 hours (Md. Code CJ § 10-413(e)).

For the purposes of this section, "supervising officer" means an officer as defined in Md. Code CJ § 10-413(g).

The Chief of Police may also designate one or more officers to serve as a hostage and barricade communications specialist responsible for rerouting, diverting or otherwise controlling any telephone communications service involved in a hostage or barricade situation. A hostage and barricade communications specialist shall act only if the telephone company providing service in the area has been contacted and the telephone company (Md. CJ § 10-413(a); Md. CJ § 10-413(d)):

- (a) Declines to respond to a request for assistance because of a threat of physical injury to its employees.
- (b) Indicates that it will be unable to respond appropriately to the request within a reasonable time.

406.3.2 EMERGENCY COMMUNICATIONS DE

An officer with the rank of lieutenant or above who is supervising a hostage or barricade incident may order a communications common carrier to interrupt, reroute, divert or control any wire, oral or electronic communication provided (11 Del. C. § 2411):

- (a) There is probable cause to believe an incident involving hostage holding is occurring or a person poses an immediate threat of physical injury to others as a result of barricading him/herself within a structure.
- (b) The interruption, reroute, diversion or control of the communications service involved in the hostage or barricade situation is necessary to prevent or monitor communication by a hostage holder or barricaded person.
- (c) The supervising officer has provided the communications service a written or oral description of the situation. An oral description must be confirmed in writing within 48 hours of the order.

Delmar Police Department

Policy Manual

Hostage and Barricade Incidents

Should the communications common carrier be either unable to act within a reasonable time following the requestor declines action due to possible physical injury to its employees, a department hostage and barricade communications specialist may be ordered to act by the supervising officer.

406.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

Delmar Police Department

Policy Manual

Hostage and Barricade Incidents

- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

Delmar Police Department

Policy Manual

Hostage and Barricade Incidents

- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Special Weapons And Tactics (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized assignment members, additional department members, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the Town during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

406.6 SWAT RESPONSIBILITIES

It will be the SWAT Commander's decision, with input from the Incident Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the SWAT Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designees shall maintain direct communications at all times.

Delmar Police Department

Policy Manual

Hostage and Barricade Incidents

406.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Delmar Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

407.2 POLICY

It is the policy of the Delmar Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

407.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

407.4.1 DELMAR POLICE DEPARTMENT FACILITY

If the bomb threat is against the Delmar Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

407.4.2 OTHER MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a municipal facility within the jurisdiction of the Delmar Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

Delmar Police Department

Policy Manual

Response to Bomb Calls

407.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

407.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the Town of Delmar, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied, and if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that the Shift Supervisor can communicate with the person in charge of the threatened facility.

407.5.1 ASSISTANCE

The Shift Supervisor should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.

Delmar Police Department

Policy Manual

Response to Bomb Calls

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

407.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 1. Two-way radios
 2. Cell phones
 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor including:
 1. The time of discovery.

Delmar Police Department

Policy Manual

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

407.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens, and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

407.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Regional bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

Delmar Police Department

Policy Manual

Response to Bomb Calls

407.8 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

407.8.1 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Mental Health Evaluations

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place a person under temporary custody for an involuntary mental health hold at an appropriate facility.

408.2 POLICY

It is the policy of the Delmar Police Department to protect the public and individuals through legal and appropriate use of the mental health hold process.

408.3 AUTHORITY

An officer may take a person into temporary custody for transfer to an appropriate facility if the person has a mental disorder and the person presents a danger to the life or safety of themselves or others (Md. Code HG § 10-622).

408.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a mental health hold, he/she may inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility. If the individual so desires, the officers should (Md. Code HG § 10-609):

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a mental health hold.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the individual changes his/her mind regarding voluntary evaluation, the officers should proceed with the involuntary emergency mental evaluation, if appropriate.

408.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who qualifies for a mental health hold should personally observe the individual or his/her behavior indicating that the individual has a mental disorder and presents a danger to the life or safety of him/herself or others. The officer may also use other pertinent information, including observations and information from other credible sources, in making a determination regarding a petition for emergency evaluation (Md. Code HG § 10-622(a); Md. Code HG § 10-622(b)).

The officer who makes the decision to petition for an emergency evaluation shall complete and sign the petition, which will include all of the pertinent observations by the officer or other interested persons.

If the individual is taken into temporary custody from another person who is the petitioner for an emergency evaluation, the officer shall explain to the petitioner the meaning, content, and seriousness of the petition (Md. Code HG § 10-622(d)).

Mental health holds and placements should be preferred over arrest for individuals with mental health issues who are suspected of committing minor crimes or creating other public safety issues.

Delmar Police Department

Policy Manual

Mental Health Evaluations

408.5 TRANSPORTATION

An officer shall transport an individual with an emergency evaluation to the nearest emergency facility when the officer has a petition that (Md. Code HG § 10-624(a)(1)):

- (a) Has been endorsed by a court within the last five days.
- (b) Is signed and submitted by a physician, psychologist, clinical social worker, licensed clinical professional counselor, clinical nurse specialist in psychiatric and mental health nursing, psychiatric nurse practitioner, licensed clinical marriage and family therapist, health officer or designee of a health officer, or a peace officer.

Transport for any individual for a mental health hold shall be conducted in accordance with the Transporting Persons in Custody Policy.

Officers may transport individuals in the patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy.

408.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a mental health hold and remain present to provide clarification of the grounds for detention, upon request.

Should a physician, physician assistant, nurse practitioner, or other advanced practice professional working at an emergency facility determine that the individual transported to the facility is violent and request that an officer be present, an officer is required to remain at the facility (Md. Code HG § 10-624(a)).

The officer shall complete a Return of Service by Peace Officer Form (CC-DC 27), as appropriate, and have the facility sign the form.

408.7 DOCUMENTATION

The officer shall complete the following forms for evaluation and treatment, provide the forms to the facility staff member assigned to the individual and retain a copy for inclusion in the case report:

- Petition for Emergency Evaluation Form (CC-DC 13)
- Certification by Peace Officer Form (CC-DC 14)
- Order for Emergency Evaluation of an Arrested Individual (DC 15)
- Return of Service by Peace Officer Form (CC-DC 27)

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

The officer shall include in the narrative sections of the Petition for Emergency Evaluation and the Incident Report the facts, observations and information known to the officer, or provided by others, that the individual is suffering from a mental disorder and warrants the issuance of the Petition for Emergency Evaluation, including:

Delmar Police Department

Policy Manual

Mental Health Evaluations

- Symptoms of mental disorder
- Dangerous behavior
- History of mental disorder psychiatric hospitalization or treatment
- Statements made by the individual

408.7.1 CONFIDENTIALITY

Records relating to mental health evaluations are confidential and the contents may not be divulged, by subpoena or otherwise, except by order of the court on good cause shown or as allowed by law (Md. Code HG § 10-630).

408.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody on a mental health hold should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a mental health hold has committed a criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the mental health hold.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a mental health hold.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

The court may issue emergency evaluations for arrested individuals and, unless the court directs otherwise, an officer shall stay with the arrested individual until he/she is either admitted to an appropriate facility, or is returned to the court or an appropriate jail (Md. Code HG § 10-626(c)).

If the arrested individual does not meet the requirements for involuntary admission, the examining physician shall send a brief report of the evaluation to the court and the officer shall return the arrested individual, the court order and the report of the examining physician to the court. If the court is not in session, the officer shall take the arrested individual to an appropriate jail and, before the end of the next day that the court is in session, return the individual and the report of the examining physician to the court (Md. Code HG § 10-626(d)).

408.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a mental health hold, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon.

Delmar Police Department

Policy Manual

Mental Health Evaluations

Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

408.10 TRAINING

This department will endeavor to provide department-approved training on interaction with persons with a mental disability, mental health holds, and crisis intervention.

Emergency Detentions DE

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take an individual into custody for the purpose of an emergency detention (16 Del. C. § 5004).

409.2 POLICY

It is the policy of the Delmar Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

409.3 AUTHORITY

An officer who observes an individual with an apparent mental condition who likely poses a danger to him/herself or to others, shall promptly take the individual into custody for the purpose of an emergency detention and transport the individual to a credentialed mental health screener (16 Del. C. § 5001; 16 Del. C. § 5004).

The officer shall ensure that an Emergency Detention Form is prepared and delivered to the credentialed mental health screener (16 Del. C. § 5004).

An officer may also take a person into custody when there is a re-hospitalization order issued authorizing an officer to return an individual to a facility (16 Del. C. § 5022).

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for an emergency detention, he/she may inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility. If the person so desires, the officer should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the person changes his/her mind regarding voluntary evaluation, the officers should proceed with preparing an Emergency Detention Form, if appropriate.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who may qualify for detention for the purpose of an emergency detention should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the possible cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources that may be readily available to assist with mental health issues.

Delmar Police Department

Policy Manual

Emergency Detentions DE

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Emergency detentions should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

409.5 TRANSPORTATION

Transport for any individual to a mental health screener, psychiatric treatment facility or other appropriate facility for an emergency detention shall be conducted in accordance with the Transportation Persons in Custody Policy.

Officers may transport individuals in the patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the Emergency Detention Form and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer shall complete an Emergency Detention Form and provide it to the facility staff member assigned to the individual and retain a copy for inclusion in the case report (16 Del. C. § 5004).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody through the emergency detention process should resolve the criminal matter by issuing a warning or a summons, as appropriate.

When an individual who may qualify for an emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to jail.

Delmar Police Department

Policy Manual

Emergency Detentions DE

- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an emergency detention.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a mental health screening or an emergency detention, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody.

409.10 TRAINING

This department will endeavor to provide department-approved training on interaction with persons with a mental disability, emergency detentions, and crisis intervention.

Citation Releases

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Delmar Police Department with guidance on when to release adults who are suspected offenders on a citation/summons for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

410.2 POLICY

The Delmar Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation/summons, when authorized to do so.

410.3 RELEASE MD

An officer shall charge a suspected offender by citation as follows (Md. Code CP § 4-101(c)):

- (a) Any misdemeanor or local ordinance violation that does not carry a penalty of imprisonment.
- (b) Any other misdemeanor or local ordinance violation not involving serious injury or an immediate health risk for which the maximum penalty of imprisonment is 90 days or less.
- (c) Possession of cannabis under Md. Code CR § 5-601.

410.3.1 RELEASES FOR CRIMINAL OFFENSES DE

A suspected offender may be released on a summons for a criminal offense when (11 Del. C. § 1907; 11 Del. C. § 1908):

- (a) The individual is arrested for a misdemeanor without a warrant.
- (b) The individual is a resident of Delaware.

Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Delmar Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Delmar Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

412.2 POLICY

The Delmar Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

Delmar Police Department

Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In the case of a barricaded or trapped suspect, with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

412.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

412.5.1 SCHOOL RESPONSE PLANNING

Emergency response planning for schools should include:

Delmar Police Department

Policy Manual

Rapid Response and Deployment

- (a) Collaboration with the local school system to establish written procedures for responding to emergencies at each public school within the department's jurisdiction (Md. Code PS § 3–520).
- (b) Coordination with the local school system to provide assistance for the completion of active shooter drills (Md. Code ED § 15–123).

412.6 TRAINING

The Administrative Commander should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Delmar Police Department relating to immigration and interacting with federal immigration officials.

413.2 POLICY

It is the policy of the Delmar Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Maryland constitutions.

413.4 DETENTIONS

An officer shall not inquire about a person's citizenship, immigration status, or place of birth during a detention, a search, or an arrest unless doing so is material to a criminal investigation or intended to provide the person legal protection under the law and the person is advised any related disclosure on the person's part is voluntary (e.g., diplomatic or consular protections) (Md. Code CP § 5-104).

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Md. Code CP § 5-104).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, the officer may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Delmar Police Department

Policy Manual

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

413.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see Law Enforcement Authority Policy).

413.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

413.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

413.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials.
- (b) Maintaining such information in department records.
- (c) Exchanging such information with any other federal, state, or local government entity.

413.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

Delmar Police Department

Policy Manual

Immigration Violations

413.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the detective supervisor assigned to oversee the handling of any related case. The detective supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

413.9 NOTIFICATION TO APPLICANTS

The Administrative Commander should notify an applicant of any determination made in a certification and declaration form that may negatively impact the application. The applicant should be advised of the following (11 Del. C. § 787(n)):

- (a) The reasoning behind any such determinations
- (b) That they may make another request with any additional evidence

413.10 TRAINING

The Administrative Commander should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Utility Service Emergencies

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for addressing Town utility service emergencies. This policy will address calls for service that are directed to the Police Department.

414.2 POLICY

It is the policy of the Delmar Police Department to appropriately respond to Town emergency utility service requests received by this department.

414.3 UTILITY SERVICE EMERGENCY

A current contact list of Town personnel to be notified in the event of a utility service emergency should be available in Dispatch.

414.3.1 WATER LINES

The Town's responsibility for water lines ends at the water meter; any break or malfunction in the water system from the water meter to a residence or business is the responsibility of the customer.

If a water line break occurs on the Town side of the water meter, public works personnel should be notified as soon as practicable.

414.3.2 ELECTRICAL LINES

When an electrical power line poses a hazard, a member of this department should be dispatched to the reported location to protect against personal injury or property damage that might be caused by the power line. The fire department, electric company and/or the public works department should be promptly notified, as appropriate.

414.3.3 RESERVOIRS, PUMPS, WELLS

In the event of flooding or equipment malfunctions involving Town reservoirs, pumps or wells, the public works department should be contacted as soon as practicable.

414.3.4 NATURAL GAS LINES

All reports of a possible leak of natural gas or damage to a natural gas line shall promptly be referred to the fire department and the local entity responsible for gas lines. A member of this department should be dispatched to the reported location if it appears that assistance such as traffic control or evacuation is needed.

414.3.5 TRAFFIC SIGNALS

A member of this department should be dispatched upon report of a damaged or malfunctioning traffic signal in order to protect against personal injury or property damage that might occur as the result of the damaged or malfunctioning signal. The member will advise Dispatch of the problem with the traffic signal. The police communication officer should make the necessary notification to the appropriate traffic signal maintenance agency as soon as practicable.

Delmar Police Department

Policy Manual

Utility Service Emergencies

A decision to place a signal on flash should include a consultation with the appropriate traffic signal maintenance agency, unless exigent circumstances exist.

Crisis Intervention Incidents

415.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

415.2 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

415.3 POLICY

The Delmar Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

415.4 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Delmar Police Department

Policy Manual

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

415.5 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

415.6 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Delmar Police Department

Policy Manual

Crisis Intervention Incidents

415.6.1 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may be experiencing a mental health crisis should consider, as time and circumstances reasonably permit (Md. Code HG § 10-622(b)):

- (a) Available information that might assist in determining the cause and nature of the individual's actions or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of officers and others.

415.7 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (i.e., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

Delmar Police Department

Policy Manual

Crisis Intervention Incidents

415.8 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the police communication officer provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

415.9 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

415.10 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

Delmar Police Department

Policy Manual

Crisis Intervention Incidents

415.10.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Health Evaluations Policy or the Emergency Detentions Policy.

415.11 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian or clerical members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

415.12 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department's response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

415.13 REPORTS FROM HEALTH CARE PROVIDERS DE

The Division Commander shall establish protocols for processing and investigating written reports received from mental health providers concerning persons who may be dangerous to themselves or others as a result of a mental health issue and who may be in possession of firearms, projectile weapons, or ammunition (11 Del. C. § 1448C).

415.14 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

It is the policy of the Delmar Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

416.5.1 NOTIFICATION TO THE STATE OFFICE OF AERONAUTICS DE

An aircraft accident shall be reported to the Delaware Department of Transportation, Office of Aeronautics. The Office of Aeronautics may assist the Department with notification to federal agencies and may assist with any investigation (2 Del. C. § 133).

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., HAZMAT teams, biohazard decontamination teams, fuel recovery specialists, explosive ordinance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

416.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Air Support

418.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies situations where the use of air support may be requested and the responsibilities for making a request.

418.2 POLICY

It is the policy of the Delmar Police Department to prioritize requests for air support to enhance law enforcement objectives and provide additional safety to officers and the community.

418.3 REQUEST FOR AIR SUPPORT

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made.

418.3.1 CIRCUMSTANCES FOR REQUESTS

Law enforcement air support may be requested under conditions that include, but are not limited to:

- (a) Whenever the safety of officers or the community is in jeopardy and the presence of air support may reduce such hazard.
- (b) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to officers or the community.
- (c) When air support is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (d) Vehicle pursuits.
- (e) Pre-planned events or actions that require air support.
- (f) When air support is activated under existing mutual aid agreements.
- (g) When the Shift Supervisor or equivalent authority determines a reasonable need exists.

418.3.2 ALLIED AGENCY REQUEST

After consideration and approval of the request for air support, the Shift Supervisor or the authorized designee will call the closest agency having available air support and will apprise that agency of the specific details of the incident prompting the request.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The Delmar Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations and constitutional safeguards.

Delmar Police Department

Policy Manual

Contacts and Temporary Detentions

419.3 TEMPORARY DETENTIONS MD

At the commencement of any temporary detention, absent exigent circumstances, an officer should (Md. Code CP § 2-109):

- (a) Display identification to the temporarily detained individual.
- (b) Provide the individual with the officer's name and identification number, the name of the Department, and the reason for the contact.

419.4 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Delmar Police Department to strengthen community involvement, community awareness, and problem identification.

419.4.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.5 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk (11 Del. C. § 1903). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

Delmar Police Department

Policy Manual

Contacts and Temporary Detentions

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5.1 LIMITED SEARCH FOR WEAPONS MD

An officer may make an inquiry and conduct a limited search of a person if, in light of the officer's observations, information and experience, the officer reasonably believes that (Md. Code CR § 4-206):

- (a) A person may be wearing, carrying or transporting a handgun in violation of the law.
- (b) Because the person possesses a handgun, the person is or presently may be dangerous to the officer or to others.
- (c) Under the circumstances, it is impracticable to obtain a search warrant.
- (d) To protect the officers or others, swift measures are necessary to discover whether the person is wearing, carrying or transporting a handgun.

419.5.2 WEAPONS DE

A weapon discovered during a pat-down search may be held by the officer until the completion of any questioning or investigation. Unless the person is arrested or there is another lawful basis for retaining the weapon, it shall be returned to the person (11 Del. C. § 1903).

419.6 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.6.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

419.6.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that

Delmar Police Department

Policy Manual

Contacts and Temporary Detentions

reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.6.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI report or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.6.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.

Delmar Police Department

Policy Manual

Contacts and Temporary Detentions

1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Delmar Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The Delmar Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance

Delmar Police Department

Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Administrative Commander may not purge such documents without the approval of the designated supervisor.

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Administrative Division, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

Delmar Police Department

Policy Manual

Criminal Organizations

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Administrative Commander to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Administrative Commander should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal organizations, criminal organization members, and patterns of organized crime activity (Md. Code CR § 9-801 et seq.).
 - 1. Criminal street gangs and patterns of criminal gang activity (11 Del. C. § 616).
 - 2. Criminal youth gangs (11 Del. C. § 617).
 - 3. Criminal nuisance abatement (10 Del. C. § 7103 et seq.).
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Criminal Organizations

420.8 TRAINING

The Administrative Commander should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Supervisors

421.1 PURPOSE AND SCOPE

This policy provides guidelines for the designation of a Shift Supervisor and, as needed, an acting Shift Supervisor for each shift.

421.2 POLICY

Each shift will be directed by a Shift Supervisor capable of making decisions and managing in a manner consistent with the mission of the Delmar Police Department. To accomplish this, a Sergeant shall be designated as the Shift Supervisor for each shift.

421.3 DESIGNATION AS ACTING SHIFT SUPERVISOR

With prior authorization from the Patrol Division Commander, generally when a Sergeant is unavailable for duty as Shift Supervisor, a qualified lower-ranking member shall be designated as acting Shift Supervisor in accordance with the terms of applicable memorandums of understanding or collective bargaining agreements.

421.4 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor shall have overall responsibility and accountability for the operation of this department on an assigned shift. Duties may include, but are not limited to:

- (a) Ensuring at least one uniformed patrol supervisor is deployed during each shift, in addition to the Shift Supervisor.

- (f) Acquiring outside resources or providing assistance to other agencies, when applicable.
- (g) Handling service inquiries or complaints from the public.
- (h) Acting as the Public Information Officer when appropriate.
- (i) Managing risk exposure.
- (j) Ensuring the security of all department facilities.
- (k) Ensuring the proper equipment and vehicles are available for member use.
- (l) Representing the Department at community functions.
- (m) Serving as a temporary Division Commander when so designated.

Mobile Data Terminal Use

422.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Data Terminal (MDT) system in order to ensure proper access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch. See the CJIS Access, Maintenance, and Security Policy for additional guidance.

422.2 POLICY

Delmar Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

422.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

422.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use, Protected Information, and CJIS Access, Maintenance, and Security policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, or communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Delmar Police Department

Policy Manual

Mobile Data Terminal Use

422.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

422.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Supervisor, all calls for service assigned by a police communication officer should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be documented by a police communication officer.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

422.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls shall advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

422.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are handling a different emergency.

422.6 EQUIPMENT CONSIDERATIONS

Delmar Police Department

Policy Manual

Mobile Data Terminal Use

422.6.1 MAL-FUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall be responsibility of the police communication officer to document all information that will then be transmitted verbally over the police radio.

422.6.2 BOMB CALLS

When investigating reports of possible bombs, members should turn off their MDTs when in close proximity of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Body-Worn Cameras

423.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by members of this department and for the access, use, and retention of department BWC media (Md. Code PS § 3-511).

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to undercover operations, wiretaps, or eavesdropping (concealed listening devices).

423.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by department BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Department to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

423.2 POLICY

It is the policy of the Department to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes member safety and department accountability and transparency while also protecting the privacy of members of the public (Md. Code PS § 3-511).

A violation of this policy subjects the member to discipline (see the Personnel Complaints Policy for additional guidance) (Md. Code PS § 3-511).

423.3 RESPONSIBILITIES

Delmar Police Department

Policy Manual

Body-Worn Cameras

423.3.1 BWC COORDINATOR RESPONSIBILITIES

The Chief of Police or the authorized designee should delegate certain responsibilities to a BWC coordinator.

The responsibilities of the coordinator include:

- (a) Serving as a liaison between the Department and the BWC manufacturer/distributor and any third-party media storage vendor.
- (b) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Department and recording the date each BWC is placed into or taken out of service.
- (c) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.
 - 1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs (Md. Code PS § 3-511).
- (d) Managing BWC media systems so that:
 - 1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned department duties (Md. Code PS § 3-511).
 - 2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.
- (e) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by members.
- (f) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and department policy (Md. Code PS § 3-511).
- (g) Developing and updating BWC training for members who are assigned a BWC or given access to BWC media systems (Md. Code PS § 3-511).
- (h) Coordinating with the community relations coordinator to (see the Community Relations Policy):
 - 1. Provide the public with notice of the department's use of BWCs (e.g., posting on the department website or social media pages) (Md. Code PS § 3-511).
 - 2. Gain insight into community expectations regarding BWC use.
- (i) Coordinating with the Administrative Commander to (see the Records Section and Records Maintenance and Release policies) (Md. Code PS § 3-511):
 - 1. Determine and apply proper retention periods to BWC media.
 - 2. Develop procedures for the appropriate release of BWC media.
- (j) Coordinating with the Administrative Division to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property Policy).

Delmar Police Department

Policy Manual

Body-Worn Cameras

- (k) Establishing procedures for access, storage, and security of BWC media.
- (l) Establish procedures for quality control mechanisms for compliance purposes.
- (m) Establishing procedures for using recordings for effective prosecution of offenses and for resolving allegations of police misconduct, as applicable.
- (n) Addressing any other requirements of the MPTSC model body-worn camera policy and establishing additional procedures as appropriate (Md. Code PS § 3-511).
- (o) All procedures shall be consistent with the standards outlined in the POST regulation (1 Del. Admin. Code 801-26.0)

423.3.2 MEMBER RESPONSIBILITIES

Prior to going into service, every member issued a BWC is responsible for its proper use, safekeeping, and maintenance (1 Del. Admin. Code 801-26.0). All officers who regularly interact with the public as part of their duties should use a body-worn camera in a manner consistent with department policy, procedure, and state law (Md. Code PS § 3-511).

At the beginning of each shift or period of BWC use, the member should inspect their assigned BWC to confirm it is charged and in good working order. As part of the inspection, the member should perform a function test by activating the BWC and recording a brief video stating their name, identification number, assignment, and the date and time (Md. Code PS § 3-511).

Members should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Members are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the member to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Members shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the member's BWC or as a permanent replacement (Md. Code PS § 3-511) (1 Del. Admin. Code 801-26.0).

423.4 BWC USE

The following guidelines apply to the use of BWCs:

- (a) Only department-issued BWCs should be used without the express consent of the Chief of Police or the authorized designee (Md. Code PS § 3-511).
- (b) BWCs should only be used by the member or members to whom it was issued unless otherwise authorized by a supervisor.
- (c) The use of department-issued BWCs shall be strictly limited to department-related activities.
- (d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.

Delmar Police Department

Policy Manual

Body-Worn Cameras

- (e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Chief of Police.

423.4.1 PROHIBITIONS

Unless exigent circumstances exist, BWCs shall not be used to record in the following situations (1 Del. Admin. Code 801-26.0):

- (a) Routine administrative activities of the Department that do not involve interactions with the public (Md. Code PS § 3-511). Care should be taken to avoid incidentally recording confidential documents that the Department has a duty to keep secure (i.e., criminal justice information).
- (b) Areas within the department facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.
- (c) Conversations of other members without their knowledge.
- (d) When a member is taking an authorized break or otherwise engaged in personal activities (Md. Code PS § 3-511).
- (e) In a courtroom or court facility unless responding to a call for service or emergency situation. Express permission of the local administrative judge or presiding judge may be obtained according to Md. Rule 16-208 (Md. Code PS § 3-511).
- (f) Interactions with undercover officers or confidential informants.
- (g) Strip searches.
- (h) Any privileged conversations (e.g., HIPAA, medical treatment providers and patients, counsel, union representatives).

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

423.5 ACTIVATION OF BWC

Members should activate their BWC during all calls for service and the performance of law enforcement-related functions (Md. Code PS § 3-511) (11 Del. C. § 8402 A; 1 Del. Admin. Code 801-26.0). Members are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, members should activate their BWC any time a contact with an individual becomes hostile or adversarial (Md. Code PS § 3-511).

Unless otherwise authorized by this policy or approved by a supervisor, BWCs should remain activated until the call for service or law enforcement-related function has concluded (Md. Code PS § 3-511). A member may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other similar situations.

At no time is a member expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations (1 Del. Admin. Code 801-26.0).

Delmar Police Department

Policy Manual

Body-Worn Cameras

If a member attempts to activate their BWC but the BWC fails to record an event, the member should notify their supervisor as soon as practicable.

BWCs possessing the capability should be set to automatically record and save video footage at least 60 seconds prior to activation (Md. Code PS § 3-511).

423.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, a member should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated.

Generally, members are required to first obtain the consent of all parties prior to recording. However, prior consent is not required when (Md. Code CJ § 10-402; Md. Code PS § 3-511):

- (a) The member is a party to the conversation and:
 - 1. The recording is in the course of an investigation of one of the offenses listed in Md. Code CJ § 10-402.
 - 2. The person has created a barricade situation and there is probable cause to believe a hostage may be involved.
- (b) The member has detained a vehicle during a criminal investigation or for a traffic violation and:
 - 1. The member identifies themselves as a law enforcement officer.
 - 2. The member is a party to the conversation.
 - 3. The member informs all other parties of the recording.
 - 4. The recording is made as part of a video recording.
- (c) The member is in uniform or prominently displaying a badge or other department insignia, indicating the member is a law enforcement officer, and:
 - 1. The member is a party to the communication.
 - 2. The member is engaged in regular duties as a law enforcement officer.
 - 3. All involved parties are notified that they are being recorded as soon as it is safe and practical.
 - 4. The recording is made as part of a video recording.

Members should provide notice that a recording is being made to any parties joining a conversation after the initial notice of recording has been given as soon as it is safe and practical to do so.

423.5.2 PRIVACY CONSIDERATIONS

Members should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

When responding to a place where individuals have an expectation of privacy (e.g., private residences, medical or mental health facilities, restrooms) or to a sensitive situation (e.g., individuals partially or fully unclothed), members are permitted to mute or deactivate their BWC

Delmar Police Department

Policy Manual

Body-Worn Cameras

if it reasonably appears that the privacy concern outweighs any legitimate department interest in recording the event, unless exigent circumstances exist (1 Del. Admin. Code 801-26.0). Members may also mute or deactivate their BWC when victims, witnesses, or other individuals wish to make a statement or share information, but refuse to do so while being recorded, or request that the BWC be deactivated (Md. Code PS § 3-511) (1 Del. Admin. Code 801-26.0).

Members should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Before muting or deactivating their BWC, the member should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the department's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the member should unmute or reactivate their BWC and verbally note that recording has resumed (1 Del. Admin. Code 801-26.0).

423.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by a member's BWC in real time. Only supervisors and police communication officers approved by the Chief of Police or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

- (a) For purposes of member safety when the member is not responding to their radio or there is some other indication of distress.
- (b) To assist with situational awareness or tactical decisions during a significant incident.
- (c) When requested by the member.

423.5.4 DOCUMENTATION

Members are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by a member who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable (Md. Code PS § 3-511) (1 Del. Admin. Code 801-26.0), and should document:

- (a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.
- (b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.
- (c) Any exigency or other circumstances that prevented the member from immediately activating the recording at the beginning of the event.

Delmar Police Department

Policy Manual

Body-Worn Cameras

- (d) Any period of the event in which the member deactivated or muted their BWC and the reason for such action.
- (e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.
- (f) Failure to ensure that the BWC equipment is in good working order for unusual circumstances.
- (g) The timing a recording occurred during any law enforcement related activity.

423.6 UPLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from a member's BWC should be properly uploaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be uploaded and tagged as soon as practicable upon returning to the Department.

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each member present and upload and tag the BWC media.

423.6.1 TAGGING BWC MEDIA

Members should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon uploading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

- (a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.
- (b) When a member has sustained a serious injury or a line-of-duty death has occurred.
- (c) When a firearm discharge or use of force incident has occurred.
- (d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly uploaded and tagged by their subordinates.

423.7 BWC MEDIA

All BWC media is the sole property of the Department (Md. Code PS § 3-511). Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer (Md. Code PS § 3-511). Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Department and

Delmar Police Department

Policy Manual

Body-Worn Cameras

shall not be used by the vendor for any purpose without explicit approval of the Chief of Police or the authorized designee.

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Chief of Police or the authorized designee (Md. Code PS § 3-511) (1 Del. Admin. Code 801-26.0).

BWC media systems should not be accessed using personal devices unless authorized by the Chief of Police or the authorized designee.

423.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate department-related purposes in accordance with the following guidelines:

- (a) BWC media tagged as restricted should only be accessible by those designated by the Chief of Police or the authorized designee.
- (b) Members may review their own BWC media for department-related purposes. Members should document in their report if they reviewed BWC media before completing the report. The report should also include any material discrepancies between the member's perception of the incident and the BWC media (1 Del. Admin. Code 801-26.0).
- (c) Investigators may review BWC media pertaining to their assigned cases.
- (d) A member testifying regarding a department-related event may review the pertinent BWC media before testifying.
- (e) Supervisors are permitted to access and view BWC media of their subordinates.
 - 1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
 - 2. Supervisors should conduct documented reviews of their subordinate's BWC media at least annually to evaluate the member's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
 - 3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.
- (f) The Administrative Commander is permitted to access and view BWC media for training purposes.
 - 1. The Administrative Commander should conduct a quarterly review of a random sampling of BWC media to evaluate department performance and effectiveness and to identify specific areas where additional training or changes to protocols

Delmar Police Department

Policy Manual

Body-Worn Cameras

would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.

2. The Administrative Commander may use BWC media for training purposes with the approval of the Chief of Police or the authorized designee. Prior to use for training purposes, the Administrative Commander shall edit BWC media so the identity of persons depicted in the recording cannot be determined unless consent is obtained (1 Del. Admin. Code 801-26.0).
- (g) The Administrative Commander may access BWC media when necessary to conduct department-related duties.
- (h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

423.7.2 PROHIBITED USES

BWC media should not be used (Md. Code PS § 3-511):

- (a) To identify persons present at public gatherings who are not suspected of being engaged in illegal activity or in need of assistance.
- (b) To create a database or pool of mug shots.
- (c) As fillers in photo arrays.

BWC media shall not be searched with facial or voice recognition software unless an officer has reason to believe that a specific suspect or person in need of assistance may appear in the recording.

423.7.3 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it unreasonably violates a person's privacy or sense of dignity or depicts the interior of:

- (a) A private residence.
- (b) A facility that offers health care, mental health or substance abuse treatment, or social services.
- (c) A school building.
- (d) Any other building in which public access is restricted or which implicates heightened security concerns.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy (Md. Code PS § 3-511). The Administrative Commander should review BWC media before public release.

423.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained in accordance with state records retention laws (1 Del. Admin. Code 801-26.0).

Delmar Police Department

Policy Manual

Body-Worn Cameras

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Chief of Police or the authorized designee.

423.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established department procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all other evidence, including chain of custody, accessibility, and retention periods (see the Property Policy).

423.9 TRAINING

The BWC coordinator should ensure that each member issued a BWC receives initial training before use, and periodic refresher training thereafter (1 Del. Admin. Code 801-26.0). Training should include:

- (a) Proper use of the BWC device and accessories (Md. Code PS § 3-511).
- (b) When BWC activation is required, permitted, and prohibited.
- (c) How to respond to an individual's request to stop recording.
- (d) Proper use of the BWC media systems, including uploading and tagging procedures.
- (e) Security procedures for BWC media, including appropriate access and use.
- (f) This policy and related procedures (Md. Code PS § 3-511).
- (g) Methods of providing notice that a recording is being made to persons with limited English proficiency or persons with a disability that renders them otherwise unable to understand (see the Limited English Proficiency Services and Communications with Persons with Disabilities policies) (Md. Code PS § 3-511).

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures.

Public Recording of Law Enforcement Activity

424.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

424.2 POLICY

The Delmar Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

424.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

424.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Delmar Police Department

Policy Manual

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

424.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

424.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Bicycle Patrol

425.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Delmar Police Department to safely and effectively use bicycle patrol for the purpose of enhancing field patrol efforts in the community.

425.2 POLICY

It is the policy of the Delmar Police Department that patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officer mobility and department visibility in the community.

425.3 OPERATIONS

Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas, and the quiet operation of the patrol bicycle can facilitate a tactical approach to crimes in progress. Patrol bicycles may be deployed to any area, at any hour of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the bicycle patrol coordinator or the Shift Supervisor.

425.4 SELECTION

Interested officers who have completed the probationary period shall submit a change of assignment request to their appropriate Division Commanders. A copy will be forwarded to the bicycle patrol coordinator. Qualified applicants will then be invited to an oral interview. The oral interview will be conducted by the coordinator and a second person to be selected by the coordinator.

Interested officers shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance
- (b) Special skills or training as it pertains to the assignment
- (c) Good physical condition
- (d) Willingness to perform duties using the bicycle as a mode of transportation

425.4.1 OFFICER RESPONSIBILITIES

Officers should operate the bicycle in compliance with Maryland traffic laws under normal operation, unless their duties require otherwise (Md. Code TR § 21-1202).

Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety or tactical considerations. Officers must use caution and care when operating bicycles without lighting equipment or when they are operating in violation of the rules of the road.

Delmar Police Department

Policy Manual

Bicycle Patrol

Officers are exempt from the rules of the road, while using audible and visual signals, under the following conditions (Md. Code TR § 21-106) (21 Del. C. § 4198L):

- (a) In response to an emergency call
- (b) In the immediate pursuit of an actual or suspected violator of the law
- (c) In response to a fire alarm, but not while returning
- (d) While engaged in rescue operations

425.5 BICYCLE PATROL COORDINATOR

The bicycle patrol coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The coordinator may appoint a senior bicycle patrol officer or other designee to assist in the coordination of bicycle patrol officers and their activities.

The responsibilities of the coordinator include, but are not limited to:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining an inventory of patrol bicycles and program equipment.
- (c) Inspecting and documenting, no less than every three months, that bicycles which are not in active service are in serviceable condition.
- (d) Scheduling maintenance and repairs.
- (e) Evaluating the performance of bicycle patrol officers.
- (f) Coordinating activities with the Patrol Division.
- (g) Other activities as required to maintain the efficient operation of bicycle patrol.

425.6 PATROL BICYCLE

Bicycle patrol officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Patrol bicycles shall be primarily black or white in color with a "Police" decal affixed to each side of the crossbar or the bicycle's gear bag. Every patrol bicycle shall be equipped with (21 Del. C. 0167 4198F):

- (a) Front and rear reflectors, including a red reflector visible for 600 feet to the rear when located directly in front of the lower headlight beams of a motor vehicle.
- (b) A siren and horn.
- (c) Lights and/or reflective material for bicycles in use at night, such as:
 - 1. A front white lamp visible from a distance of 500 feet to the front
 - 2. Reflective material visible for 600 feet from both sides when located directly in front of the lower headlight beams of a motor vehicle

Delmar Police Department

Policy Manual

Bicycle Patrol

- (d) A steady or flashing blue and red warning light that is visible from the front, sides or rear of the bicycle.
- (e) A brake or brakes capable of stopping the bicycle within 25 feet on dry, level pavement from a speed of 10 miles per hour.
- (f) A rear rack and/or gear bag sufficient to carry all necessary equipment to handle routine patrol calls, including report writing, and citations.
- (g) A gear bag that shall include a first-aid kit, tire pump, repair tool, tire tube, security lock, high-visibility vest and equipment information and use manuals. These items are to remain with/on the patrol bicycle at all times.

Patrol bicycles shall be properly secured when not in the officer's immediate presence.

425.6.1 TRANSPORTING THE PATROL BICYCLE

The patrol bicycle should be transported using a vehicle bicycle rack. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a law enforcement vehicle push-bumper is discouraged.

425.6.2 MAINTENANCE

- (a) Bicycle patrol officers shall conduct an inspection of the patrol bicycle and equipment prior to use to ensure proper working order of the equipment.
- (b) Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
 - 1. Each patrol bicycle will have scheduled maintenance twice yearly to be performed by a repair shop or technician approved by the Department.
- (c) Officers shall not modify the patrol bicycle or remove, modify or add components to the patrol bicycle except with the express approval of the bicycle patrol coordinator, or in the event of an emergency.
- (d) If a needed repair is beyond the ability of the bicycle patrol officer, a repair work order will be completed and forwarded to the coordinator for repair by a technician approved by the Department.
- (e) Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty.
 - 1. During prolonged periods of non-use, each bicycle patrol officer assigned a patrol bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.
- (f) At the end of a patrol bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Delmar Police Department

Policy Manual

Bicycle Patrol

425.7 UNIFORMS AND EQUIPMENT

Officers shall wear uniforms and safety equipment in accordance with the Uniforms and Civilian Attire Policy.

The uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt, with Delmar Police Department badge and patches, and department-approved bicycle patrol pants or shorts. Optional attire may include, but is not limited to, a jacket in colder weather and turtleneck shirts or sweaters when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on their duty belts as they would on regular patrol assignments. Assignment-specific safety equipment should include, but is not limited to, department-approved helmet, a radio headset and microphone, riding gloves, protective eyewear and approved footwear.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

425.8 TRAINING

Officers must complete an initial department-approved bicycle-training course prior to assignment to bicycle patrol. Thereafter, bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- (a) Bicycle patrol strategies
- (b) Bicycle safety and accident prevention
- (c) Operational tactics and techniques using bicycles

Bicycle patrol officers will be required to train and qualify with their duty and secondary firearms while wearing bicycle safety equipment, including the helmet and riding gloves.

Homeless Persons

426.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the department member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

426.2 POLICY

It is the policy of the Delmar Police Department to protect the rights, dignity and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Delmar Police Department will address the needs of homeless persons in balance with the overall mission of this department.

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

426.3 LIAISON TO THE HOMELESS COMMUNITY

The Chief of Police shall delegate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the liaison include, but are not limited to:

- (a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
- (c) Maintaining a list of the areas within and near the jurisdiction of this department that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with homelessness, including personal property rights.
- (e) Being present during any clean-up operation conducted by this department that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.

Delmar Police Department

Policy Manual

Homeless Persons

426.4 FIELD CONTACTS

Officers are encouraged to contact a homeless person to render aid, offer assistance or to check on the person's welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of an arrest and criminal charges.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

426.4.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness or suspect is homeless can, however, require special consideration for a successful investigation and prosecution. When handling investigations involving victims, witnesses or suspects who are homeless, officers should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (f) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates that he/she does not desire prosecution.
- (g) Whether the person may be an adult abuse victim, and if so, proceed in accordance with the Adult Abuse Policy.

426.5 MENTAL HEALTH ISSUES

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under a mental health evaluation when facts and circumstances reasonably indicate such a detention is warranted (see the Mental Health Evaluations Policy).

Delmar Police Department

Policy Manual

Homeless Persons

426.6 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the community. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and shall not destroy or discard the personal property of a homeless person (Md. Code CR § 10-304).

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, it should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure it. It will be the supervisor's responsibility to coordinate its removal and safekeeping.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the homeless liaison. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the liaison.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community or the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

426.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or Town departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Medical Marijuana

427.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, and use of cannabis under Maryland's and Delaware's medical cannabis laws (Md. Code CR § 5-601(c)(3); Md. Code AB § 36-101 et seq.)(16 Del. C. § 4901A et seq.).

427.1.1 DEFINITIONS

Definitions related to this policy include (Md. Code AB § 36-101; COMAR 14.17.04.02):

30-day supply - 120 grams of usable cannabis or 36 grams of tetrahydrocannabinol (THC).

Administration – The Maryland Cannabis Administration.

Cannabis licensee – A business licensed by the Administration to operate in the cannabis industry.

Cannabis registrant – An independent testing laboratory, transporter, security guard company, waste disposal company, or any other business authorized under the Administration to work with a cannabis licensee.

Caregiver - A person who has agreed to assist with a qualifying patient's medical use of cannabis, including a parent or legal guardian, or a designee of a parent or legal guardian of a qualified patient under the age of 18.

Certifying provider - A person licensed by the State Board of Physicians, the State Board of Dental Examiners, the State Board of Podiatric Medical Examiners, or the State Board of Nursing who has a state-controlled dangerous substances registration and is approved by the Administration to make cannabis available to patients for medical use.

Dispensary - An entity licensed by the Administration that acquires, possesses, repackages, transports, sells, distributes, or dispenses cannabis; products containing cannabis; related supplies; related products including tinctures, aerosols, oils, or ointments; or educational materials for use by a qualifying patient or caregiver.

Identification card - An identification card provided by the Administration to qualifying patients and caregivers.

Processor - An entity licensed by the Administration that transforms cannabis into another product or extract and packages and labels the cannabis product.

Qualifying patient - A person who possesses a written certification by a certifying provider with whom the person has a bona fide provider-patient relationship. If the person is under the age of 18, the person must have a caregiver.

Written certification - Certification issued by a certifying provider which includes a written statement confirming that, in the certifying provider's professional opinion, the patient has a

Policy Manual

Medical Marijuana

condition justifying the use of medical cannabis and, if appropriate, that a 30-day supply of medical cannabis is not sufficient to meet the patient's medical needs.

427.1.2 DEFINITIONS DE

Definitions related to this policy include (16 Del. C. § 4902A):

Allowed amount of marijuana - No more than 6 ounces of usable marijuana for a qualifying patient. Designated caregivers are permitted to possess 6 ounces of usable marijuana for each qualifying patient with whom the caregiver is connected.

Cardholder - A qualifying patient or a designated caregiver who has been issued a valid registry identification card by the Marijuana Commissioner for the State of Delaware (Commissioner).

Designated caregiver - A person who is designated by a patient in their registry identification card application to assist a qualifying patient in the acquisition, possession, use, or transportation of medical marijuana.

Qualifying patient - A person who meets the qualifications to receive a registry identification card.

Registered safety compliance facility - A nonprofit entity registered under the Commissioner to provide one or more services such as testing medical marijuana for potency and contaminants; providing training to cardholders; or providing training to prospective compassion center agents.

Registry identification card (RIC) - A document issued by the Commissioner that identifies a person as a registered qualifying patient or registered designated caregiver.

Verification system - A telephone or web-based system that is available to law enforcement personnel to verify registry identification cards.

427.2 POLICY

It is the policy of the Delmar Police Department to prioritize resources to avoid making arrests related to cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Maryland and Delaware medical cannabis laws are intended to provide protection from prosecution to those who possess a written certification by a certifying provider for the use of cannabis for medical use. Delaware medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, transport or prescribe marijuana for debilitating medical conditions or disease as required by 16 Del. C. § 4902A. However, Maryland and Delaware medical cannabis laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of cannabis. The Delmar Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Maryland law and the resources of the Department.

427.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of cannabis generally fall into the following categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when the person is a qualifying patient or caregiver.
- (c) Investigations when the person is otherwise authorized.
- (d) Investigations when a medicinal claim is made by a cardholder.
- (e) Investigations involving a juvenile.

427.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production, or use of cannabis or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal claim may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis was possessed or used for medicinal purposes.

427.3.2 INVESTIGATIONS INVOLVING A QUALIFYING PATIENT OR CAREGIVER

A qualifying patient or caregiver shall not be arrested for the authorized medical use or possession of cannabis from a dispensary, provided (Md. Code AB § 36-302; Md. Code AB § 36-1201):

- (a) Any qualifying patient possesses no more than a 30-day supply, unless the patient's written certification allows for the possession of more.
- (b) In the case of a caregiver, the caregiver is in possession of the cannabis for a qualifying patient the caregiver has agreed to assist in the use of medical cannabis.

Qualifying patients 21 years or older may also possess four or fewer cannabis plants for cultivation in compliance with Md. Code CR § 5-601.2.

A patient or caregiver identification card should suffice as evidence that a written certification has been issued. Certification or lack of certification should be verified through the Administration's registry before making an arrest (COMAR 14.17.04.01 et seq.). No arrest should be made if there is reason to believe that the individual has a valid claim to possess.

427.3.3 INVESTIGATIONS INVOLVING A CARDHOLDER OR QUALIFYING PATIENT DE

A person in possession of a valid RIC should not be arrested for (16 Del. C. § 4903A):

- (a) Having the allowed amount of marijuana under their control.
- (b) Possessing marijuana seeds or stalks.
- (c) Giving marijuana to a registered qualifying patient, compassion center or designated caregiver for use by a qualifying patient so long as nothing of value is exchanged in return and the person giving the marijuana does not knowingly cause the recipient to possess more than the allowed amount of marijuana.

Delmar Police Department

Policy Manual

Medical Marijuana

If the person does not have a valid RIC in their possession, officers should treat the person as if the RIC were in their possession if the person can be confirmed as a cardholder through the 24-hour verification system established by the Commissioner.

If the person has never obtained an RIC, no arrest should be made if there is reason to believe that the individual had an allowed amount of marijuana intended for medical use and is a qualifying patient (16 Del. C. § 4913A).

If a designated caregiver is a provider for more than one qualifying patient, they may possess no more than the allowed amount of marijuana for each patient with which the person is connected in the registry (16 Del. C. 4909A).

427.3.4 INVESTIGATIONS INVOLVING A JUVENILE DE

A juvenile under the age of 18 shall not be arrested for a marijuana related offense if all of the following conditions exist (16 Del. C. § 4909A):

- (a) The juvenile is in lawful possession of an RIC.
- (b) The juvenile and designated caregiver collectively possess no more than the allowed amount of marijuana oil.

Juveniles are not permitted to receive any form of marijuana other than marijuana oil.

427.3.5 INVESTIGATIONS INVOLVING OTHER AUTHORIZED INDIVIDUALS

Any person falling into the following categories shall not be arrested for the authorized medical possession of cannabis (Md. Code AB § 36-1201):

- (a) Certifying providers.
- (b) Hospitals, medical facilities, and hospice programs where a qualifying patient is receiving treatment.
- (c) Academic research representatives authorized under Md. Code AB § 36-701 et seq. to research the medical uses, properties, or composition of cannabis.
- (d) Designated school personnel authorized to administer cannabis to a student under Md. Code ED § 7-446 unless there is reasonable belief of gross negligence or wanton or willful misconduct.
- (e) Cannabis licensees and cannabis registrants.

427.3.6 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving cannabis possession, delivery, production, or use (16 Del. C. § 4903):

- (a) Because enforcement of medical cannabis laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.

Delmar Police Department

Policy Manual

Medical Marijuana

2. The case would benefit from review by a person with expertise in medical cannabis investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Any other relevant factors, such as available department resources and time constraints.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than that specified by law, officers should consider and document, in anticipation of an affirmative defense:
1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
 6. The climate.
- (c) Before proceeding with enforcement related to registered compassion centers or registered safety compliance facilities, officers should consider conferring with appropriate legal counsel.
- (d) Possession of, or application for, a registry identification card or registration certificate does not itself constitute reasonable suspicion or probable cause to search, nor does it preclude the existence of other independent probable cause.
- (e) A person who possesses a registry identification card or equivalent certification from another state who would otherwise qualify to obtain a registry identification card in the State of Delaware, may use their out-of-state card or certification for any purpose that the person would be authorized to use a registry identification card for (16 Del. C. § 4949A).

427.3.7 EXCEPTIONS DE

This policy does not apply to the following offenses. Officers may take enforcement action if the person (16 Del. C. § 4904A):

- (a) Operates, navigates or is in actual physical control of any motor vehicle, aircraft or motorboat while under the influence of marijuana.
- (b) Undertakes any task under the influence of marijuana, when doing so would constitute negligence or professional malpractice.
- (c) Engages in the medical use of marijuana in a public place or in any form of transportation.
- (d) Possesses medical marijuana or otherwise engages in using medical marijuana:

Delmar Police Department

Policy Manual

Medical Marijuana

1. On the grounds of a preschool, primary or secondary school or in a school bus, except for designated caregivers possessing marijuana oil for a minor patient.
 2. In a correctional facility.
 3. In any healthcare or treatment facility operated or funded by the Department of Health and Social Services.
- (e) Delivers marijuana to any individual who the person knows is not in possession of an RIC.
- (f) Obtains, possesses, stores or maintains an amount of marijuana in excess of the allowed amount of marijuana.
- (g) Sells, trades, delivers or otherwise provides medical marijuana to another person with knowledge or reasonable grounds to believe that the person is not registered under Delaware's medical marijuana laws.

427.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

427.5 EVIDENCE

427.5.1 MEMBER RESPONSIBILITIES

The investigating member should notify the receiving Property and Evidence member in writing when cannabis may be the subject of a medical cannabis claim.

427.5.2 PROPERTY SUPERVISOR RESPONSIBILITIES

The Property and Evidence supervisor should ensure that cannabis, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. The Property and Evidence supervisor is not responsible for caring for live cannabis plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence supervisor should return to the person from whom it was seized any useable cannabis, plants, drug paraphernalia, or other related property.

The Property and Evidence supervisor should not destroy cannabis that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence supervisor may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Administrative Commander.

Medical Aid and Response

428.1 PURPOSE AND SCOPE

This policy recognizes that officers often encounter persons in need of medical aid and establishes a law enforcement response to such persons.

428.2 POLICY

It is the policy of the Delmar Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

428.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel regarding whether to transport the person for treatment.

Delmar Police Department

Policy Manual

Medical Aid and Response

428.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for medical transport or civilian vehicles.

428.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive medical care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a mental health hold in accordance with the Mental Health Evaluations Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

428.6 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, the arrestee should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance to an appropriate medical facility.

Delmar Police Department

Policy Manual

Medical Aid and Response

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

428.6.1 HOSPITAL SECURITY AND CONTROL

Officers who transport persons in custody to medical facilities for treatment should provide security and control during examination and treatment consistent with department protocols. Any such transport should be conducted in accordance with the Transporting Persons in Custody Policy.

The Patrol Division Commander should develop protocols related to the following:

- (a) Providing security and control during an examination or treatment, including:
 - 1. Monitoring the person in custody (e.g., guarding against escape, suicide, and assault of others)
 - 2. Removal of restraints, if necessary and appropriate (see the Handcuffing and Restraints Policy)
- (b) Responsibility for continuing security and control if the person in custody is admitted to the hospital
 - 1. This should include transferring custody of the person to an appropriate agency.

428.7 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

428.8 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g. dirt, gravel, pavement, concrete, grass).

Delmar Police Department

Policy Manual

Medical Aid and Response

- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas, or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights, and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during the landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

428.9 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after he/she has received the required training as provided in COMAR 30.06.02.01, or training that has been approved by the State EMS Medical Director (16 Del. C. § 3003C).

The Chief of Police shall designate an AED coordinator who shall be responsible for implementing and administering the AED program in accordance with state regulations including registering and receiving certification through the Maryland Institute for Emergency Medical Services Systems (MIEMSS) (Md. Code ED § 13-517; COMAR 30.06.02.01).

428.9.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly shall be taken out of service and given to the Administrative Commander who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS (16 Del. C. § 300C).

428.9.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

Delmar Police Department

Policy Manual

Medical Aid and Response

The Maryland Facility AED Report Form shall also be completed and forwarded to MIEMSS for each incident of suspected cardiac arrest. If the AED fails when operated, a copy of the report shall be sent to MIEMSS and to the Food and Drug Administration (FDA) (COMAR 30.06.02.03).

428.9.3 AED TRAINING AND MAINTENANCE

The Administrative Commander should ensure appropriate training, including training in the most recent publication of the American Heart Association Guidelines for CPR and emergency cardiovascular care (ECC), is provided to members authorized to use an AED (COMAR 30.06.02.01).

The Administrative Commander is responsible for ensuring AED devices are appropriately maintained and inspected consistent with the manufacturer's guidelines, and will retain records of all maintenance and inspections in accordance with the established records retention schedule (COMAR 30.06.02.01)(16 Del. C. § 3003C).

428.10 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION MD

Authorized members may administer opioid overdose medication when there is an emergency situation and medical services are not immediately available (Md. Code HG § 13-3105). Administration shall be in accordance with protocol specified by the health care provider who prescribed the overdose medication.

428.10.1 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION DE

Only members who have completed a department-approved training course may carry and administer opioid overdose medication (16 Del. C. § 3004G).

Standing orders for the administration of approved opioid overdose medication by officers are maintained by the Department of Health and Social Services (16 Del. C. § 3003G).

428.10.2 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Administrative Commander.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

428.10.3 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Administrative Commander will ensure that the submitted reports contain enough information to meet applicable state reporting requirements (Md. Code HG § 13-3103).

Delmar Police Department

Policy Manual

Medical Aid and Response

428.10.4 OPIOID OVERDOSE MEDICATION TRAINING

The Administrative Commander should ensure training is provided to members authorized to administer opioid overdose medication. The training should include recognizing the signs and symptoms of opioid overdose and the administration of opioid overdose medication (Md. Code HG § 13-3103).

428.11 FIRST AID TRAINING

Subject to available resources, the Administrative Commander should ensure officers receive first aid training appropriate for their position as required by POST (1 Del. Admin. Cde 801-13.0).

First Amendment Assemblies

429.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

429.2 POLICY

The Delmar Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

429.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets, or walkways, generally have the right to assemble, rally, demonstrate, protest, or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, or loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life, and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront, or intimidate participants.
- (c) Seize the cameras, cell phones, or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Delmar Police Department

Policy Manual

First Amendment Assemblies

429.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

429.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including but not limited to the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets, or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

429.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

429.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Delmar Police Department

Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

429.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

- (a) Command assignments, chain of command structure, roles and responsibilities
- (b) Staffing and resource allocation
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (helmets, shields, etc.)
- (e) Deployment of specialized resources
- (f) Event communications and interoperability in a multijurisdictional event
- (g) Liaison with demonstration leaders and external agencies
- (h) Liaison with Town government and legal staff
- (i) Media relations
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation
- (k) Traffic management plans
- (l) First aid and emergency medical service provider availability
- (m) Prisoner transport and detention
- (n) Review of policies regarding public assemblies and use of force in crowd control
- (o) Parameters for declaring an unlawful assembly
- (p) Arrest protocol, including management of mass arrests
- (q) Protocol for recording information flow and decisions

Delmar Police Department

Policy Manual

First Amendment Assemblies

- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
- (s) Protocol for handling complaints during the event
- (t) Parameters for the use of body-worn cameras and other portable recording devices

429.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (Outside Agency Assistance Policy).

429.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

429.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual persists in refusing to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or

Delmar Police Department

Policy Manual

First Amendment Assemblies

damage. Any use of conducted energy devices must conform to the Conducted Energy Device Policy.

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Operational circumstances may preclude contemporaneous completion of use of force reports, in which case use of force incidents shall be communicated to Dispatch for documentation. After-action reports shall include a detailed explanation of all incidents where force was used.

429.8 ARRESTS

The Delmar Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

429.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

429.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should

Delmar Police Department

Policy Manual

First Amendment Assemblies

promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

429.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment, and supply records
- (e) Incident, arrest, use of force, injury, and property damage reports
- (f) Photographs, audio/video recordings, and Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

429.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with Town legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, to include the following:

- (a) Date, time, and description of the event.
- (b) Actions taken and outcomes (injuries, property damage, arrests).
- (c) Problems identified.
- (d) Significant events.
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts, or circumstances.

429.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

430.1 PURPOSE AND SCOPE

This policy provides members of the Delmar Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy addresses specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Maryland law.

430.2 POLICY

The Delmar Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

430.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Delmar Police Department

Policy Manual

Civil Disputes

430.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

430.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

430.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

430.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

431.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

431.2 POLICY

The Delmar Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain, and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

431.3 RESPONSIBILITIES

The Administrative Commander and the authorized designee(s) will manage SAR activities. Authorized designees should include supervisors who are responsible for the department participation in Criminal Intelligence System(s) as outlined in the Criminal Organization policy.

The Administrative Commander will have the following duties:

- (a) Remain familiar with those databases available to the Delmar Police Department that would facilitate the purpose of this policy.

Delmar Police Department

Policy Manual

Suspicious Activity Reporting

- (b) Maintain adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensure a process is available that would allow employees to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensure that Delmar Police Department personnel are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the department.
- (e) Ensure that SAR information is appropriately disseminated to personnel in accordance with their job responsibilities.
- (f) Coordinate investigative follow-up, if appropriate.
- (g) Coordinate with the appropriate agency or fusion center.
- (h) Ensure that, as resources are available, the Delmar Police Department conducts outreach that is designed to encourage community members to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

431.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any department member who is not a peace officer and receives such information should ensure that it is passed on to an officer in a timely manner.

If the activity is not directly related to a reportable crime, the information will be recorded on a SAR, which will document information about the involved party and the circumstances of the incident. If an officer comes across such information while investigating an unrelated crime or incident, he/she will make no mention of the suspicious activity in the original incident/arrest report, but will document the suspicious activity on a SAR and include the incident/arrest report number.

431.5 HANDLING INFORMATION

Records Section will forward copies of SARs, in a timely manner, to the authorized designees.

Incident Command

432.1 PURPOSE AND SCOPE

To establish procedures for responding to all unusual occurrences, whether created by widespread violations of the law, natural, or man-made disasters. The Incident Command System (ICS) will be the process to build both the personnel and organizational structure to meet the needs of the specific event.

432.2 POLICY

It will be the policy of the Delmar Police Department to respond to unusual occurrences or high-risk incidents in accordance with this plan, and its basic methodologies for personnel and resource mobilization. As an incident progresses and requires additional resources, the Incident Commander will activate the Incident Command System or the Emergency Operation Plan. Conversely, as the incident de-escalates; the Commander will release personnel and resources in proportion to the de-escalation. Elements of this plan are to be exercised every two years.

432.3 DEFINITIONS

- (a) Incident Command System (ICS): A system for command, control, and coordination of a response that provides a means to coordinate the efforts of individual persons and agencies as they work toward the common goal of stabilizing an incident while protecting life, property and the environment. There are five major components: command, planning, operations, logistics, and administration.
- (b) Incident Commander (IC): A command officer who is responsible for planning, exercising, executing, and facilitating the emergency management plans.
- (c) Unified Command: A multi-agency command incorporating officials and personnel from agencies at an incident scene. When an incident's magnitude exceeds the capabilities, resources or jurisdiction of one agency, the ICS of an agency can evolve into and participate in an established Unified Command structure.
- (d) Command Post: A centralized base of operation established near the site of an incident, where primary command functions are executed.
- (e) Mobile Police Command Post: This Mobile Command Post will be used as a field post at the scene of any major emergency.
- (f) Emergency Operations Center (EOC): A pre-designated facility established to coordinate the overall agency response and support during an unusual occurrence or high-risk incident. Unless otherwise designated by the Incident Commander, the Delmar Police Department Training Room will serve as the EOC.
- (g) Emergency Support Function (ESF): A functional area of response activity established to facilitate the delivery of assistance required during the immediate response phase of a disaster to save lives, protect property, and protect public health, and to maintain public safety.

Delmar Police Department

Policy Manual

Incident Command

- (h) **Emergency Management Commander:** A designated position responsible for the liaison between the Delmar Police Department and other agencies, and serves as an adviser to the Incident Commander.
- (i) **Unusual Occurrence:** An emergency situation that results from a natural or manmade disaster (e.g., flood, earthquake, tornado, snow emergency, hazardous materials incident, explosion, aircraft disaster) and civil disturbances. A bomb threat or bomb emergency is not an unusual occurrence; (when a suspicious object is located) however, a bomb detonation would be categorized as an unusual occurrence.
- (j) **Civil Disturbance:** The disruption of daily routine and activities of the majority of law-abiding citizens by organized or mob activities. Civil disturbances include riots, disorders, and violence arising from dissident gatherings and marches, political conventions and labor disputes.
- (k) **Barricaded Person:** An individual who resists being taken into custody by using or threatening the use of firearms, other weapons, explosives, etc. Generally, the barricaded person is behind cover. As used here, the barricaded person may or may not have taken a hostage or made a threat to his or her own life.
- (l) **SWAT/SORT Team:** A group of police officers who are specially selected, trained, and equipped to handle high-risk incidents such as those involving snipers, barricaded persons, hostage-takers, selected warrant services, and other situations or activities deemed necessary by command leadership.
- (m) **Exercise:** Gathering of individuals, inclusive of government and private sector persons, to develop plans, practice implementation and to discuss each agency's role in handling unusual occurrences. This could include tabletop functional and/or full field exercises.

432.4 PROCEDURES SYSTEM ACTIVATION CRITERIA

- (a) The Incident Command System, (ICS) will be utilized if circumstances dictate the necessity of expanding personnel resources beyond the scope of the first responders. ICS is the combination of personnel, procedures, equipment, facilities, and communications operating within a common organizational structure. The responsibility for the management of assigned resources begins with the first responder.
- (b) The ICS system, if activated, may include participation by outside agencies and resources. The system may be adjusted up or down depending on the circumstances encountered. It is recommended that only those agencies and resources needed be utilized during an incident. However, this does not prevent the utilization of agencies and resources as a step toward preparedness for anticipated developments.

COMMAND PROTOCOL

- (a) At the scene of an unusual occurrence, the authority and responsibility for controlling the scene is placed upon one on-scene commander. However the incident commander may be a subsequent responder who assumes management of the critical incident.

Delmar Police Department

Policy Manual

Incident Command

- (b) The incident commander, regardless of professional rank has the latitude and authority to assign persons to an assignment deemed necessary to deal with a particular critical incident. Multiple responsibilities may be assigned to one person as needed.
 - 1. Incident Commander: This function is responsible for activities surrounding the critical incident to include developing plans, implementing strategic decisions and approving resource allocations.
 - 2. Unless exigent circumstances exist no one, except for the incident commander, shall make independent decisions when the ICS structure is activated.
 - 3. Depending on the type of occurrence, an official from another agency (e.g., fire chief, DNREC, DEMA) may be designated as the incident scene commander, and the department shall coordinate its response through that individual.
 - 4. Unless specifically ordered by a supervisor or the incident commander to respond to a critical incident, all personnel shall maintain their current assigned duties. Abandoning assigned duties in order to respond to a critical incident only leads to a breakdown in the incident command system and loss of order among responders.
 - 5. The modular progression of incident command may require additional personnel and resources to accomplish various functions as deemed necessary by the incident commander. Depending on the circumstances the following steps are to be used by the department.
 - (a) Deputy Incident Commander: This person is under the direction of the incident commander. The Deputy Incident Commander assists in policy advisement and assuming command in the absence of the incident commander from the scene.
 - (b) Operations: This person is responsible for coordinating law enforcement related tactical and strategic plans, traffic control, and perimeters. This person may request additional resources and revise plans as necessary with the knowledge and approval of the Incident commander.
 - (c) Department Supervisor: This person is responsible for managing operations at the department headquarters. Managing security and operations of Headquarters will include processing/holding areas, and will serve as advisor to the Incident Commander in making policy and deployment decisions through the duration of the critical incident.
 - (d) Staging: This person is responsible for managing and organizing all staging areas for all disciplines responding to a critical incident. Staging areas are maintained for collections of all personnel and resources until the Staging Officer allocates them to a particular assignment.
 - (e) Investigations: This person is responsible for the investigation and case filing of any criminal cases at the scene of a critical incident. Other responsibilities include the collections and preservation of evidence, gathering intelligence information, investigating the use of deadly force and maintaining and preserving the complete criminal case file. The criminal investigator reports directly to the Incident Commander.

Delmar Police Department

Policy Manual

Incident Command

Chapter 5 - Traffic Operations

Traffic

500.1 PURPOSE AND SCOPE

This policy provides guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY

It is the policy of the Delmar Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic accidents based on citizen complaints, traffic volume, traffic conditions and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation, timed to events, seasons, past traffic problems or locations and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for department members. State and local data on traffic accidents are a valuable resource. Factors for analysis include, but are not limited to the following:

- Location
- Time
- Day
- Violation factors
- Requests from the public
- Construction zones
- School zones
- Special events

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate, against violators. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

Delmar Police Department

Policy Manual

Traffic

500.4 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance.

Several methods are effective in the reduction of traffic accidents, including but not limited to:

500.4.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, for example when a minor violation was inadvertent.

500.4.2 CITATIONS MD

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with (Md. Code TR § 26-201):

- (a) A copy of the traffic citation.
- (b) An explanation of the violation or charge.
- (c) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (d) Notice that:
 - 1. The motorist can enter a plea and pay the fine by mail or at the court.
 - 2. Acknowledgement of receipt of the citation is not an admission of guilt.
 - 3. Failure to acknowledge receipt of the citation may subject the motorist to arrest.

500.4.3 CITATIONS DE

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with (21 Del. C. § 712):

- (a) An explanation of each violation or charge along with a conspicuous statement of the total number of charges.
- (b) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) A notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Before issuing a Uniform Traffic Complaint and Summons, an officer should also verify the driver's identification and ensure the identification information from the driver's license is included.

Motor vehicle code violators (offenses under Title 11) and vehicle marker violators (30 Del. C. § 5211) should be released on a traffic summons (21 Del. C. § 712).

Physical arrest can be made on a number of criminal traffic offenses. These cases usually deal with, but are not limited to (21 Del. C. § 701; 21 Del. C. § 709):

- (a) Vehicular manslaughter.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members, who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the department member or when the member will be exposed to the hazards of passing traffic, maneuvering or operating vehicles, machinery and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, traffic accident investigations, lane closures and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

500.5.2 CARE AND STORAGE

High-visibility vests shall be maintained in the trunk of each patrol and investigation vehicle, in the side box of each police motorcycle and in the gear bag of each patrol bicycle. Each vest should be stored inside a resealable plastic bag to protect and maintain the vest in a serviceable condition. Before going into service, each member shall ensure that a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained and made available for replacement of damaged or unserviceable vests. The Administrative Commander should be promptly notified whenever the supply of vests needs replenishing.

Traffic Accidents

501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic accidents.

501.2 POLICY

It is the policy of the Delmar Police Department to respond to traffic accidents and to render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to established minimum reporting requirements with the goal of reducing the occurrence of accidents by attempting to identify the cause of the accident and through enforcing applicable laws. Unless restricted by law, accident reports will be made available to the public upon request.

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A Town vehicle involved.
 - 4. A Town official or employee involved.
 - 5. Involvement of an on- or off-duty member of this department.
- (b) Is within another jurisdiction and there is:
 - 1. A Town of Delmar vehicle involved.
 - 2. A Town of Delmar official involved.
 - 3. Involvement of an on-duty member of this department.

501.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control.
- (b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.
- (c) First aid for any injured parties if it can be done safely.
- (d) The potential for involvement of hazardous materials.

Delmar Police Department

Policy Manual

Traffic Accidents

- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, HAZMAT, tow vehicles).
- (f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION

If a traffic accident involves a life-threatening injury or fatality, the responding officer shall notify a supervisor, or if unavailable, the Shift Supervisor. The Shift Supervisor or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Supervisor will ensure notification is made to the Patrol Commander, department command staff and Town Manager in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim's immediate family.

In the event of a fatality, members involved in notification should ensure that family members of the victim are provided with a victim's representation notification form, and advised of their right to file the form, as appropriate (Md. Code TR § 12-206.1). The form allows family members to request notice of a hearing on a moving violation related to the victim's death.

501.5 MINIMUM REPORTING REQUIREMENTS

An accident report shall be taken when (Md. Code TR § 20-107; Md. Code TR § 20-113)(21 Del. C. § 4203):

- (a) A fatality, any injury (including complaint of pain), driving under the influence, or hit and run is involved.
- (b) An on-duty member of the Town of Delmar is involved.
- (c) The accident results in any damage to any Town-owned or leased vehicle.
- (d) The accident involves any other public agency driver or vehicle.

- (f) The accident involves a public or private school bus.
- (g) There is damage to any vehicle to the extent that towing is required.

Delmar Police Department

Policy Manual

Traffic Accidents

Accidents involving a Maryland Transit Administration (MTA) vehicle should be handled by MTA.

501.5.1 PRIVATE PROPERTY

Generally, reports should not be taken when a traffic accident occurs on private property unless there is an injury or fatality, a hit-and-run violation or if a traffic summons is issued pursuant to (21 Del. C. § 4101(a)), or other traffic law violation. Members may provide assistance to motorists as a public service, such as exchanging information and arranging for the removal of the vehicles.

501.5.2 TOWN VEHICLE INVOLVED

A traffic accident report shall be taken when a Town vehicle is involved in a traffic accident that results in property damage or injury.

A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a Town vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Division Commander. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.5.3 INJURED ANIMALS

Department members should refer to the Animal Control Policy and make appropriate notifications when a traffic accident involves the disposition of an injured animal or when learning that a domestic animal has been struck by a vehicle (Md. Code TR § 20-106(b)).

501.6 INVESTIGATION

When a traffic accident meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Patrol Commander or on-duty Shift Supervisor should request that the Maryland State Police (MSP), Delaware State Police, or other outside law enforcement agency investigate and complete a traffic accident investigation when a life-threatening injury or fatal traffic accident/collision occurs within the jurisdiction of the Delmar Police Department and involves:

- (a) An on- or off-duty member of the Department.

Delmar Police Department

Policy Manual

Traffic Accidents

1. The involved member shall complete the department traffic accident form. If the member is unable to complete the form, the supervisor shall complete it.
 - (b) An on- or off-duty official or employee of the Town of Delmar.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic accident. The traffic accident investigation and report shall be completed by the agency having jurisdiction.

501.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the accident, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS

Department members shall utilize forms approved by MSP or Delaware Department of Safety and Homeland Security as required for the reporting of traffic accidents. All such reports shall be forwarded to the Patrol Division for approval and filing.

501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

501.8.2 PATROL COMMANDER RESPONSIBILITIES

The responsibilities of the Patrol Commander include, but are not limited to:

- (a) Ensuring the monthly and quarterly reports on traffic accident information and statistics are forwarded to the Patrol Division Commander or other persons as required.
- (b) Forwarding traffic accident reports to the MSP or the Department of Safety and Homeland Security (21 Del. C. § 313) (Md. Code TR § 20-107(f)).

Vehicle Towing

502.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

502.2 POLICY

The Delmar Police Department will tow vehicles when appropriate and in accordance with the law.

502.3 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Dispatch to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (21 Del. C. § 6901; 21 Del. C. § 4402).

Vehicles that are not the property of the Town should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.4 ARREST SCENES

Whenever the owner or operator of a vehicle is arrested, the arresting officer should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene.

Officers are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, officers should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed:

- The vehicle can be legally parked, left in a reasonably secure and safe location and the vehicle is not needed as evidence.
- The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- The arrestee or owner of the vehicle requests that it be released to a person who is present, willing and able to legally take control of the vehicle.

Delmar Police Department

Policy Manual

Vehicle Towing

- The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requestor should be informed that the Department will not be responsible for theft or damages.

502.5 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

502.5.1 RECOVERY PROCEDURES

When a vehicle is towed and physical evidence is located within or on the vehicle, the on-scene officer should:

- (a) Instruct the tower as to any necessary preservation measures.
- (b) Inform the tower when a vehicle may not be returned to the rightful owner and should note on the vehicle storage form an inventory of the contents of the vehicle and any damage to the vehicle or its contents (2 Del. Admin. Code 1301-7.0).

502.6 RECORDS

Records Section members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

502.6.1 VEHICLE STORAGE REPORT

Department members towing a vehicle shall complete a vehicle tow report. The report should be submitted to the Records Section as soon as practicable after the vehicle is towed.

502.6.2 NOTICE OF TOW

As soon as reasonably possible and within seven days of a vehicle being towed, it shall be the responsibility of the Records Section to send a notice of tow to all registered owners and others having a recorded interest in the vehicle. Notice shall be sent to all such individuals by certified mail. The notice shall include (Md. Code TR § 25-204; Md. Code TR § 16-303.1)(21 Del. C. § 4403):

- (a) The name, address and telephone of the Delmar Police Department.
- (b) A statement that the vehicle has been taken into custody.
- (c) The location of the vehicle.
- (d) A description of the vehicle, including the following:
 1. Color
 2. Manufacturer year
 3. Make and model
 4. License plate number and/or Vehicle Identification Number (VIN)

Delmar Police Department

Policy Manual

Vehicle Towing

5. Mileage

- (e) The authority and purpose for the removal of the vehicle.
- (f) An explanation of the procedure for release of the vehicle and for obtaining a vehicle tow hearing.
- (g) Information for the owner, or others having a recorded interest in the vehicle, of the right to reclaim the vehicle within three weeks after the date of the notice, on payment of all towing, preservation and storage charges resulting from taking or placing the vehicle in custody.
 - 1. For vehicles impounded pursuant to Md. Code TR § 16-303.1, the owner or others having a recorded interest in the vehicle shall be notified that the vehicle must be reclaimed within 10 days after the date specified in the applicable court order.
- (h) A statement that the failure of the owner, or others having a recorded interest in the vehicle, to exercise this right to reclaim the vehicle in the time provided is:
 - 1. A waiver to right, title and interest in the vehicle.
 - 2. Consent to the sale of the vehicle at public auction.
 - 3. Consent by the owner, other than a lessor, to the retention of the vehicle for public purposes as provided by state law (Md. Code TR § 25-207).

If the identity or address of the last registered owner, or others having a recorded interest in the vehicle, cannot be determined or the certified notice is returned as undeliverable, the Records Section shall post the notice where the abandoned vehicle was found as provided by state law (Md. Code TR § 25-205(c)).

502.7 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

502.8 VEHICLE INVENTORY

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be

Delmar Police Department

Policy Manual

Vehicle Towing

conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.

- (c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner, or booked into property for safekeeping.

Any cash, jewelry or other small valuables located during the inventory process will be held for safekeeping, in accordance with the Administrative Division Policy. A copy of the property receipt should be given to the person in control of the vehicle, or if that person is not present, left in the vehicle.

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members and protecting the Department against fraudulent claims of lost, stolen or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

502.9 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions), which are not considered evidence or contraband.

Vehicle Towing

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or his/her agent to request a hearing to contest the tow.

Vehicle Tow Hearings

503.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for vehicle tow hearings.

503.2 POLICY

When a vehicle is towed at the direction of any member of the Delmar Police Department, a hearing will be conducted upon request.

503.3 HEARING OFFICER

The Chief of Police will identify the person who will act as a hearing officer when the decision of a member to tow a vehicle is contested. The hearing officer in any case must be a person other than the member who directed the vehicle to be towed.

503.4 HEARING PROCESS

The registered or legal owner of the vehicle or his/her agent may request a hearing when a vehicle is towed or stored at the direction of any member of the Delmar Police Department.

The failure to request a hearing in a timely manner or to attend a scheduled hearing may be considered a waiver of and satisfaction of the hearing.

A timely requested hearing shall be conducted within 48 hours of the request, excluding weekends and holidays.

Any relevant evidence may be submitted and reviewed by the hearing officer to determine the validity of the tow of the vehicle.

503.5 DECISION

After consideration of all the evidence, the hearing officer shall determine whether the Department has established the validity of the tow or storage by a preponderance of the evidence.

- (a) If a decision is made that reasonable grounds for the tow have been established, the hearing officer shall advise the requesting party of the decision.
- (b) If a decision is made that reasonable grounds for the tow have not been established, the vehicle shall be released immediately. Towing and storage fees will be the responsibility of the Department (Md. Code TR § 26-306).

Under the Influence/Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence/driving while impaired (DUI/DWI).

504.2 POLICY

The Delmar Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Maryland and Delaware's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce DUI/DWI laws to the exclusion of their other duties unless specifically assigned to DUI/DWI enforcement. All officers are expected to enforce these laws with due diligence.

The Patrol Commander will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI/DWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FST) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in this state or another jurisdiction.

504.4 FIELD TESTS

The Patrol Commander should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI/DWI laws.

504.5 CHEMICAL TESTS MD

A person implies consent under Maryland law to a chemical test or tests, and to providing the associated chemical sample, when an officer has detained the person on suspicion of driving or attempting to drive a motor vehicle when the person is (Md. Code TR § 16-205.1(a)(2); Md. Code TR § 16-205.2(a); Md. Code TR § 16-813):

- (a) Under the influence of alcohol or impaired by alcohol.

Delmar Police Department

Policy Manual

Under the Influence/Impaired Driving

- (b) So impaired by any drug, any combination of drugs or a combination of a drug and alcohol that he/she cannot safely drive a vehicle.
- (c) Impaired by a controlled dangerous substance.
- (d) In violation of an alcohol restriction.
- (e) Driving, operating or in physical control of a commercial vehicle with any concentration of alcohol in his/her blood or breath.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

A test to determine alcohol concentration shall be taken within two hours after the person is apprehended. A test to determine the presence of a drug or a controlled dangerous substance shall be taken within four hours after the person is apprehended (Md. Code CJ § 10-303).

504.5.1 TYPE OF TEST

A blood test may be required: (Md. Code CJ § 10-305):

- (a) To determine alcohol concentration when:
 - 1. Injuries to the person require removal of the arrestee to a medical facility.
 - 2. Equipment for administering the test of breath is not available.
 - 3. An officer has reasonable grounds to believe a person who was involved in a motor vehicle accident that resulted in death or a life-threatening injury to another person was driving while under the influence or impaired by alcohol or drugs, pursuant to Md. Code TR § 16-205.1(c)(1)(ii) or (c)(1)(iii).
- (b) The officer reasonably believes that the impairment is caused by drug or controlled dangerous substance content.

In Delaware, officers choose the type of test that a person is required to take. In the event that the officer has reasonable grounds to believe that the person's impairment is due to drugs, a blood test and/or a urine test may be required even after a breath test has been administered (21 Del. C. § 2741).

504.5.2 STATUTORY NOTIFICATIONS

In Maryland, officers shall advise the detained person that:

- (a) Neither a refusal nor the taking of a preliminary breath test shall prevent or require a subsequent chemical test (Md. Code TR § 16-205.2(b)).
- (b) Upon receipt of a sworn statement from the officer that the person was charged with DUI/DWI and refused to take a test, or was tested and the result indicated an alcohol concentration of 0.08 or more, the Motor Vehicle Administration (MVA) shall (Md. Code TR § 16-205.1(b)):
 - 1. Suspend the person's driving privilege pursuant to state law.

Delmar Police Department

Policy Manual

Under the Influence/Impaired Driving

2. Disqualify the person's privilege to operate a commercial vehicle pursuant to state law.

The result of the preliminary breath test shall be used only to decide whether an arrest should be made (Md. Code TR § 16-205.2(c)).

In Delaware, when an officer requests a sample from a person and the person indicates that he/she will refuse such request, the officer may proceed with the implied consent warning or obtain a warrant to secure the sample (21 Del. C. § 2741; 21 Del. C. § 2742).

If the person was operating a CMV, the officer must inform the driver of the consequences of refusal as required by 21 Del. C. § 2614.

504.5.3 BREATH SAMPLES

The Patrol Commander should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Department members obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Commander.

A breath test shall be administered at the direction of an officer by a qualified person trained in the use of equipment that has been approved by the Department of State Police Forensic Sciences Division. The arresting officer may not administer the breath test (Md. Code CJ § 10-304(b)).

Unless otherwise required by law, a breath test shall be used to determine alcohol concentration (Md. Code CJ § 10-305(a)).

504.5.4 BLOOD SAMPLES

Only a qualified medical person trained in the use of equipment that has been approved by the Department of State Police Forensic Sciences Division or the State of Delaware shall draw blood to collect blood samples. The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task (Md. Code CJ § 10-304(c)(1)) (21 Del. C. § 2746).

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.6 CHEMICAL TESTS DE

A person implies consent under Delaware law to a chemical test or tests, and to providing the associated chemical sample, when an officer has (21 Del. C. § 2740; 21 Del. C. § 2614):

Delmar Police Department

Policy Manual

Under the Influence/Impaired Driving

- (a) Probable cause to believe the person was driving, operating, or in physical control of a vehicle while under the influence of alcohol and/or drugs.
- (b) Probable cause to believe a person under the age of 21 drove, operated or was in actual physical control of a vehicle while consuming or after having consumed alcoholic liquor.
- (c) Stopped or detained a person who was operating a commercial motor vehicle (CMV) and has probable cause to believe that the driver has alcohol or drugs in his/her system.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.6.1 STATUTORY NOTIFICATIONS DE

When an officer requests a sample from a person and the person indicates that he/she will refuse such request, the officer may proceed with the implied consent warning or obtain a warrant to secure the sample (21 Del. C. § 2741; 21 Del. C. § 2742).

If the person was operating a CMV, the officer must inform the driver of the consequences of refusal as required by 21 Del. C. § 2614.

504.7 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should (Md. Code TR § 16-205.1(b)(2)):

- (a) Advise the arrestee of the requirement to provide a sample and the administrative sanctions or criminal penalties for refusal (Md. Code TR § 16-205.1(b)(1)).
- (b) Audio- and/or video-record the admonishment and the response when practicable.
- (c) Document the refusal in the appropriate report.

Any person who drives, operates or is in physical control of a commercial motor vehicle and refuses to take a chemical test to determine the alcohol concentration shall be placed out of service for the 24-hour period immediately following the time the officer detects alcohol in the driver's blood or breath (Md. Code TR § 16-813(b)).

504.7.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to an alcohol concentration test or a drug and controlled dangerous substance test, officers shall (Md. Code TR § 16-205.1(b)(3)) (21 Del. C. § 2742):

- (a) Confiscate the person's driver's license.
- (b) Personally serve an order of suspension of the driver's license on the person.
- (c) Issue a temporary license to drive.
- (d) Inform the person that the temporary license allows the person to continue driving for 45 days in Maryland and 15 days in Delaware.

Delmar Police Department

Policy Manual

Under the Influence/Impaired Driving

- (e) Inform the person of his/her rights, as listed on the MVA Advice of Rights form.
- (f) Send the Delaware driver's license to the Division of Motor Vehicles (DMV) along with the required certification.
- (g) If the person was operating a CMV in Delaware, submit a sworn report to the DMV certifying that the person refused to submit to a test or had a test result with an alcohol concentration of 0.04 or more (21 Del. C. § 2614).

504.7.2 BLOOD SAMPLE WITHOUT CONSENT MD

A blood sample should be obtained when any of the following conditions exist:

- (a) A person has refused to submit to a chemical test and the officer has reasonable grounds to believe that the person was involved in a vehicle accident while driving under the influence of alcohol or a controlled substance that resulted in serious bodily injury or death of another (Md. Code TR § 16-205.1(c)(1)).
- (b) The officer has reasonable grounds to believe a person was driving while under the influence of alcohol or a controlled substance and the person is dead, unconscious or otherwise in a condition that renders him/her incapable of refusing a test. (Md. Code CJ § 10-305; Md. Code TR § 16-205.1(d)(1)).
- (c) A warrant is required if either of these circumstances exists, unless the officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay resulting from an accident investigation or medical treatment of the person.

504.7.3 BLOOD SAMPLE WITHOUT CONSENT DE

A blood sample may be obtained from a person who refuses to submit to a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay resulting from a collision investigation or medical treatment of the person.
 - 1. This includes when an officer has probable cause to believe that a person was involved in a fatality collision while DUI and exigent circumstances exist that would delay or preclude the officer from obtaining a warrant (21 Del. C. § 2740).

504.7.4 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

Delmar Police Department

Policy Manual

Under the Influence/Impaired Driving

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to providing such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

504.8 ARREST AND INVESTIGATION

504.8.1 REPORTING

The Patrol Commander shall ensure that this department complies with all state reporting requirements pursuant to Md. Code TR § 16-205.1(b)(3)(viii).

504.8.2 COLLISIONS DE

When an officer is investigating a fatality collision and does not have probable cause to believe that the collision is DUI-related, the factors leading to this determination shall be included in the officer's report (21 Del. C. § 2740).

504.8.3 TEST ADMINISTERED BY OUTSIDE PHYSICIAN

A person is permitted to have a physician of his/her own choosing administer tests, in addition to the test administered at the direction of an officer. In the event a test was neither offered nor requested by the officer, the person may request, and the officer shall have administered, one or more of the tests provided by state law (Md. Code CJ § 10-304(e)).

Under the Influence/Impaired Driving

504.9 RECORDS SECTION RESPONSIBILITIES

The Administrative Commander will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.10 ADMINISTRATIVE HEARINGS

The Administrative Commander will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the MVA or DMV.

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the MVA or DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibilities for issuing, correcting, voiding and dismissing Safety Equipment Repair Order (SERO), traffic and parking citations.

505.2 POLICY

It is the policy of the Delmar Police Department to enforce traffic laws fairly and equally. Authorized members may issue a SERO, traffic citation, parking citation, written or verbal warning based upon the circumstances of the contact and in the best interest of the motoring public and community safety.

505.3 RESPONSIBILITIES

The Records Section shall be responsible for the supply and accounting of all SERO, traffic and parking citation books issued to members of this department using Motor Vehicle Administration (MVA) inventory withdrawal forms (COMAR 11.17.18.01; COMAR 11.17.18.02). Citations and SERO forms will be kept in a secure location and issued to members by the Records Section staff. SERO forms (MSP Form 157) may be obtained from the Maryland State Police (MSP) Automotive Safety Enforcement Division (ASED).

Members will sign for the SERO or citation books when issued or upon return of unused citations. A traffic citation book may not be reassigned to another member or another law enforcement agency without the prior authorization of the MVA. Members may not lend, borrow or share traffic citations (COMAR 11.17.18.03).

The Chief of Police or the authorized designee shall submit a report on official letterhead advising the MVA within five days of any lost, stolen, mutilated or destroyed traffic citation (COMAR 11.17.18.04(B)).

Upon request, the Chief of Police or the authorized designee shall account for the disposition of traffic citations in a format and within the time required by MVA (COMAR 11.17.18.04(D)).

505.3.1 WRITTEN OR VERBAL WARNINGS

Written or verbal warnings may be issued when the department member believes it is appropriate. The Records Section should maintain information relating to traffic stops in which a written warning is issued. Written warnings are retained by this department in accordance with the established records retention schedule.

505.4 TRAFFIC CITATIONS

Delmar Police Department

Policy Manual

Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

505.4.1 ISSUANCE

Upon issuing a traffic citation, members shall ask the person to acknowledge receipt of a copy of the citation and advise the person that failure to acknowledge receipt may lead to the person's arrest (Md. Code TR § 26-201(b); Md. Code TR § 26-203).

Following issuance of a traffic citation, members shall promptly file an electronic or written copy of the citation with the District Court. If the person acknowledges receipt on a written copy of the citation, members shall keep that copy to produce as evidence if required in court and dispose of the other copies of the citation in accordance with the regulations adopted by the MVA (Md. Code TR § 26-407(b)).

505.4.2 CORRECTION

When a traffic citation is issued but is in need of correction, the member issuing the citation shall submit the citation and a letter to his/her immediate supervisor requesting a specific correction. Once approved, the citation and letter shall then be forwarded to the Records Section. The Administrative Commander or the authorized designee shall prepare a letter of correction to the District Court having jurisdiction and notify the citation recipient in writing.

505.4.3 VOIDING

Voiding a traffic citation may occur when the citation has not been completed or when it is completed but not issued. All copies of the voided citation shall be presented to a supervisor for approval. The citation and copies shall then be forwarded to the Records Section.

505.4.4 DISMISSAL

Members of this department do not have the authority to dismiss a traffic citation once it has been issued. Upon a review of the circumstances involving the issuance of the traffic citation, the Patrol Commander may request a patrol supervisor to recommend dismissal. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal (Md. Code TR § 26-407(c); Md. Code TR § 26-407(g)).

Any request from a recipient to dismiss a citation shall be referred to the District Court (Md. Code TR § 26-408).

Prior to a court hearing, a member may submit a request for dismissal of a traffic citation to his/her supervisor. The request must be in writing and should include the reason for dismissal (i.e., in the interest of justice, prosecution is deemed inappropriate). Upon a review of the circumstances involving the issuance of the traffic citation, the supervisor may forward the request to the Patrol Division Commander to recommend dismissal. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal.

Should a member determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the member may request the court to dismiss the citation. Upon such dismissal, the member shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required, and forward it to the Patrol Division Commander for review.

Delmar Police Department

Policy Manual

Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

505.4.5 DISPOSITION

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the member's immediate supervisor for review by the end of each shift. The citation copies shall then be filed with the Records Section.

Upon separation from appointment or employment with this department, all members who were issued traffic citations books shall return any unused citations to the Records Section.

505.4.6 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing a juvenile a citation.

505.4.7 INCIDENTS INVOLVING INJURY DE

When a uniform citation or summons is issued for an incident involving injury to a person other than the cited party, the citing officer will note on the citation or summons that the offense is injury-related (21 Del. C. § 711).

505.4.8 DATA COLLECTION

Whenever an officer conducts a traffic stop and detains the driver for any period of time for a violation of the Maryland Vehicle Law, he/she shall document the stop as required by law (Md. Code TR § 25-113(d)).

The following are exempt from the reporting requirement:

- Checkpoint or roadblock stops
- Stops of multiple vehicles due to a traffic accident or emergency situation requiring vehicles to stop for public safety purposes
- Stops based on the use of radar, laser or Visual Average Speed Computer and Recorder (VASCAR) technology
- Stops based on the use of automated license plate reader (ALPR) technology

Traffic stop data shall be reported and reviewed as specified in the Bias-Based Policing Policy.

505.5 PARKING CITATION APPEALS

Parking citations may be appealed in accordance with local and state law.

An appeal of a parking citation must be received by this department at least five days prior to the date of payment set forth on the citation. The Patrol Commander shall forward a copy of the notice of intention to stand trial and a copy of the parking citation to the District Court (Md. Code CJ § 7-302(d); Md. Code TR § 26-303(a)).

If the presence of the member who issued the citation is required at trial and the Department has received notice, the member shall appear at trial. Absent proper notice, the member need not

Delmar Police Department

Policy Manual

Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

appear at the trial and the copy of the citation bearing the certification of the member is prima facie evidence of the facts stated in it (Md. Code TR § 26-303(b)).

505.6 SERO

An officer may issue a SERO for defective safety equipment on all classes of Maryland registered motor vehicles, trailers and semi-trailers except those vehicles displaying historic license plates, interchangeable license plates and temporary registration plates. Specific equipment violations subject to a SERO is maintained by the MSP and are included on the SERO form (Md. Code TR § 23-105(a)).

An officer shall complete a visual inspection and certification upon contact by a member of the public or as assigned (Md. Code TR § 23-105(c)).

505.7 RECORDS

For each citation issued, this department shall keep:

- (a) Every citation, or a record of every citation, for at least three years after issuance (COMAR 11.17.18.04).
- (b) A record of the disposition of the charge by the District Court (Md. Code TR § 26-407(e)).

Disabled Vehicles

506.1 PURPOSE AND SCOPE

This policy establishes guidelines for department members who provide assistance to motorists in disabled vehicles within the primary jurisdiction of the Delmar Police Department.

506.2 POLICY

It is the policy of the Delmar Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

506.3 RESPONSIBILITIES

When an on-duty member of this department sees a disabled vehicle on the roadway, the member should make a reasonable effort to provide assistance. If this is not reasonably possible, the police communication officer should be advised of the location of the disabled vehicle and the need for assistance. The police communication officer should then assign another department member to respond as soon as practicable.

506.4 ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department members will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

506.4.1 MECHANICAL REPAIRS

Department members shall not make mechanical repairs to a disabled vehicle. The use of push bumpers, with consent of the owner, to relocate vehicles to a position of safety is not considered a mechanical repair.

506.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.4.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and dispositions of criminal investigations.

600.2 POLICY

It is the policy of the Delmar Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary and what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Delmar Police Department

Policy Manual

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS MD

An officer conducting a custodial interrogation of an individual who is suspected of having committed any violent felony offense, including murder, rape, sexual offense in the first degree or sexual offense in the second degree, shall make reasonable efforts to create an audiovisual recording in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings (Md. Code CP § 2-402).

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the detective supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. An audio or audiovisual recording made by a law enforcement unit of a custodial interrogation of a criminal suspect is exempt from the Maryland Wiretapping and Electronic Surveillance Act (Md. Code CP § 2-403).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 AUDIO/VIDEO RECORDINGS DE

Any custodial interrogation of a juvenile or an adult relating to a crime or delinquent act shall be recorded (audio and video) in its entirety, including required warning, advice of rights of the individual being questioned, and the administration of Miranda rights, when the interrogation takes place at any public safety facility unless (11 Del. C. § 2003; 1 Del. Admin. Code 801-27.0):

- The individual refuses to participate, or continue to participate, if the interrogation is recorded (11 Del. C. § 2006; 1 Del. Admin. Code 801-27.0).
 - If the refusal occurs prior to beginning the interrogation, documentation of the individual's agreement to participate without a recording must be signed by the individual.
 - If the refusal occurs after the interrogation has commenced, the individual's agreement must be recorded electronically.
- The recording equipment fails (11 Del. C. § 2009; 1 Del. Admin. Code 801-27.0).

Delmar Police Department

Policy Manual

Investigation and Prosecution

- Recording would jeopardize the safety of any person or reveal the identity of a confidential informant (11 Del. C. § 2008; 1 Del. Admin. Code 801-27.0).
 - An explanation as to why an electronic recording would disclose the informant's identity must be documented at the time of the interrogation or as soon as reasonably practicable.
- Recording is not feasible due to exigent circumstances (11 Del. C. § 2005; 1 Del. Admin. Code 801-27.0).
 - The officer conducting the interrogation shall make a recording explaining the exigent circumstances as soon as reasonably practicable.
- The interrogation occurs in another state in accordance with that state's law (11 Del. C. § 2007).

For custodial interrogations that take place in a department vehicle or at a school, the same requirements apply except that an audio recording or a body-worn camera recording of the interrogation is sufficient (11 Del. C. § 2003; 1 Del. Admin. Code 801-27.0).

In the event that any custodial interrogation is not recorded, the reason for not making a recording, a summary of the custodial interrogation process, statements made by the individual, and, if applicable, why the interrogation was held outside of a Cutcliffe Test facility or vehicle shall be documented in the appropriate report as soon as reasonably practicable (11 Del. C. § 2003; 1 Del. Admin. Code 801-27.0).

Interrogations should comply with the rules established by POST (11 Del. C. § 2014; 1 Del. Admin. Code 801-27.0).

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete, and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.3 NOTICE OF RECORDING DE

Custodial interrogations may be recorded overtly or covertly (1 Del. Admin. Code 801-27.5.1) (see the Portable Audio/Video Recorders Policy).

600.5 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division

Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor; charges have been filed; further investigation is not reasonable, warranted or requested; and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6.1 REOPENING OF A DEATH INVESTIGATION

The Detective Division Commander shall review and reopen or reinvestigate, as appropriate, any death for which the Department is notified by the medical examiner that the cause or manner of death was amended or corrected to be undetermined or homicide. These cases must not be closed for at least 20 years (Md. Code PS § 3-531).

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic

examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Md. Code CR § 3-301 et seq. (Sexual Crimes) and Delaware Code, Title 11, chapter 5, subpart D - Sexual Offenses.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims (Md. Code CP § 11-923).

601.2 POLICY

It is the policy of the Delmar Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates, and support for the victim (Md. Code CP § 11-926).
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

Delmar Police Department

Policy Manual

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report shall be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call the victim makes to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should not be asked or required to take a polygraph examination as a condition for proceeding with an investigation (34 USC § 10451, 11 Del C. § 9420).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing (Md. Code PS § 2-504(a)(3)(iii)).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

Delmar Police Department

Policy Manual

Sexual Assault Investigations

- (a) Offer the alleged victim the opportunity to be taken immediately to the nearest medical facility. The offer shall be made without regard for the place of the alleged sexual assault or where it is reported (Md. Code CP § 11-924(b)).
- (b) Inform any victim who wants to remain anonymous and not file a criminal complaint that the victim may file a criminal complaint in the future (Md. Code CP § 11-926).
- (c) Submit any sexual assault evidence collection kit and any associated reference standards to a forensic laboratory for analysis within 30 days of receipt unless (Md. Code CP § 11-926):
 - 1. Clear evidence exists that disproves the sexual assault allegation.
 - 2. The alleged facts do not amount to a sexual assault, abuse, a crime relating to prostitution, or another covered crime.
 - 3. The victim from whom the evidence was collected declines to give consent for testing.
 - 4. The evidence was collected from a suspect who has pleaded guilty to the offense for the purpose of entry into the Combined DNA Index System (CODIS).
- (d) If not already completed, take steps to enter any eligible results of the analysis of a kit into CODIS (Md. Code CP § 11-926).
- (e) Promptly retrieve sexual assault evidence collection kits upon notice of their availability (e.g., a hospital calls and advises a kit is ready for law enforcement collection) (COMAR 02.08.01.04).
- (f) Record in the department's records management system all information necessary for reporting the required information about sexual assault evidence collection kits in the member's control or possession to the reporting program established by the Governor's Office of Crime Prevention and Policy and ensure compliance with related regulations (Md. Code CP § 11-926.1). See the Records Section Policy for reporting responsibilities.

Additional guidance regarding evidence retention and destruction is found in the Property Policy.

601.6.2 DNA TEST RESULTS

Members investigating sexual assault cases should (Md. Code CP § 11-926; COMAR 02.08.01.03):

- (a) Within 30 days of any request by a victim, provide notification regarding the department's decision as to whether to send a sexual assault evidence kit for analysis; and if sent, the status and results, unless doing so would impede or compromise the investigation.
- (b) If no request is made, victims should be notified of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA

Delmar Police Department

Policy Manual

Sexual Assault Investigations

databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in COMAR 02.08.02.04 and the Victim and Witness Assistance Policy.

Members investigating sexual assault cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Patrol Commander.

Classification of a sexual assault case as unfounded requires the Patrol Commander to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.8 CASE REVIEW

The Patrol Commander should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Patrol Commander should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.

Delmar Police Department

Policy Manual

Sexual Assault Investigations

- (b) Qualified Investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations, or any person's due process rights.

It is the policy of the Delmar Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeitures.

A large amount of money alone is insufficient to establish the probable cause required to make a seizure.

Property that should not be seized for forfeiture includes:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds (Md. Code CP § 12-102).

 10. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (j) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement personnel and attorneys who may assist in these matters is available.
- (k) Ensuring that the Department disposes of property as provided by law following any forfeiture.
- (l) Ensuring that the process of selling or adding forfeited property to department inventory is in accordance with all applicable laws and consistent with the use and disposition of similar property.
- (m) Upon completion of any forfeiture process, ensuring that no property is retained by the Delmar Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.
- (n) Ensuring that an annual report is filed with the Maryland Statistical Analysis Center of the Governor's Office of Crime Prevention and policy as required by Md. Code CP § 12-602.

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and Town financial directives.

602.7 DISPOSITION OF FORFEITED PROPERTY

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

Policy Manual

Asset Forfeiture

If an order of forfeiture is not entered by the court, the Department shall return to the owner that part of the proceeds and any costs of the forfeiture proceedings paid from the proceeds of the sale (Md. Code CP § 12-503; Md. Code CP § 13-534).

After a full court hearing, if the court determines that the property should not be forfeited, the property shall be promptly returned to the legal owner (Md. Code CP § 12-402; Md. Code CP § 13-534).

Whenever property is forfeited by the court under the Controlled Dangerous Substances or Human Trafficking laws, the property may be kept for official use, destroyed or otherwise disposed of, or the Department may sell the property if the law does not require the property to be destroyed and the property is not harmful to the public (Md. Code CP § 12-403; Md. Code CP § 13-529).

Whenever property is forfeited under a violation of gun laws, the Department may only retain the property for official use, destroy the forfeited property, or sell, exchange, or transfer the forfeited property to another law enforcement agency for official use by that agency (Md. Code CP § 13-206(a)).

Shared forfeiture proceeds from a state law enforcement agency under the Controlled Dangerous Substances law shall be deposited in the Town general fund (Md. Code CP § 12-403(e)).

Forfeiture proceeds under the Maryland Mortgage Fraud Protection Act shall be deposited in the state's general fund (Md. Code CP § 13-407(c)(4)).

Proceeds from a violation of the Human Trafficking laws shall be deposited to the Town General Fund (Md. Code CP § 13-530).

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Delmar Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Delmar Police Department for a benefit (.e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Delmar Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol or tobacco products, the use of any juvenile 13 years of age or older as an informant is only permitted when authorized by court order.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

Delmar Police Department

Policy Manual

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Drug Task Force officer or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Delmar Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of a member of the command staff.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of a member of the command staff.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.

Delmar Police Department

Policy Manual

Informants

The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Drug Task Force officer's office. The Drug Task Force officer or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Drug Task Force officer or their authorized designees.

The Administrative Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Drug Task Force officer is replaced, the files will be audited before the new Drug Task Force officer takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

Delmar Police Department

Policy Manual

Informants

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph

- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented

- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Drug Task Force officer will discuss the above factors with the Administrative Commander and recommend the type and level of payment, subject to approval by the Chief of Police.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

Delmar Police Department

Policy Manual

Informants

- (a) Payments of \$500 and under may be paid in cash from a Drug Task Force buy/expense fund.
 - 1. The Drug Task Force officer shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 - 1. The check shall list the case numbers related to and supporting the payment.
 - 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 - 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 - 4. Authorization signatures from the Chief of Police and the Town Manager are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.

 - 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Drug Task Force officer or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

Delmar Police Department

Policy Manual

Informants

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Md. Code PS § 3-506).

604.1.1 DEFINITIONS

Definitions related to this policy include (Md. Code PS § 3-506.1):

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Delmar Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Patrol Commander shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Delmar Police Department

Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification (Md. Code PS § 3-506.1).
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures, instructions and identification statement.
- (j) A signed statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure (Md. Code PS § 3-506.1).

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup (Md. Code PS § 3-506.1).

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably

Delmar Police Department

Policy Manual

Eyewitness Identification

standout. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.6.1 MULTIPLE EYEWITNESSES

When there are multiple eyewitnesses (Md. Code PS § 3-506.1):

- (a) The identification procedure shall be conducted separately for each eyewitness.
 - 1. Instructions shall be provided to each eyewitness outside the presence of other eyewitnesses.
- (b) The suspect shall be placed in a different position for each identification procedure conducted for each eyewitness.
- (c) The eyewitnesses may not be allowed to communicate with each other until all identification procedures have been completed.

604.6.2 MULTIPLE SUSPECTS

If an eyewitness has previously participated in an identification procedure in connection with the identification of another person suspected of involvement in the offense, the fillers in the identification procedure shall be different from the fillers used in any prior identification procedure (Md. Code PS § 3-506.1).

604.6.3 NUMBER OF LINEUP MEMBERS

Lineups shall consist of the following number of members, not including the suspect (Md. Code PS § 3-506.1).

- (a) For a live lineup, at least four persons.
- (b) For a photo lineup, at least five photographs.

604.7 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.

Delmar Police Department

Policy Manual

Eyewitness Identification

- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.8 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification shall be documented in the case report (Md. Code PS § 3-506.1).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness shall be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

A written record is not required if a video or audio record of the identification procedure is made that captures all of the information specified in Md. Code PS § 3-506.1.

Brady Information

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the Delmar Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Delmar Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Delmar Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

Delmar Police Department

Policy Manual

Brady Information

605.4 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the Town Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.5 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member whose file is related to the motion shall be notified of the potential presence of *Brady* information.
- (b) The prosecuting attorney or Town Attorney should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (d) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, a protective order should be requested from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the

Delmar Police Department

Policy Manual

Brady Information

information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

605.8 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Unmanned Aerial System

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned aerial system (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means.

606.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

606.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

606.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

Delmar Police Department

Policy Manual

Unmanned Aerial System

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

606.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

606.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.

Delmar Police Department

Policy Manual

Unmanned Aerial System

- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

606.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Delmar Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

Warrant Service

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution (Md. Code CP § 1-203).
 - 1. No-knock warrant applications shall be consistent with the requirements of state law (Md. Code CP § 1-203).
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Information Policy).

607.6.1 WARRANT EXECUTION PROCEDURES

The operations director should establish procedures regarding execution of search warrants (e.g., appropriate approvals and training, time of service limitations, measures for participants to be identifiable and recognizable as uniformed officers, use of body-worn cameras where required) (Md. Code CP § 1-203).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

Delmar Police Department

Policy Manual

Warrant Service

- (b) Body-worn cameras should be used by officers executing the warrant (Md. Code CP § 1-203) (see the Portable Audio/Video Recorders Policy).
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person.

607.9 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.10 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

Delmar Police Department

Policy Manual

Warrant Service

607.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Delmar Police Department are utilized appropriately. Any concerns regarding the requested use of Delmar Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Delmar Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Delmar Police Department when assisting outside agencies or serving a warrant outside Delmar Police Department jurisdiction.

607.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.13 DOCUMENTATION

The operations director or the authorized designee shall document information about all warrant services, to include:

- (a) Date and time of executed or attempted service.
- (b) Name of officers executing or attempting service.
- (c) Name of person on whom the legal process was served or executed.
- (d) Method of service.
- (e) Location of service or attempted service.

Delmar Police Department

Policy Manual

Warrant Service

- (f) Reason for nonservice.

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

607.14 TRAINING

The Administrative Commander should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Delmar Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Delmar Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Special Weapons And Tactics (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Delmar Police Department

Policy Manual

Operations Planning and Deconfliction

8. Canines
 9. Property and Evidence or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

Delmar Police Department

Policy Manual

Operations Planning and Deconfliction

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
- 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
- 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
 - 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Delmar Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 SWAT PARTICIPATION

If the operations director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

608.11 TRAINING

The Administrative Commander should ensure officers and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to,

Delmar Police Department

Policy Manual

Operations Planning and Deconfliction

topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Forensic Genetic Genealogy

609.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

609.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

609.2 POLICY

The Delmar Police Department's use of FGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to maintain the

Delmar Police Department

Policy Manual

Forensic Genetic Genealogy

integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

609.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements (Md. Code CP § 17-102):

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing, is reasonably believed to have been deposited by a perpetrator of a covered crime, and was collected from:
 - 1. A crime scene.
 - 2. A person, item, or location connected to the investigation.
 - 3. The unidentified human remains of a suspected homicide victim.
- (b) Unless the crime being investigated presents an ongoing threat to the public, all reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

609.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

609.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit FGG for the type of case being investigated. The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation (Md. Code CP § 17-102).

Delmar Police Department

Policy Manual

Forensic Genetic Genealogy

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

609.5.1 ADDITIONAL REQUIREMENTS FOR SUBMISSION

The DNA typing laboratory used to obtain the SNP DNA profile and any genetic genealogist must be licensed as outlined in Md. Code CP § 17-104 (Md. Code CP § 17-102). Further, any genetic genealogy site used must provide notice to its users that law enforcement may use its site to investigate crimes and identify human remains and seek their acknowledgment and express consent (Md. Code CP § 17-102).

609.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

609.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained in accordance with Md. Code CP § 17-102 prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different. A DNA sample shall not be collected covertly from a third party who has already refused to provide consent (Md. Code CP § 17-102).

The use of a third-party DNA sample shall be limited to the original underlying investigation (Md. Code CP § 17-102).

609.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Delmar Police Department

Policy Manual

Forensic Genetic Genealogy

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

609.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process (Md. Code CP § 17-102). The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for department records. The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the FGG process be returned to the Department.

609.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained for the minimum period established by law and destroyed as permitted or required by Maryland law (Md. Code CP § 17-102). The lead investigator should coordinate with the property custodian and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the FGG process.

See the Property Policy for guidelines regarding biological evidence, including DNA samples.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

The policy addresses the care of department-owned property and the role of the Department when personal property, the property of another or department-owned property is damaged or lost.

700.2 POLICY

Members of the Delmar Police Department shall properly care for department property assigned or entrusted to them. Department-owned property that becomes damaged shall be promptly replaced. Members' personal property that becomes damaged during the performance of assigned duties will be reimbursed in accordance with this policy.

700.3 DEPARTMENT PROPERTY

All property and equipment issued by the Department shall be documented in the appropriate property sheet or equipment log. Receipt of issued items shall be acknowledged by the receiving member's signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

700.3.1 CARE OF PROPERTY

Members shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property that has been assigned or entrusted to them.

Intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Members shall promptly report, through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment.
 - 1. A supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.
 - 2. A review by command staff should determine whether additional action is appropriate.
- (b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or otherwise reasonable by circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

Delmar Police Department

Policy Manual

Department-Owned and Personal Property

- (d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.
- (e) A supervisor's approval is required before any attempt to repair damaged or unserviceable property is made by a member.

700.4 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or appropriate Division Commander. The member should submit a request that includes a description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons who are not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as part of work.

700.4.1 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage to, or loss of, personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report.

The supervisor receiving such a report shall investigate and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by command staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the Town department responsible for issuing payments.

700.5 DAMAGE TO PROPERTY OF ANOTHER

Members who intentionally or unintentionally damage or cause to be damaged the real or personal property of another while performing any law enforcement function shall promptly report the damage through their chain of command.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

A review of the incident by command staff to determine whether misconduct or negligence was involved should be completed.

700.5.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage or cause to be damaged the real or personal property of the Town of Delmar or of another person while performing their duties within the jurisdiction of this department. It shall be the responsibility of this department member present or the member responsible for the property to report the damage as follows:

Delmar Police Department

Policy Manual

Department-Owned and Personal Property

- (a) A verbal report shall be made to the member's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Delmar Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable Maryland Public Information Act (PIA) laws or Delaware FOIA laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance.

Delmar Police Department

Policy Manual

Personal Communication Devices

Department-issued or funded PCDs may not be used for personal business either on or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Delmar Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for

appropriate compensation consistent with policy or existing collective bargaining agreements or memorandums of understanding, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.
- (f) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

Delmar Police Department

Policy Manual

Personal Communication Devices

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a PCD while driving is only permitted for officers who are acting within the scope of their official duties. However, such use can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Therefore, officers should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD (Md. Code TR § 21-1124.2).

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Md. Code TR § 21-1124.2). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.2 POLICY

The Delmar Police Department will service department vehicles to ensure they remain operational and maintain their appearance, as resources allow.

702.3 GENERAL DUTIES

Members are responsible for assisting in maintaining department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

702.4 DEFECTIVE VEHICLES

702.7 WASHING OF VEHICLES

Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain the professional appearance of the Department.

Patrol officers shall obtain clearance from the police communication officer before going to the car wash. Only one patrol vehicle should be at the car wash at a time unless otherwise approved by a supervisor.

Members using a vehicle shall remove any trash or debris at the end of their shifts. Confidential material should be placed in a designated receptacle that has been provided for shredding this material.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the Town of Delmar to provide assigned take-home vehicles.

Additional guidelines for member responsibilities when transporting persons in custody may be found in the Transporting Persons in Custody Policy.

703.2 POLICY

The Delmar Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Shift Supervisor shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Supervisor. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance provider or car wash.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

Delmar Police Department

Policy Manual

Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DATA TERMINAL

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify Dispatch. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

703.3.6 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

703.3.7 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than Town personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Alongs Policy.

703.3.8 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.9 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

703.3.10 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

Delmar Police Department

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.4.2 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be at the discretion of the Chief of Police

Members are cautioned that under federal and local tax rules, personal use of a Town vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall be used for work-related purposes.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes, personal errands or transports.
- (c) Members of the officers immediate family, to include spouse, child, brother, sister, parents or parents-in-law, grandparents, or guardians of the officer, are permitted to accompany the member when operating their assigned vehicle off-duty. Members are responsible for the behavior and appearance of the passengers.
- (d) Members will not take their assigned vehicle out of Wicomico or Sussex County's except on official business or with the authorization of their division commander or the Chief of Police.
- (e) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (f) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (g) Unattended vehicles are to be locked and secured at all times.

- (i) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (j) The member is responsible for the care and maintenance of the vehicle.

703.4.3 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Delmar Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.4.4 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

Delmar Police Department

Policy Manual

Vehicle Use

- (d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) All weapons shall be removed from any vehicle left for maintenance.
- (f) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

703.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also be recorded with the Shift Supervisor on the shift assignment roster.

703.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic accident or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic accident report shall be filed with the agency having jurisdiction (see the Traffic Accidents Policy).

Damage to any department vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Shift Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.7 TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempt from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

- (a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the Town for any toll fees incurred in the course of official business.
- (b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Commander within five working days explaining the circumstances.

703.8 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Informants policies.

704.2 POLICY

It is the policy of the Delmar Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

704.3 PETTY CASH FUNDS

The Chief of Police shall select a member of the Department as the fund manager. This person is responsible for maintaining and managing petty cash funds. In the absence of the fund manager, the Chief of Police may delegate this responsibility to an authorized designee.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

704.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

704.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the Town.

Delmar Police Department

Policy Manual

Cash Handling, Security and Management

704.6 ROUTINE CASH HANDLING

Members who handle cash as part of their regular duties, e.g., property custodians, the Drug Task Force supervisor and those who accept payment for department services will discharge those duties in accordance with the procedures established for those tasks (see the Property and Informants policies).

704.7 OTHER CASH HANDLING

Members who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Administrative Division Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

705.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

705.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

705.2 POLICY

The Delmar Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

705.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Workplace Safety and Health Policy to recommend new or improved PPE or additional needs for PPE.

705.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in COMAR 09.12.31.9999 and 29 CFR 1910.95.

705.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

Delmar Police Department

Policy Manual

Personal Protective Equipment

The Administrative Commander shall ensure eye protection meets or exceeds the requirements provided in COMAR 09.12.31.9999 and 29 CFR 1910.133.

705.6 RESPIRATORY PROTECTION

The Administration Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; COMAR 09.12.31.9999):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

705.6.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; COMAR 09.12.31.9999):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

Delmar Police Department

Policy Manual

Personal Protective Equipment

705.6.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; COMAR 09.12.31.9999):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

705.6.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; COMAR 09.12.31.9999).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

705.6.4 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; COMAR 09.12.31.9999).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; COMAR 09.12.31.9999):

Disposal of Media

810.1 SCOPE

This policy applies to all Delmar Police Department employees, contractors, temporary staff, and other workers at the Delmar Police Department, with access to FBI CJIS systems and/or data, sensitive and classified data, and media. This policy applies to all equipment that processes, stores, and/or transmits FBI CJI and classified and sensitive data that is owned or leased by the Delmar Police Department.

810.2 PURPOSE

To outline the proper disposal of media (physical or electronic) at the Delmar Police Department. These rules are in place to protect sensitive and classified information, employees and the Delmar Police Department. Inappropriate disposal of Delmar Police Department and FBI Criminal Justice Information (CJI) and media may put employees, the Delmar Police Department and the FBI at risk.

810.3 POLICY

When no longer usable, hard drives, diskettes, tape cartridges, CDs, ribbons, hard copies, print-outs, and other similar items used to process, store and/or transmit FBI CJI and classified and sensitive data shall be properly disposed of in accordance with measures established by the Delmar Police Department.

Physical media (print-outs and other physical media) shall be disposed of by the following method:

Shredding using Delmar Police Department shredders.

Electronic media (hard-drives, tapes cartridge, CDs, printer ribbons, flash drives, printer and copier Hard-drives, etc.) shall be disposed of by one of the following methods:

Overwriting (at least 3 times) - an effective method of clearing data from magnetic media. As the name implies, overwriting uses a program to write (1s, 0s, or a combination of both) onto the location of the media where the file to be sanitized is located.

Degaussing - a method to magnetically erase data from magnetic media. Two types of degaussing exist: strong magnets and electric degausses. Note that common magnets (e.g., those used to hang a picture on a wall) are fairly weak and cannot effectively degauss magnetic media.

Destruction – a method of destroying magnetic media. As the name implies, destruction of magnetic media is to physically dismantle by methods of crushing, disassembling, etc., ensuring that the platters have been physically destroyed so that no data can be pulled.

IT systems that have been used to process, store, or transmit FBI CJI and/or sensitive and classified information shall not be released from Delmar Police Department's control until the equipment has been sanitized and all stored information has been cleared using one of the above methods.

The TAC must disable all new accounts that have not been accessed within 30 days of creation. Accounts of individuals on extended leave (more than 30 days) should be disabled. (Note: Exceptions can be made in cases where uninterrupted access to IT resources is required. In those instances, the individual going on extended leave must have a manager-approved request from the designated account administrator or assistant.)

The TAC must be notified if a user's information system usage or need-to-know changes (i.e., the employee is terminated, transferred, etc.).

The TAC will remove or disable all access accounts for separated or terminated employees immediately following separation from the agency.

Temporary Custody of Juveniles

901.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Delmar Police Department (34 USC § 11133).

901.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held by law enforcement for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. This also includes any juvenile 11 years old or younger (Del. C. § 1002).

Maryland Juvenile offender - A juvenile 13 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest, or a juvenile 10 to 12 years of age who is alleged to have committed certain specified crimes that would subject an adult to arrest (e.g., crimes of violence, Md. Code CR § 14-101; aggravated cruelty to animals, Md. Code CR § 10-606; sexual offenses, Md. Code CR § 3-307; firearms offenses) (Md. Code CJ § 3-8A-01; Md. Code CJ § 3-8A-03). A juvenile offender also includes a juvenile in custody for handgun possession by a person under age 21 years under Md. Code PS § 5-133 (28 CFR 31.303).

Delaware Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (10 Del. C. § 901). It also includes handgun offenses under 11 Del. C. § 1448 and purchasing, owning, possessing, or controlling a deadly weapon or ammunition for a firearm that meets the requirements of 11 Del. C. § 1448 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct, visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail or other object.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

901.2 POLICY

The Delmar Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

901.3 ENFORCEMENT PRINCIPALS

- (a) Primary Guideline
 - 1. Officers dealing with juvenile offenders will use the least coercive among reasonable alternatives, consistent with preserving public safety, order, and individual liberty.
- (b) Enforcement Options
 - 1. Youthful offenders may be dealt with by officers of this department in one of the following ways:
 - (a) Outright release with no further action;
 - (b) Counseling by the department alone;
 - (c) Referral to the Department of Juvenile Services (DJS) by issuance of a juvenile citation;
 - (d) Formal arrest

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

(c) Factors to be Considered

1. Officers will consider the following factors when making diversion decisions relating to juvenile offenders:
 - (a) The nature of the alleged offense;
 - (b) The age and circumstances of the alleged offender;
 - (c) The alleged offender's record, if any;
 - (d) The availability of community-based rehabilitation programs;
 - (e) Whether a recommendation for diversion is or was made by a complainant or victim; and
 - (f) The requirements of the law

901.4 ENFORCEMENT GUIDELINES CRITERIA

Department policies on juvenile enforcement operations are governed in large part by Maryland and Delaware state laws. This section explains guidelines and criteria for officers in dealing with juvenile matters.

(a) Field Contact/Informal release of Juveniles

1. Based on the age of the juvenile and circumstances of a case, officers may seek alternatives to citation or arrest in minor juvenile cases. Where victims are involved, they must be informed and agree with an officer's intention to seek an alternative. Alternatives available to officers include:
 - (a) Verbal warnings
 - (b) Consulting with and arranging for corrective action by parents
2. The purpose of releasing the child to the parent is to verify the child's identification and to give the officer the opportunity to discuss the matter with the parents. Through this involvement, it is hoped that parents will initiate corrective measures. This action involves the parents immediately and tends to reinforce the seriousness of the situation.

(b) Juvenile Petition (Maryland)

1. The juvenile petition is a mechanism for referring the juvenile to the Department of Juvenile Services for case screening and resolution. Police officers whose investigations confirm delinquent acts may refer the juvenile to the Department of Juvenile Services by issuing a juvenile petition. The juvenile petition is used for referrals for both custodial arrests (arrests that meet warrantless arrest criteria) and non-arrest situations where the delinquent act does not meet warrantless arrest criteria (i.e., misdemeanor not committed in the officer's presence), provided that probable cause has been established. Juvenile petitions are also used to charge violations of the Motor Vehicle Law under certain circumstances, instead of the Maryland traffic citation.

(c) Juvenile Civil Citations (Maryland)

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

1. Maryland Juvenile Civil Citations may be issued to juveniles for violation of certain alcohol abuse laws and tobacco violations. The purpose of the juvenile civil citation is to enable officials presiding over juvenile hearings to order the suspension of the driver's license of a juvenile who violated one of the alcohol offenses. If the juvenile is not licensed, the hearing officer may order the Motor Vehicle Administration not to issue the defendant a driver's license, for a specified period of time from the time the defendant makes an application for a license.
 2. The DJS has requested that the juvenile's home telephone number be written on the juvenile civil citation. Juvenile Services workers can contact the parents quicker to reschedule a hearing and advise them of the charges if the phone number is available. Mail a copy of the citation to the parents.
- (d) Juvenile Complaint and Warrant (Delaware)
1. A Juvenile Complaint and Warrant is a mechanism for referring the juvenile to the Family Court for case screening and resolution. Police officers whose investigations confirm delinquent acts may refer the juvenile to the Family Court by completing and submitting a Juvenile Complaint and Warrant. The Juvenile Complaint and Warrant is used for referrals for both custodial arrests (arrests that meet warrantless arrest criteria) and non-arrest situations where the delinquent act does not meet warrantless arrest criteria (i.e., misdemeanor not committed in the officer's presence), provided that probable cause has been established. Juvenile Complaint and Warrants are also used to charge violations of the Motor Vehicle Law under certain circumstances.
- (e) Field release without further action, release with verbal warning, or release to parents or responsible adult.
1. Appropriate in incidents where no violation was determined or where the violation was very minor and officers explained the law and consequences.
 - (a) No property damage or personal injury was involved
 - (b) No prior record
 - (c) May include contact with parent if appropriate. Examples of these incidents include, but are not limited to curfew violations and disorderly conduct.

901.5 JUVENILE TRAFFIC ENFORCEMENT

- (a) **In Maryland**, Juveniles who commit violations of Motor Vehicle Law are processed in the following manner:
1. Juveniles less than 16 Years of Age - All traffic offenses committed by juveniles less than 16 years of age are charged on the Juvenile Citation, not the Maryland Uniform Complaint and Citation. A hearing date should be set by the officer, and the citation and incident report will be forwarded to the Department of Juvenile Services for a hearing.
 2. Juveniles 16 Years and Older – Incarcerable Offenses - If a juvenile 16 years or older commits a traffic violation carrying a penalty of incarceration, all traffic

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

charges arising from the same event are charged on a juvenile citation and referred to the State's Attorney's Office for prosecution.

- (a) Do not set hearing date
 - (b) Write "State's Attorney's Office" on the top of the juvenile citation and the incident report, and forward to the Department of Juvenile Services.
 - (c) A complete list of incarcerable offenses appears at Title 27 of the Transportation Article (Section 27-101), a copy of which is available to all officers.
3. Juveniles 16 Years and Older – Violations Carrying No Penalty of Incarceration - Violations of the motor vehicle laws committed by juveniles age 16 and over, which carry no penalty of incarceration, will be charged on the Maryland Uniform Complaint and Citation in the same manner as for an adult. The charges will be tried in the District Court.
- (b) **In Delaware**, Juveniles who commit violations of Motor Vehicle law are processed in the following manner:
- 1. Generally, juveniles who have committed a traffic violation will not be taken into custody. In the event a juvenile is taken into custody, the parents, custodian or legal guardian will be notified and the juvenile released to their custody.
 - 2. The officer will obtain the juvenile's name, date of birth, the parents' names, and the address and telephone of both parents.
 - 3. If a juvenile under the age of sixteen years of age is arrested for a traffic offense the paperwork for that offense will be forwarded to Family Court. If the juvenile is over sixteen years of age but less than eighteen years of age a Mandatory Appearance for the Justice of the Peace Court will be issued and a parent or legal guardian will accompany the juvenile to court.
 - 4. In all cases where a juvenile is taken into custody, the officer is responsible for notifying the juvenile's parents of the circumstances as soon as possible. If the officer deems that further custody is required pending a hearing, he must contact Family Court.

901.6 RUNAWAYS AND TRUANTS

Taking a Runaway into custody

- (a) When probable cause exists that a juvenile has run away from home, the officer shall perform the following:
 - 1. Verify status as a runaway.
 - 2. Take the child into custody.
 - 3. Release the juvenile to a parent, guardian, legal custodian, or other person acting for a parent. If a parent cannot be located, take the juvenile to the Delmar Police Department and make contact with the Maryland Department of Juvenile Services and or the Delaware Division of Family Services.
 - 4. An officer will remain with the juvenile until disposition is made.

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

5. Notify Communications to remove the runaway report from the computer system.
 6. Officers shall complete an incident report for any runaway taken into custody.
 7. For out-of-town runaways, take the child into custody and verify runaway status with the entering jurisdiction. If a detention order is on file, follow the instructions for serving a detention order.
 - (a) Notify parents that the child is in custody.
 - (b) If the child is to be released and the parents cannot respond within a reasonable period of time, then notify the Maryland Department of Juvenile Services and or the Delaware Division of Family Services for a determination of disposition.
- (b) Taking a Truant into Custody
1. When custody occurs because a juvenile is a reported truant by school officials, the juvenile shall be taken into custody and delivered to the appropriate school personnel and released.
 2. The officer shall complete an incident report which includes the name of the person notifying the parent of the truancy and the name of the person to whom the juvenile was released.

901.7 PROTECTIVE CUSTODY

- (a) A law enforcement officer may take protective custody of a child without a court order for the following reasons and no others:
1. Upon discovery of a child in a situation of danger to the child's physical health or safety when the sole purpose is to deliver the child without unnecessary delay to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child.
 2. Upon the voluntary delivery of the child, by the parent, managing conservator, guardian, caretaker, or custodian who is entitled to possession of the child.
 3. Upon personal knowledge of facts which would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining or protective order or writ.
 4. Upon information furnished by another which has been corroborated by personal knowledge of facts and all of which taken together would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining or protective order or writ.
 5. Upon personal knowledge of facts that would lead a person of ordinary prudence and caution to believe that the child has been the victim of sexual abuse and that there is no time to obtain a temporary restraining or protective order or writ.
 6. Upon information furnished by another that has been corroborated by personal knowledge of facts and all of which taken together would lead a person of

Policy Manual

ordinary prudence and caution to believe that the child has been the victim of sexual abuse and that there is no time to obtain a temporary restraining or protective order or writ.

(b) Emergency Treatment For Juveniles

1. In the absence of the responsible parent or guardian, police officers are expected to immediately take custody of any juvenile found to be in need of emergency medical care and to see that the juvenile is taken to an emergency hospital for treatment.

(c) Procedures To Take Custody Of The Juvenile

1. When it is found that a juvenile has been injured or is ill to the extent that immediate emergency care is necessary to protect the physical well-being of the juvenile and no responsible parent or guardian can be found, the below listed procedures are followed to obtain the necessary medical care in an expedient manner:
 - (a) The officer takes custody of the juvenile either in person or requests emergency medical services and orders the juvenile taken to the nearest competent emergency hospital.
 - (b) The officer utilizes all available resources to immediately contact a parent or guardian (school officials, etc).
 - (c) The officer then causes the immediate notification of the Maryland Department of Social Services and or the Delaware Division of Family Services of the circumstances at hand and furnishes them with the following information:
 - i. Name, race, and date of birth of the juvenile.
 - ii. Parent's name and address if available.
 - iii. What hospital the juvenile has been taken.
 - iv. What efforts have been made to contact the child's parents or guardian.
2. Follow-Up Investigation:
 - (a) The officer conducts a follow-up investigation at the receiving hospital, being sure to explain the circumstances at hand to the proper hospital representative.
 - (b) The Criminal Investigation Division is available to take over hospital follow-up investigations when it becomes apparent that such investigations will be lengthy or complex.
 - (c) The Criminal Investigations Division will follow-up if it becomes apparent that the child's injury is due to criminal conduct on the part of any person.

901.8 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit certain behaviors or conditions should not be held at the Delmar Police Department. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Mental Health Evaluations Policy).
 - 1. If the officer taking custody of a juvenile believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.
- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (e) Extremely violent or continuously violent behavior.
- (f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Officers taking custody of a juvenile exhibiting any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and should notify a supervisor of the situation. These juveniles should not be held at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

901.9 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Delmar Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Department without authorization of the arresting officer's supervisor or the Shift Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to another authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Department (34 USC § 11133).

901.9.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Delmar Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

901.9.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

A truant 15 years of age or younger should not be held for more than two hours at the department while attempting reunification with a parent or guardian (14 Del. C. § 2723).

The following offenses require a citation in lieu of custody absent a separate justification for custody (Md. Code CJ § 3-8A-33):

- (a) Alcoholic beverage violations (Md. Code CR § 10-113; Md. Code CR § 10-114; Md. Code CR § 10-115; Md. Code CR § 10-116)
- (b) Possession of *Salvia divinorum* (Md. Code CR § 10-132)
- (c) Table game and video lottery terminal violations (Md. Code CR § 10-136)
- (d) Alcohol possession or consumption on school premises (Md. Code ED § 26-103)
- (e) Use or possession of cannabis (Md. Code CR § 5-601)

901.9.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Delmar Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Maryland Juvenile offenders are subject to custody when (Md. Code CJ § 3-8A-14; Md. Code CJ § 3-8A-19.5):

- (a) An officer has probable cause to believe the juvenile committed an offense that would subject an adult to arrest or violated a peace order.
- (b) There is a valid warrant for the juvenile's arrest (Md. Code CJ § 3-8A-14.1).

An officer should contact the court or an intake officer in cases when there is reason to believe a juvenile offender in custody may need to be detained because the juvenile needs protection, the juvenile is a danger to others, or the juvenile is likely to abscond (Md. Code CJ § 3-8A-15).

Delaware Juveniles 11 years old or younger may be taken into custody for violent felonies as described in 10 Del. C. § 1002, but should be treated as a juvenile non-offender while in department custody.

Officers who have taken a juvenile offender into custody should file a complaint with appropriate juvenile authorities when there is reason to suspect any of the following apply (10 Del. C. § 1007):

- (a) The juvenile is a fugitive, an escapee, or a runaway from placement.
- (b) The juvenile has committed an offense, that, if committed by an adult, would constitute any felony or a class A misdemeanor involving violence, a sexual offense, unlawful imprisonment, or a weapons offense.

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

- (c) The juvenile has failed to appear in court in the past or there are other facts suggesting a substantial probability that the juvenile will fail to appear in court.
- (d) The juvenile has intimidated a witness or interfered with the administration of justice.
- (e) The juvenile committed the offense after being placed in a non-secure detention facility, out-of-home residential or foster care setting, and the parent, guardian, custodian, or facility refuses to take custody of the child.
- (f) The juvenile breached a condition of release or committed the current offense after already being released on a charge that could have warranted detention.

901.9.4 QUALIFIED OFFENDERS OF CERTAIN OFFENSES DE

An officer who has reason to believe that a qualified juvenile offender has committed or is attempting to commit a qualifying act of delinquency may issue the juvenile a civil citation as provided in the Juvenile Offender Civil Citation Program (10 Del. C. § 1004A).

An officer should advise the juvenile that the juvenile may refuse the civil citation and instead be subject to being taken into custody. To initiate a civil citation, an officer shall enter required information into the Law Enforcement Investigative Support System (LEISS). The officer shall submit the civil citation through LEISS to the Civil Citation Coordinator.

If an officer is later notified by the Civil Citation Coordinator that the juvenile has been unsuccessfully discharged from the program, the officer may arrest the juvenile and initiate delinquency proceedings. An arrest should not be made when use of marijuana or liquor offenses led to the citation or for juveniles 11 years of age or younger referred to the program under 10 Del. C. § 1002 (10 Del. C. § 1004A).

A juvenile offender is qualified to participate in the program if the juvenile has no prior adjudication of delinquency and no prior referral into the Juvenile Offender Civil Citation Program or any other diversion program. A juvenile who has a prior referral may still be qualified for the program if more than 12 months have passed since the prior referral.

Juveniles 11 years old or younger may be eligible for a citation under the Juvenile Offender Civil Citation Program (10 Del. C. § 1004A).

901.10 NOTIFICATIONS

When a Maryland juvenile is taken into custody, officers should immediately notify the juvenile's parent, guardian, or custodian of the custody, the reason for the custody, the juvenile's location, and how to meet with the juvenile. Other reasonable attempts to communicate this information should be made if direct contact cannot be immediately made (Md. Code CJ § 3-8A-14; Md. Code CP § 2-108). If the juvenile has been taken into protective custody, the officers should also immediately notify the county department of social services (Md. Code CJ § 3-814). If there is reason to believe that the juvenile is a victim of sex or human trafficking, as soon as practicable, officers shall notify the appropriate regional navigator, report to the local department of social services, and release the juvenile to a parent, guardian, or custodian, or to social services, as appropriate (Md. Code CJ § 3-8A-14).

Delmar Police Department

Policy Manual

If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

Juveniles have the right to the same religious accommodation as an adult in temporary custody (see the Temporary Custody of Adults Policy).

901.15 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Delmar Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

Delmar Police Department

Policy Manual

Temporary Custody of Juveniles

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

901.17.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the locked enclosure to ensure there are no weapons or contraband and that the area is clean and sanitary. An inspection should be conducted when the juvenile is released. Any damage noted to the area should be photographed and documented.

The following requirements shall apply:

- (a) Anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces, and jackets, shall be removed.
- (b) The juvenile shall constantly be monitored by an audio/video system during the entire temporary custody.
- (c) The juvenile shall have constant auditory access to department members.

 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being.
 - 3. Juveniles who are sleeping or apparently sleeping should be awakened.
 - 4. Requests or concerns of the juvenile should be logged.
- (f) Males and females shall not be placed in the same locked room.

No custodial interrogation of a juvenile should occur without the juvenile having consulted with an attorney and without an actual or attempted contact of a parent, guardian, or custodian as set forth in Md. Code CJ § 3-8A-14.2 (Md. Code CJ § 3-8A-14.2; Md. Code CP § 2-405). Associated documentation of the attorney contacted and the contact or efforts to contact a parent, guardian, or custodian are also to be made (Md. Code CJ § 3-8A-14.2; Md. Code CP § 2-405).

All custodial interrogations of juveniles should be recorded in an audio and video format (e.g., body-worn camera) and only after the juvenile is advised the interrogation will be recorded (Md. Code CJ § 3-8A-14.2; Md. Code CP § 2-405).

Interrogations or interviews of Delaware juvenile suspects shall be recorded when conducted at the Delmar Police Department or vehicle or at a school (11 Del. C. § 2003). See the Investigation and Prosecution Policy for specific recording requirements.

901.20 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

Any department record, including fingerprints and photographs, concerning a child is confidential and shall be maintained separate from those of adults. These may not be divulged, by subpoena or otherwise, except by order of the court upon good cause shown or as otherwise provided by law (Md. Code CJ § 3-8A-27(a)).

901.21 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Custodial Searches

902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants, or weapons into the Delmar Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors, and the public.

Guidance for custody searches when transporting a person in custody may be found in the Transporting Persons in Custody Policy.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Delmar Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

Delmar Police Department

Policy Manual

Custodial Searches

902.3.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Delmar Police Department identification number and information regarding how and when the property may be released.

902.3.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.4 STRIP SEARCHES AND MODIFIED STRIP SEARCHES

No individual in temporary custody at any Delmar Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe (1) the individual has a health condition requiring immediate medical attention or (2) is concealing a weapon or contraband and there are exigent circumstances requiring their retrieval. No individual in temporary custody at the Delmar Police Department shall be subjected to a modified strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
 - 1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

Custodial Searches

- (g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

902.4.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Shift Supervisor authorization and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Supervisor authorization does not need to be in writing.

902.5 STRIP SEARCH AND PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches and non-exigent strip searches shall be subject to the following:

- (a) No individual shall be subjected to a physical body cavity search and non-exigent strip search without written approval of the Shift Supervisor and only upon a search warrant or approval of legal counsel. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).
- (b) Only a physician or other qualified medical practitioner may conduct a physical body cavity search.
- (c) Except for the physician conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.
- (d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.
- (e) All such searches shall be documented, including:
 - 1. The facts that led to the decision to perform a physical body cavity search of the individual.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.
 - 3. The Shift Supervisor's approval.

902.7 GENDER IDENTITY OR EXPRESSION CONSIDERATIONS

If an individual who is subject to a strip search or physical body cavity search has a gender identity or expression that differs from their sex assigned at birth, the search should be conducted by members of the same gender identity or expression as the individual, unless the individual requests otherwise.

902.8 JUVENILES

No juvenile should be subjected to a strip search or a physical body cavity search at the Department.

The Chief of Police or the authorized designee should establish procedures for the following:

 1. Procedures should include keeping a juvenile suspected of concealing a weapon under constant and direct supervision until custody is transferred to the receiving facility.
- (b) Providing officers with information identifying appropriate medical and juvenile detention facilities to which a juvenile should be transported for a strip or body cavity search.

Nothing in this section is intended to prevent an officer from rendering medical aid to a juvenile in emergency circumstances (see the Medical Aid and Response Policy for additional guidance).

903.6.1 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the Town Manager. The Chief of Police or Town Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All department members shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor who engages in sexual abuse shall be prohibited from contact with individuals in custody and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with individuals in custody by a contractor.

903.8 REVIEWS AND AUDITS

903.8.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include command staff and seek input from supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the department facility.
- (c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by department members.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (b) Identification of any corrective actions taken.
- (c) Recommendations for any additional corrective actions.

Delmar Police Department

Policy Manual

Prison Rape Elimination

The report shall be approved by the Chief of Police and made readily available to the public through the department website. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from department facilities and private facilities with which it contracts shall be made readily available to the public at least annually. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

903.9 RECORDS

The Delmar Police Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is in custody or is a member of the Department, plus five years (28 CFR 115.171).

All current department members who may have contact with individuals in custody shall be trained within one year of the effective date of the PREA standards. The Department shall provide annual refresher information to all such members to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Prisoner Processing and Holding Facility

904.1 PURPOSE AND SCOPE

Officer in Charge – The "on duty" shift supervisor

Prisoner – Any person under arrest or under protective custody.

904.4 PROCEDURES

(a) Booking

1. Booking is both a law enforcement process and a holding facility procedure. As a law enforcement action, it is the official recording of an arrest and identification of the arrested person, place, time, arresting officers, and the reason for arrest. In the holding facility, it is a procedure for the admission of a person charged with an offense and includes searching, the collection of personal history data, medical screening, and taking into account any injuries, or special needs of the prisoner, inventory and storage of the individual's personal property, and fingerprinting and photographing of the prisoner when applicable.
2. It should be remembered that Supreme Court decisions indicate that the booking procedures constitute "a critical stage of the proceedings against a defendant." Members of the department shall carry out the booking procedures in a firm, efficient, and business-like manner.
3. The booking officer shall be in complete charge of the booking procedure, subject to orders from the Officer in Charge. Officers not involved in the arrest or booking shall not congregate in the booking area; they shall not comment adversely toward the prisoner, and shall not carry on a conversation with the arresting officers(s) during the booking procedure.

Delmar Police Department

Policy Manual

Prisoner Processing and Holding Facility

(a) Department Arrest Report

1. The Delmar Police Department Arrest Report shall serve as the arrest record of all persons arrested for crimes by members of the Delmar Police Department. It is a computer generated report form containing the information needed to develop a profile on the subject and is used by the booking officer for gathering all pertinent and mandatory information regarding the prisoner. Whenever possible, a female officer, shall be called in for every female arrest, and shall be charged with the overall supervision of female detainees.

(b) Booking Forms

1. The booking officer shall be familiar with all departmental booking forms, computer operations associated with booking procedures, and make certain that the appropriate forms are completed during the booking process. ALL INFORMATION SHALL BE CONFIRMED WITH THE PRISONER.

(c) Booking Forms to Be Complete

1. It is the responsibility of the booking officer and Officer in Charge to make certain that all booking forms are as complete and as accurate as possible. Every detainee will be positively identified before release.

(b) Booking Security

1. During the booking of any prisoner, the arresting officer(s) or, if not present, the transporting officer(s) shall remain in the booking area with the prisoner. The presence of the arresting or transporting officer(s) during the entire booking procedure is mandatory, unless excused by the booking officer. Additional restraints and monitoring may be needed and will be accomplished after an assessment is made by the Officer in Charge.
2. Violent, self destructive and severely intoxicated prisoners may be immediately searched and placed in a cell if the booking officer determines that immediate confinement is appropriate for the safety of the officers and/or prisoner. If the prisoner is physically out of control, violent or becomes an apparent threat to himself and/or others, the officer will request assistance and place the detainee in the restraint chair. Such prisoners will be segregated from all other detainees in the cell area.
3. Handcuffs shall remain on the prisoner until the booking officer authorizes their removal.
4. Other prisoners awaiting booking shall be kept under constant observation and shall be controlled in such a manner as to prevent their interfering with the booking process.
5. In the interest of security, when booking a prisoner into or out of the facility, all entry doors to the booking area shall be closed.

Delmar Police Department

Policy Manual

Prisoner Processing and Holding Facility

(c) Firearms: **No firearms shall be allowed in the booking or cell areas during the processing, detention, or release of prisoners.**

1. The garage door and service pistols shall be secured before prisoner(s) are removed from the transporting vehicle.
2. Inside officers who are called upon to assist in booking or controlling a prisoner shall place their firearms in the lockers provided for this purpose in the hall prior to entering the booking area.
3. Officers who enter the cellblock areas during the normal course of business shall, prior to entry, secure their firearms in the lockers provided in the squad room.

(d) Inventory Check of Prisoners

1. A routine inventory check is justified when a prisoner is booked. The inventory of a suspect's personal belongings has been upheld as necessary both to preserve them while he is incarcerated and to safeguard the police from a later groundless claim that some item has not been returned (U.S. v Lipscomb, 435 F. 2nd 796, 5th Cir. [1970]).

(a) Time of Inventory Check

1. No search of a prisoner shall be conducted, except in cases of emergency, until directed by the booking officer. Maximum safety is provided if the search is conducted before handcuffs are removed.

(b) Method of Inventory Check

1. All prisoners upon being booked shall be searched (including body searches if deemed appropriate by the Officer in Charge) for contraband. Officers are to be aware of the fact that prisoners will frequently attempt to secrete contraband on their persons and shall conduct all searches in such a manner that all articles that can present any threat to the prisoner, officers, or the facility are found.

(c) Extent of Inventory Check

1. Prisoners shall be checked for all personal property. This shall include the clothing, all articles in possession of the person, such as contents of suitcases, handbags, shopping bags, and any other place on or in possession of the prisoner where property could be maintained or concealed.
2. Any container (or any item reasonably appearing to be a container) found on the arrestee's person or carried by him at the time of his arrest shall be opened and its contents inventoried. Any locked container for which the arrestee has a key among his other personal belongings shall be opened and its contents inventoried. Any locked container for which the arrestee does not have a key among his other personal belongings shall be opened only if there is reasonable

Delmar Police Department

Policy Manual

suspicion to believe that the container contains any item posing a threat to the safety and security of the station or its personnel. The rule set forth in this paragraph applies equally to any container within any other container searched.

(d) Body Searches

1. The following guidelines and procedures shall be followed: **In all cases where a strip search or manual body cavity search is conducted, a report shall be submitted.**

(a) Strip Searches

- (a) The United States Supreme Court has described examinations of a person's genital and anal areas without any sort of touching to be a practice which distinctively gives... the most pause. *Bell v. Wolfish*, 441 U.S. 520 (1979).
- (b) Definition: A strip search is defined as when an arrested person's clothing is removed or rearranged so as to permit a visual inspection or a physical examination of the genitals, buttocks, anus, breasts, or undergarments of such person, which does not meet the definition of a body cavity search.
- (c) Strip searches shall be conducted only when, due to the circumstances and/or nature of arrest, the booking or arresting officer has probable cause to believe that a weapon(s), item(s) of evidentiary value, and/or contraband may be concealed upon the prisoner in a manner that would not lead to discovery of such by a conventional prisoner inventory search or search incident to arrest.
- (d) Strip searches shall be conducted only upon the authorization of the Officer in Charge, Chief of Police, or his designee, and shall be conducted in a manner that will minimize any embarrassment to the prisoner. Such searches must be performed by members of the same sex as the prisoner being searched, and conducted in a private room or area. Under no circumstances will a location be chosen, so as to humiliate or embarrass a prisoner.
- (e) Strip searches are distinguishable from body cavity searches. A strip search shall be limited to examining the prisoner's body as it exists, naked to ensure that weapon(s), item(s), of evidentiary value and/or contraband are not concealed under garments, with the exception of separating the prisoner's buttocks to

Delmar Police Department

Policy Manual

Prisoner Processing and Holding Facility

ensure weapon(s), item(s), of evidentiary value and/or contraband are not concealed just outside the anus.

- (f) If the booking officer has reason to believe that weapon(s), item(s), of evidentiary value and/or contraband may be secreted inside a body cavity, such as the anus or vagina, refer to section below. (Body Cavity Search)
- (b) Manual Body Cavity Search
 - (a) Where an officer seeks to conduct a search in someone's body, **a warrant must be issued by a judge, supported by a strong showing of particularized need and a high degree of probable cause.**
 - (b) Definition: A body cavity search is defined as a visual or physical examination into the body's recesses, including the anus, vagina, and internal organs of the body.
 - (c) Probable cause to believe that the contraband or other items of evidentiary value is actually inside the cavity must exist independent of whether there is probable cause to believe that the individual searched is hiding contraband elsewhere in his home or on his person.
 - (d) Manual body cavity searches are extremely intrusive and are only to be conducted when a search warrant has been obtained. The search warrant must be authorized by a Judge and not an Alderman. Once a search warrant has been obtained the body cavity search shall take place as soon as practicable.
 - (e) All body cavity searches require special hygienic procedures and shall be conducted only by qualified medical personnel. The prisoner shall be transported to a medical facility, pursuant to department policy to accommodate such a procedure.
 - (f) The medical facility shall be notified in advance so that a qualified medical professional may be located to conduct the search. Upon arrival at the facility, the staff of the medical facility shall be provided with a copy of the search warrant. Should the search reveal any contraband, items of evidentiary value and or weapons, such items shall be confiscated, tagged, and placed into evidence pursuant to department policy guidelines.

2. Discovery of Weapons/Drugs/Etc..

- (a) If, during the inventory search of a prisoner, items are discovered which are unlawful to possess, criminal complaints shall be initiated. These items will be submitted into evidence.

Delmar Police Department

 - (c) Ensure the removal of items dangerous to cell administration;
 - (d) To protect the department from charges of theft.
 - (e) Any search of prisoner's papers or other possessions for investigative purposes may be affected only upon obtaining either the prisoner's written consent or a search warrant.

4. Males

- (a) All male prisoners shall be searched before being placed into a cell. There shall be no exceptions to this procedure. Male prisoners shall be searched by male officers before being placed in a cell or as soon as practical. Male prisoners may be searched by female officers in the presence of another officer or video surveillance. Males shall be sight and sound separated from females.

5. Females

- (a) All female prisoners shall be searched before being placed into a cell. There shall be no exceptions to this procedure. Female prisoners shall be searched by female officers before being placed in a cell or as soon as practical. Female prisoners may be searched by male officers in the presence of another officer or video surveillance. Females shall be sight and sound separated from males.

(e) Prisoner Property

- 1. The following procedures will be used to ensure the security of the facility and of prisoner property:
 - (a) Inventory and Keeping of Prisoner Property: An accurate inventory of all prisoner property shall be conducted and recorded on the Prisoner Property report by the booking officer. An effort to make a full description of the property will be made. Property shall be secured in the prisoner property box corresponding in number to the cell assigned to the prisoner. The key to the locked cabinets shall be placed on the hook attached to the window of the prisoner's cell. When not in use, the key shall remain in the lock. **Evidence is not to be placed in the property box.** No property, whether personal property or evidence, is to be kept in the possession of the arresting officer.

Delmar Police Department

Policy Manual

Prisoner Processing and Holding Facility

- (b) All prisoner property shall be released upon release of a prisoner. The booking officer, or officer in charge of the release, shall cause the Prisoner Property form to be signed by the prisoner at the time of release. If the Delmar Police are transferring custody to another jurisdiction, court, etc., this will be considered a release for this purpose, and the transference of prisoner property shall be recorded in the same way. If there is a discrepancy in the property returned, or a prisoner complains that items are missing, an incident report to that affect will be submitted with a copy forwarded to the Patrol Lieutenant immediately.
 - 1. Under no circumstances will the Delmar Police hold prisoner property if the prisoner is not at the station unless said prisoner is transferred to a Correctional Institution. If a prisoner is transferred to a Correctional Institution, the Officer in Charge shall release the property, and cause the property to be re-entered into the property file under safe keeping. All property items should be individually listed. The property shall be placed into an prisoner evidence locker(s) in the processing area.
- (c) Prisoners, upon their release or return from a Correctional Institution, or their spouse, must personally request that their property be released to them. Any prisoner authorizing any other person to retrieve their belongings for them must have such authorization in writing, and their signatures notarized. The original, notarized authorization shall be retained by the Delmar Police Department and kept in the arrest file. The property shall be released pursuant to departmental guidelines.
- (d) Due to the temporary nature of their stay at the police facility, detainees are not allowed to receive mail or packages of any kind while incarcerated. Persons who wish to deliver money for the purposes of bail will be requested to deal directly with the District Court Commissioner or proper Delaware court upon his/her arrival.

Prisoner Processing and Holding Facility

- (c) It is the department's goal prisoners should not be held in a holding facility for more than six (6) hours. However, the department recognizes there are periods when this goal is unattainable because of excessive workload or unavailability of transportation officers. In cases where an adult prisoner must be detained in a holding facility longer than six hours, the Officer in Charge must briefly note the reason in the prisoner cell log. - (b) On arrival at the medical facility, the officer shall make a reasonable effort to segregate the prisoner from other patients and limit access to necessary medical personnel only. The officer should consider the safety of both the prisoner and the public. He/She shall take the appropriate measures to ensure the safety of medical personnel, other patients, and other people, not only at the medical facility, but also during transport, and elsewhere. The officer should make prior arrangements with the medical facility, notifying the security division.
 - (c) The transporting officer must use discretion as to the use of restraining devices. Obviously, if a prisoner is injured or sick enough to be totally incapacitated, restraining devices may not be appropriate. It is left to the officer's discretion as to when to use restraining devices in these particular situations.
- 2. Under no circumstances will an officer of the Delmar Police Department directly disperse any pharmaceuticals or other medication, including any over the counter medication, to a detainee. If a detainee needs medications, officers shall contact Delmar EMS to assist them in taking any prescription as prescribed on the medicine label, following all warnings. Dosages shall not be exceeded. Detainees who appear to be intoxicated, on other drugs or narcotics, or seem otherwise not suitable for taking their medications shall not be allowed to do so. Examples of this would be a detainee who is suicidal, or potentially suicidal.
- 3. An incident report will be created each time a detainee is assisted in taking prescribed medicines. The incident shall include the medicine, dosage, date and time of the dosage, and detail of who assisted. Conversely, an incident report will be created if the medicine was requested by the detainee, but not given due to factors, such as intoxicants.

The transporting officer should ensure that any special equipment (e.g., canes, wheelchairs, prosthetics) is transported to the person's destination in a way that does not threaten the safety or security of the person in custody or the officer.

Officers transporting a person who has a disability should consult with the person in custody and use good judgment in determining what, if any, restraining devices may be appropriate based on the person's disability to ensure the security, safety, and dignity of all persons.

905.7 TRANSPORTING ILL OR INJURED PERSONS IN CUSTODY

Should the person require transport in a medical transport vehicle, and the safety of any person, including the person in custody, requires the presence of an officer during the transport, Shift Supervisor approval is required before transport commences.

See the Mental Health Evaluations Policy for additional guidance.

905.10 INTERRUPTION OF TRANSPORT

Absent extraordinary circumstances, officers should not interrupt a transport to provide emergency assistance without supervisory approval. Officers encountering an emergency should notify Dispatch and request an appropriate response.

Performance Evaluations

1001.1 PURPOSE AND SCOPE

This policy provides guidelines for the Delmar Police Department performance evaluation system.

1001.2 POLICY

The Delmar Police Department shall use a performance evaluation system to measure, document and recognize work performance. The performance evaluation will serve as an objective guide for the recognition of good work and the development of a process for improvement.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 TYPES OF EVALUATIONS

The Department shall use the following types of evaluations:

Regular - An evaluation completed at regular intervals by the employee's immediate supervisor. Employees who have been promoted should be evaluated on the anniversary of the date of the last promotion.

When an employee transfers to a different assignment in the middle of an evaluation period and less than six months has transpired since the transfer, the evaluation should be completed by the current supervisor with input from the previous supervisor.

Special - An evaluation that may be completed at any time the supervisor and Division Commander or the authorized designee determine an evaluation is necessary to address less than standard performance. The evaluation may include a plan for follow-up action (e.g., performance improvement plan (PIP), remedial training, retraining).

[Officer Evaluation Form](#)

1001.3.1 RATINGS

When completing an evaluation, the supervisor will identify the rating category that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds standards - Performance is better than demonstrated by a competent employee. It is performance superior to what is required, but is not of such nature to warrant a rating of outstanding.

Meets standards - Performance of a competent employee. It is satisfactory performance that meets the standards required of the position.

Delmar Police Department

Policy Manual

Performance Evaluations

Needs improvement - Performance is less than the standards required of the position. A needs improvement rating shall be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be allowed to continue.

Supervisor comments may be included in the evaluation to document the employee's strengths, weaknesses and requirements for improvement. Any job dimension rating marked as unsatisfactory or outstanding shall be substantiated with supervisor comments.

1001.3.2 PERFORMANCE IMPROVEMENT PLAN

Employees who receive an unsatisfactory rating may be subject to a PIP. The PIP shall delineate areas that need improvement, any improvement measures and a timetable in which to demonstrate improvement. The issuing supervisor shall meet with the employee to review his/her performance and the status of the PIP at least monthly.

1001.4 EVALUATION PROCESS

Supervisors should meet with the employees they supervise at the beginning of the evaluation period to discuss expectations and establish performance standards. Each supervisor should discuss the tasks of the positions, standards of expected performance and the evaluation criteria with each employee.

Performance evaluations cover a specific period of time and should be based upon documented performance dimensions that are applicable to the duties and authorities granted to the employee during that period. Evaluations should be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the evaluating supervisor for input.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise and to acknowledge good work. Periodic discussions with the employee during the course of the evaluation period are encouraged. Supervisors should document all discussions in the prescribed manner.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

All supervisors shall receive training on performance evaluations within one year of a supervisory appointment.

1001.5 EVALUATION FREQUENCY

Supervisors shall ensure that all employees they supervise are evaluated at least once every year on the anniversary of the employee's date of appointment or hire.

Performance Evaluations

Those employees who are required to successfully complete a probationary period should be evaluated monthly.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed his/her evaluation, a private discussion of the evaluation should be scheduled with the employee. The supervisor should discuss the evaluation ratings and respond to any questions the employee may have. The supervisor should provide relevant counseling regarding advancement, specialty positions and training opportunities. Any performance areas in need of improvement and goals for reaching the expected level of performance should be identified and discussed. If the employee has reasonable objections to any of the ratings, the supervisor may make appropriate adjustments to the evaluation. The reason for such adjustments shall be documented.

Employees may write comments in an identified section of the evaluation. The supervisor and employee will sign and date the evaluation.

1001.6.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the supervisor shall provide access to and require the employee to read the Town harassment and discrimination policies and the Delmar Police Department Discriminatory Harassment Policy. - (a) The employee understands the harassment and discrimination policies.
- (b) The employee has had all questions regarding the policies sufficiently addressed.
- (c) The employee knows how to report alleged harassment and discrimination policy violations.
- (d) Whether the employee has been the subject of, or witness to, any unreported conduct that may violate the discrimination or harassment policies.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall ensure that appropriate follow up action is taken.

1001.7 APPEAL

An employee who disagrees with his/her evaluation may provide a formal written response that will be attached to the evaluation, or may request an appeal.

To request an appeal, the employee shall forward a written memorandum within three days to the evaluating supervisor's Division Commander or the authorized designee. The memorandum shall identify the specific basis for the appeal and include any relevant information for the reviewer to consider.

Grievances

1003.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the filing and processing of employee grievances.

1003.1.1 GRIEVANCE DEFINED

A grievance is a difference of opinion or dispute regarding the meaning, interpretation, or application of any of the following:

- The employee collective bargaining agreement or memorandum of understanding
- This Policy Manual
- Rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state, or local law, as set forth in the Personnel Complaints Policy.

1003.2 POLICY

It is the policy of the Delmar Police Department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint or retaliation against any employee who submits or is otherwise involved in a grievance.

1003.3 PROCESS

Grievances may be brought by an individual employee or by an employee group representative. Employees may have representation during the grievance process.

Except as otherwise required under a collective bargaining agreement or memorandum of understanding, if an employee believes that he/she has a grievance as defined above, that employee shall:

- (a) Attempt to resolve the issue through informal discussion with his/her immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the appropriate Division Commander.

Delmar Police Department

Policy Manual

 - 1. Submit a written statement of the grievance to the Chief of Police and provide a copy to the employee's immediate supervisor.
 - 2. Include the following information in the written statement:
 - (a) The basis for the grievance (i.e., the facts of the case).
 - (b) The allegation of any specific wrongful act and the harm done.
 - (c) The specific policies, rules or regulations at issue.
 - (d) The remedy or goal being sought by the grievance.
- (e) The supervisor shall provide the employee with a signed acknowledgment of the grievance that shall include the date and time of receipt.
- (f) The Chief of Police and the Town Manager should review the grievance and respond to the employee within 14 calendar days.
 - 1. The response will be in writing, and will affirm or deny the allegations.
 - 2. The response shall include any remedies, if appropriate.
 - 3. The decision of the Town Manager is considered final.

1003.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Administration Division for inclusion into a secure file for all written grievances. Copies of the documents should also be sent to the Department of Human Resources.

1003.5 POLICY OR TRAINING IMPLICATIONS

If an employee who participates in the grievance review process identifies any issue that may warrant an immediate revision to this Policy Manual, a procedural change or an immediate training need, the employee should promptly notify the Chief of Police in a memorandum.

1003.6 GRIEVANCE AUDITS

The Administrative Commander should perform an annual audit of all grievances filed the previous calendar year to evaluate whether any change in policy, procedure or training may be appropriate to avoid future grievances. The Administrative Commander should record these findings in a confidential memorandum to the Chief of Police without including any identifying information about any individual grievance.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement or memorandum of understanding.

1004.2 POLICY

The Delmar Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Delmar Police Department

Policy Manual

Anti-Retaliation

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the Human Resources Representative.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Delmar Police Department

Policy Manual

Anti-Retaliation

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

State law protects officers from discrimination or other negative consequences for disclosing mismanagement, waste, dangers to public health/safety, or law/policy violations, or for lawfully exercising constitutional rights (Md. Code PS § 3-110). State law also protects employees from discrimination or retaliation for opposing discriminatory practices prohibited by Md. Code SG § 20-601 et seq. or participating in matters related to possible violations of that law (Md. Code SG § 20-606).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Administrative Commander for investigation pursuant to the Personnel Complaints Policy.

1004.8 RECORDS RETENTION AND RELEASE

The Administrative Commander shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions and Court Orders

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions and court orders restrict their ability to perform the official duties and responsibilities of the Delmar Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction or court order disqualifies them from possessing a firearm.

1005.2 POLICY

The Delmar Police Department requires disclosure of member arrests, convictions and certain court orders to maintain the high standards, ethics and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

1005.3 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and Maryland law prohibits individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms or projectile weapons. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Md. Code PS § 5-133; 11 Del. C. § 1448).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS MD

COMAR 12.04.01.04 prohibits any individual who is ineligible under federal or Maryland law to possess or use a handgun from receiving or maintaining an officer certification through the Maryland Police Training and Standards Commission (MPTSC). Additionally, Md. Code PS § 3-107 and Md. Code PS § 3-212 require the termination and decertification of an officer who is convicted of a felony, perjury, or other misdemeanor related to truthfulness.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1005.5 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS DE

An officer who is convicted of any of the offenses or commits any of the acts listed in 11 Del. C. § 1448 is prohibited from possessing a firearm or projectile weapon.

A person who is prohibited from possessing a firearm or projectile weapon cannot be certified as an officer (1 Del. Admin. Code 801-3.0).

Delmar Police Department

Policy Manual

Reporting of Arrests, Convictions and Court Orders

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1005.6 REPORTING

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or projectile weapon or requires suspension or revocation of applicable MPTSC certification or Delaware POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing the member's duties, including carrying a firearm or projectile weapon, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination.

Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and at the member's own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1005.6.1 NOTIFICATION REQUIREMENTS MD

The Department shall report arrests or convictions to the MPTSC for possible suspension and revocation of any applicable certification (Md. Code PS § 3-212).

1005.6.2 NOTIFICATION REQUIREMENTS DE

The Chief of Police shall notify the post in writing of an officer's separation from employment within five days (1 Del. Admin. Code 801-4.0).

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding controlled dangerous substances (CDS) and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of the Delmar Police Department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and CDS use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis is prohibited and may lead to disciplinary action.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using CDS or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to CDS, medication or alcohol use.

Delmar Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and CDS problems (41 USC § 8103). Insurance coverage that provides treatment for CDS and alcohol abuse also may be available. Employees should contact the Town's Human Resources Representative, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or CDS problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member is on-duty informs a supervisor that he/she has consumed any alcohol, CDS or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol, CDS or medication, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any the following circumstances (Md. Code HG § 17-214(h)):

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or CDS that is impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

An officer who is under investigation may be ordered to submit to a blood alcohol test and/or a blood, breath, or urine test for CDS when the testing specifically relates to the investigation (Md. Code PS § 3-107).

1006.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or CDS, or both.

Delmar Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test (Md. Code PS § 3-107).
- (b) After taking a screening test that indicates the presence of a CDS, fails to provide proof, within 72 hours after being requested, that the employee took the CDS as directed, pursuant to a current and lawful prescription issued in the employee's name.

1006.7.3 TESTING REQUIREMENTS

The provisions of a collective bargaining agreement that cover preliminary drug testing of a job applicant preempt conflicting portions of this policy (Md. Code HG § 17-214(l)).

When an employee is required to be tested for job-related reasons for the use or abuse of any CDS or alcohol, this department shall:

- (a) When using a single-use test device, collect, handle, store and ship each specimen in a manner that maintains the employee donor's identity and confidentiality, the physical integrity of the specimen and precludes contamination of the specimen (Md. Code HG § 17-214(d)(1)).
- (b) Maintain a written record of the chain of custody of each specimen from the time that the specimen is collected until the time that the specimen is no longer needed for retesting (Md. Code HG § 17-214(d)(2)).
- (c) Have the specimen tested by a laboratory that is certified or otherwise approved and at the time of testing provide the name and address of the laboratory, if requested by the employee (Md. Code HG § 17-214(b)(1)).
- (d) Upon notice from the laboratory that an employee has tested positive, deliver to the employee by certified mail or in person and within 30 days from the date the test was performed (Md. Code HG § 17-214(c)(1)):
 - 1. A copy of the laboratory test indicating the test results.
 - 2. A copy of this policy.
 - 3. If applicable, written notice of intent to take disciplinary action, terminate employment or change the conditions of continued employment.
 - 4. A statement or copy of the provisions set forth in Md. Code HG § 17-214(e) which permits the employee to request independent testing of the same sample for verification of the test result.

Delmar Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

1006.7.4 DISCLOSURE OF INFORMATION

Information that may not be disclosed to the Department includes (Md. Code HG § 17-214(i)(1)):

- (a) The use of a nonprescription drug, excluding alcohol, that is not prohibited under state law.
- (b) The use of a medically prescribed drug, unless the employee being tested is unable to establish that the drug was medically prescribed for the employee in accordance with state law.

The prohibitions against disclosure of information do not apply to the extent that they prevent a person from complying with the applicable provisions of the federal Commercial Motor Vehicle Safety Act of 1986 and the federal Motor Carrier Safety Regulations (Md. Code HG § 17-214(i)(2)).

The results of a mandatory test are not admissible or discoverable in a criminal proceeding against an officer (Md. Code PS § 3-107).

1006.7.5 TRAINING

The Department shall establish a program to train individuals to collect specimens and perform CDS tests in the workplace in accordance with the provisions of Md. Code HG § 17-214(k).

The responsibilities of this department shall include:

- (a) Keeping a record of the training received by each trainee.
- (b) Establishing a procedure to ensure that each trainee receives the minimum training required to properly perform and demonstrate competency in performing the test.
- (c) Maintaining documentation that indicates the trainee has been trained in accordance with state law.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the employee's medical file in accordance with the Personnel Records Policy.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees is detailed in the Town personnel manual or applicable collective bargaining agreement or memorandum of understanding.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) or the Maryland Flexible Leave Act (Md. Code LE § 3-802).

1007.2 POLICY

It is the policy of the Delmar Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences.

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness (see the Outside Employment and Outside Overtime Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30-days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days shall be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return

Delmar Police Department

Policy Manual

Sick Leave

to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Town's Human Resources Representative as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, or tissue, or by breathing or coughing. These diseases commonly include but are not limited to hepatitis B virus (HBV), HIV, and tuberculosis.

Exposure - When an eye, mouth, mucous membrane, or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing, or coughing (i.e., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Delmar Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

The Delmar Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the personal protective equipment (PPE) (e. g., gloves, face masks, eye protection, pocket masks) that is appropriate for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Communicable disease prevention (Md. Code HG § 18-102).
 - 2. Reporting persons with contagious diseases to the local health board (16 Del. C. § 502).

Delmar Police Department

Policy Manual

3. Receiving and processing requests for exposure notifications from department members, and coordinating receipt of information from receiving medical facilities of possible member exposure to communicable diseases (16 Del. C. § 1202A; 16 Del. Admin. Code 4202-11.0).
4. Responding to a notification that an officer has been exposed to a contagious disease or virus (Md. Code HG § 18-213; Md. Code HG § 18-213.2; COMAR 10.35.01.17).
5. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

8. Providing protection and testing during a catastrophic health emergency as required by the Maryland Essential Workers' Protection Act (Md. Code LE § 3-1601 et seq.).

The ECO should also act as the liaison with Maryland Occupational Safety and Health (MOSH) and the Delaware Department of Health and Social Services and may request voluntary compliance inspections. The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks, and other specialized equipment in the work area or department vehicle, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes, and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing, portable radio) as soon as possible if the equipment is a potential source of exposure.

Delmar Police Department

Policy Manual

Communicable Diseases

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., cleanup, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited.

Delmar Police Department

Policy Manual

Communicable Diseases

The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Work-Related Injury and Illness Reporting and Workplace Safety and Health policies).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary. The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Seeking testing through the procedures in the Md. Code HG § 18-338.3 and COMAR 10.18.08.12.
- (c) Seeking testing through the procedures in Md. Code CP § 11-107 et seq. and COMAR 10.52.10.01 et seq.
- (d) Requesting results of an HIV test performed under 16 Del. C. § 715.
- (e) Requesting notification concerning exposure to a communicable disease pursuant to 16 Del. C. § 202A.
- (f) Court-ordered testing (11 Del. C. § 3916).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

Delmar Police Department

Policy Manual

Communicable Diseases

The ECO should seek the consent of the individual for testing and consult the Town Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
- (d) Shall include education and training on universal precautions established or approved by the Division of Public Health (16 Del. C. § 1204A; 16 Del. C. § 4202-11.0).

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Delmar Police Department facilities or vehicles.

For the purpose of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device that is intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

The Delmar Police Department recognizes that tobacco use is a health risk and can be offensive to others. Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as further outlined in this policy (Md. Code HG § 24-504; COMAR 04.05.01.03F).

1009.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited any time members are in public view representing the Delmar Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside Town facilities and vehicles.

1009.4 ADDITIONAL PROHIBITIONS

A "NO SMOKING" sign that conforms to the requirements of COMAR 10.19.04.06E shall be conspicuously displayed at every public entrance to an indoor area that is open to the public and at every public entrance to an indoor area that is open to the public where smoking is prohibited (COMAR 10.19.04.06).

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation, and disposition of complaints regarding the conduct of members of the Delmar Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment, or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY

The Delmar Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local laws; municipal and county rules; and the requirements of any collective bargaining agreement or memorandum of understanding.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy, or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy, federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Administrative Commander, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Administrative Commander, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Delmar Police Department

Policy Manual

Personnel Complaints

1010.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website (Md. Code PS § 3-515). Forms may also be available at other Town facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1010.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1010.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

- (a) The name of the officer.
- (b) A description of the alleged facts leading to the complaint.
- (c) Contact information of the person making the complaint.
- (d) Any other information required by law.

1010.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1010.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Supervisor.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Supervisor and the Chief of Police are notified via the chain of command as soon as practicable.

Delmar Police Department

Policy Manual

- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses, and telephone numbers of witnesses.

- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1010.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES (MD)

Whether conducted by a supervisor or a member of the Administrative Commander, the following applies to employees:

- (a) Interviews of an accused employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, the employee shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Delmar Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.

 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the employee in a criminal matter only after the employee has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview may be provided to the employee prior to any subsequent interview.
- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) All employees shall provide complete and truthful responses to questions posed during interviews.
- (k) No employee should be compelled to submit to a polygraph examination, nor should any refusal to submit to such examination be mentioned in any investigation (Md. Code PS § 3-107).

1010.6.3 ADMINISTRATIVE INVESTIGATION PROCEDURES (DE)

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty unless the gravity of the investigation, in the opinion of the investigator, is such a degree that immediate questioning is required. If the member is off-duty, the member shall be compensated.
- (b) Unless waived by the member in writing, interviews of an accused member shall be at the Department or other reasonable and appropriate place.
- (c) No more than two interviewers shall ask questions of an accused member.

- (f) All interviews should be for a reasonable period and the member's personal needs should be accommodated and rest periods provided as reasonably necessary.
- (g) No member should be subjected to offensive or threatening language, nor shall any promises, rewards, or other inducements be used to obtain answers.
- (h) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

 1. All members subjected to interviews that could result in discipline have the right to have an attorney or uninformed representative present during the interview unless waived in writing by the member. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (l) The interview shall be suspended for a reasonable period of time if the member requests representation, until such time as the member can obtain the representative requested if reasonably available.
 - (m) All members shall provide complete and truthful responses to questions posed during interviews.

Personnel Complaints

1010.6.4 ADMINISTRATIVE INVESTIGATION FORMAT

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

1010.6.5 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct. (11 Del. C. § 9200)

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1010.6.6 COMPLETION OF INVESTIGATIONS (MD)

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

A complaint of officer misconduct (as defined in Md. Code PS § 3-101) made by a member of the public is subject to immediate review and completion within a sufficient amount of time so that any

Delmar Police Department

Policy Manual

Personnel Complaints

disposition by the appropriate administrative charging committee can be accomplished within the obligated statutory timeframe (Md. Code PS § 3-113).

1010.6.7 COMPLETION OF INVESTIGATIONS (DE)

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

The Department shall complete the formal investigation (as defined in 11 Del. C. § 9200), regardless of the officer's employment status, and notify POST of any sustained finding (11 Del. C. § 9200).

1010.6.8 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1010.6.9 NOTICE RELATED TO OFFICER MISCONDUCT (MD)

The crime victim liaison should serve as the department's contact for the public in complaints related to officer misconduct covered by Md. Code PS § 3-101 et seq. and should (Md. Code PS § 3-108):

- (a) Explain to a complainant the various processes involved and any decisions made, including status updates through each stage.
- (b) Provide a complainant with an opportunity to review an officer's statement before completion of the department's investigation, with any redactions of protected information that may be required by law.
- (c) Provide any other support required by law.

The Department should create and maintain a database that enables a complainant to enter their case number to follow the status of the case throughout each stage, and the crime victim liaison should make sure that a complainant is provided information with how to access this database (Md. Code PS § 3-108).

1010.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1010.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

Delmar Police Department

Policy Manual

Personnel Complaints

- (a) May be required to relinquish any department badge, identification, assigned weapons, and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift and will report as ordered.

1010.8.1 EMERGENCY SUSPENSION

For complaints against officers covered by Md. Code PS § 3-101 et seq., administrative leave may only be imposed as provided by Md. Code PS § 3-107, which addresses when pay and law enforcement authority may be suspended and which limits suspensions to considerations of the public's best interest and a period of 30 days if the suspension is without pay.

1010.8 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Chief of Police may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1010.9.1 INVESTIGATOR RESPONSIBILITIES

Once the formal investigation is complete, the investigator shall inform the member in writing of the investigative findings, conclusions, and any recommendation for further action (11 Del. C. § 9200).

1010.9.2 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file, and any other relevant materials.

Delmar Police Department

Policy Manual

Personnel Complaints

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1010.9.3 CHIEF OF POLICE RESPONSIBILITIES (MD)

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

Guidance for transporting persons in custody may be found in the Transporting Persons in Custody and Handcuffing and Restraints policies.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (Md. Code TR § 22-412.2).

1011.2 POLICY

It is the policy of the Delmar Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

Child passengers under 8 years old and under 4 feet 9 inches tall shall be transported using an approved child restraint system in compliance with Md. Code TR § 22-412.2(d).

Child passengers under 16 years old shall be transported in an approved child restraint system or with a seat belt in compliance with Md. Code TR § 22-412.2(e).

A child safety seat or seat belt may not be used to restrain, seat or position more than one individual at a time (Md. Code TR § 22-412.2(g)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the

Delmar Police Department

Policy Manual

Seat Belts

front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

1011.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Fitness for Duty

1016.4.1 REPORTING

A supervisor observing a member, or receiving a report of a member who is perceived to be unable to safely or effectively perform his/her duties shall promptly document all objective information and/or observations.

The supervisor should attempt to meet with the member to inquire about the conduct or behavior giving rise to the concerns.

If a meeting does not resolve the supervisor's concerns or does not take place, the supervisor shall promptly document his/her observations and actions in a written report and inform the Shift Supervisor or the member's Division Commander.

1016.4.2 DUTY STATUS

In conjunction with the Shift Supervisor or the member's Division Commander, the supervisor should make a preliminary determination regarding the member's duty status.

If a determination is made that the member can safely and effectively perform the essential functions of his/her job, the member should be returned to duty and arrangements for appropriate follow-up made.

If a preliminary determination is made that the member's conduct or behavior represents an inability to safely and effectively perform the essential functions of his/her job, the Shift Supervisor or the member's Division Commander should immediately relieve the member of duty pending further evaluation.

Employees relieved of duty shall comply with the administrative leave provisions of the Personnel Complaints Policy.

The Chief of Police shall be promptly notified in the event that any member is relieved of duty.

1016.5 FITNESS-FOR-DUTY EVALUATIONS

A fitness-for-duty evaluation may be ordered whenever circumstances reasonably indicate that a member is unfit for duty or following an officer-involved shooting or death-in-custody incident.

1016.5.1 PROCESS

The Chief of Police, in cooperation with the Department of Human Resources, may order the member to undergo a fitness-for-duty evaluation.

The examining practitioner will provide the Department with a report indicating whether the member is fit for duty. If the member is not fit for duty, the practitioner will include the existing restrictions or conditions in the report.

In order to facilitate the evaluation of any member, the Department will provide all appropriate documents and available information.

All reports and evaluations submitted by the examining practitioner shall be part of the member's confidential medical file.

Delmar Police Department

Policy Manual

Fitness for Duty

Any member ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

Determinations regarding duty status of members who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the Department of Human Resources.

1016.5.2 EVALUATION REQUIRED

An officer involved in any incident where a person was seriously injured or killed as a result of a shooting or accident and any officer returning from combat deployment shall undergo a psychological consultation consistent with the standards developed by the Maryland Police Training and Standards Commission (MPTSC) (Md. Code PS § 3-207).

1016.6 LIMITATION ON HOURS WORKED

Absent emergency operations, members should not work more than:

- 16 hours in a one-day (24 hour) period.
- 30 hours in any two-day (48 hours) period.
- 84 hours in any seven-day (168 hours) period.

Except in unusual circumstances, members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve any member who has exceeded the above guidelines to off-duty status.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime, and any other work assignments.

1016.7 APPEALS

Employees disputing the application or interpretation of this policy may submit a grievance as provided in the Grievances Policy.

1016.8 MPTSC CERTIFICATION

Officers are required to submit to a physical agility assessment every year and a mental health assessment every two years in order to maintain their certification (Md. Code PS § 3-209).

Meal Periods

1017.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the availability of meal periods and breaks.

1017.2 POLICY

It is the policy of the Delmar Police Department to provide meal periods and breaks to members of this department in accordance with applicable memorandums of understanding and collective bargaining agreements and the Town personnel manual.

1017.3 MEAL PERIODS

Officers and police communication officers shall remain on-duty subject to call during meal periods. All other members are not on-call during meal periods unless directed otherwise by a supervisor.

Uniformed patrol ~~and traffic~~ officers shall request clearance from the police communication officer prior to taking a meal period. Uniformed officers shall take their meal periods within the Town limits and shall monitor the police radio, unless on assignment outside of the Town.

The time spent for the meal period shall not exceed the authorized time allowed.

Lactation Breaks

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members.

1018.2 POLICY

It is the policy of the Delmar Police Department to provide, in compliance with federal law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child for up to one year after the child's birth (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; 19 Del. C. 0167 710; 19 Del. C. § 711).

1018.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the police communication officer or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1018.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; 19 Del. C. 0167 710; 19 Del. C. § 711).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Delmar Police Department

Policy Manual

Lactation Breaks

Authorized lactation breaks for members assigned to the field may be taken at any public or private location in which the mother and child are authorized to be (Md. Code HG § 20-801).

1018.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

Payroll Records

1019.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1019.2 POLICY

The Delmar Police Department maintains timely and accurate payroll records.

1019.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

The Chief of Police or designee is responsible for approving the payroll records.

1019.4 TIME REQUIREMENTS

1019.5 RECORDS

The Administration Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation

1020.1 PURPOSE AND SCOPE

This policy establishes guidelines and procedures regarding overtime for employees, in conformance with the Fair Labor Standards Act (FLSA) (29 USC § 201 et seq.).

1020.2 POLICY

The Delmar Police Department will compensate nonexempt employees who work authorized overtime either by payment of wages or by the accrual of compensatory time (29 CFR 553.22). Employees who are salary exempt from FLSA are not compensated for overtime worked.

1020.3 COMPENSATION

Payment of wages to nonexempt employees for overtime, or accrual of compensatory time in lieu of compensation for overtime worked, shall be at the rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required (29 USC § 207(k)(2); 29 USC § 207(o)(1)).

Short periods of overtime worked at the end of the normal duty day (e.g., less than one hour in duration) may be handled informally by an agreement between the supervisor and the employee. In such cases, the supervisor shall document the overtime worked and schedule a subsequent shift adjustment within the same work period that the overtime was worked, rather than submit a request for overtime payment (29 USC § 207(k)).

Salary exempt employees may be eligible for administrative leave, which may be granted at the discretion of the exempt employee's immediate supervisor.

1020.4 REQUESTS FOR OVERTIME COMPENSATION

1020.4.1 EMPLOYEE RESPONSIBILITIES

Generally, no employee is authorized to work overtime without the prior approval of a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of the shift in which the overtime is worked.

Nonexempt employees shall:

- (a) Obtain supervisory approval, verbal or written.
- (b) Not work in excess of 16 hours, including regularly scheduled work time, overtime and extra-duty time, in any consecutive 24-hour time period without supervisory approval.
- (c) Record the actual time worked in an overtime status using the department-approved form or method. Informal notations on reports, logs or other forms not approved for overtime recording are not acceptable.
- (d) Submit the request for overtime compensation to their supervisors by the end of shift or no later than the next calendar day.

Delmar Police Department

Policy Manual

Overtime Compensation

1020.4.2 SUPERVISOR RESPONSIBILITIES

Supervisors shall:

- (a) Prior to authorizing an employee to work overtime, evaluate the need for the overtime.
 - 1. Supervisors should not authorize any request to work overtime if the overtime would not be an appropriate use of department resources.
- (b) Upon receipt of a request for overtime compensation, confirm that the overtime was authorized and then verify the actual time worked.
 - 1. Supervisors identifying any unauthorized overtime or discrepancy shall initiate an investigation consistent with the Personnel Complaints Policy.
- (c) After verifying and approving the overtime amount, promptly forward the request for compensation to the employee's Division Commander for final approval.
 - 1. After the Division Commander has authorized compensation, the request shall be submitted to Administration as soon as practicable.

Supervisors may not authorize or approve their own overtime.

1020.5 ACCOUNTING FOR PORTIONS OF AN HOUR

Authorized overtime work shall be accounted in the increments as listed:

TIME WORKED	INDICATE ON CARD	
Up to 30 minutes	.50 hour	
31 to 60 minutes	1 hour	

1020.5.1 VARIATION IN TIME REPORTED

When two or more employees are assigned to the same activity, case or court trial, and the amount of time for which overtime compensation is requested varies among the officers, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation on the overtime compensation request.

1020.6 REQUESTING USE OF COMPENSATORY TIME

Employees who have accrued compensatory time shall be allowed to use that time for time off within a reasonable period after making a request, if the request does not unduly disrupt department operations. Requests to use compensatory time will be submitted to the employee's supervisor at least 24 hours in advance of its intended use. Supervisors may make exceptions in unusual or extraordinary circumstances.

Compensatory time may not be used for time off for a date and time when the employee is required to appear in court on department-related matters. Supervisors shall not unreasonably deny employee requests to use compensatory time (29 CFR 553.25).

Outside Employment and Outside Overtime

1021.1 PURPOSE AND SCOPE

This policy provides guidelines for department members who seek to engage in authorized outside employment or outside overtime.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Outside employment - Duties or services performed by members of this department for another employer, organization or individual who is not affiliated directly with this department when wages, compensation or other consideration for such duties or services is received. Outside employment also includes duties or services performed by those members who are self-employed and receive compensation or other consideration for services, products or benefits rendered.

Approval of outside employment or overtime shall be at the discretion of the Chief of Police in accordance with the provisions of this policy. Failure to obtain prior written approval for outside employment or overtime, or engaging in outside employment or overtime that is prohibited by this policy, may lead to disciplinary action.

1021.3 OUTSIDE EMPLOYMENT

1021.3.1 REQUEST AND APPROVAL

Members must submit the designated outside employment request form to their immediate supervisors. The request form will then be forwarded through the chain of command to the Chief of Police for consideration.

If approved, the member will be provided with a copy of the approved request form. Unless otherwise indicated in writing on the request form, approval for outside employment will be valid through the end of the calendar year in which the request is approved. Members seeking to continue outside employment must submit a new request form at the start of each calendar year.

1021.3.2 DENIAL

Any member whose request for outside employment has been denied should be provided with a written notification of the reason at the time of the denial.

Delmar Police Department

Policy Manual

Outside Employment and Outside Overtime

1021.3.3 REVOCATION OR SUSPENSION

Any member whose approval for outside employment is revoked or suspended shall be provided with a written notification of the reason for revocation or suspension.

Approval for outside employment may be revoked or suspended:

- (a) When a supervisor determines the member's performance is failing to meet standards and the outside employment may be related to the deficient performance.
 - 1. Approval for the outside employment may be reestablished when the member's performance has reached a satisfactory level and with his/her supervisor's authorization.
- (b) When a member's conduct or outside employment conflicts with department policy or any law.
- (c) When the outside employment creates an actual or apparent conflict of interest with the Department or Town.

1021.3.4 APPEAL

If a member's request for outside employment is denied or if previous approval is revoked or suspended, the member may file a written notice of appeal with the Chief of Police within 10 days of receiving notice of the denial, revocation or suspension.

A revocation or suspension will only be implemented after the member has completed the appeal process.

If the member's appeal is denied, he/she may file a grievance as provided in the Grievances Policy.

1021.4 REQUIREMENTS

1021.4.1 PROHIBITED OUTSIDE EMPLOYMENT

The Department reserves the right to deny any request for outside employment that involves:

- (a) The use of department time, facilities, equipment or supplies.
- (b) The use of the Delmar Police Department badge, uniform or influence for private gain or advantage.
- (c) The member's receipt or acceptance of any money or other consideration for the performance of duties or services that he/she would be required or expected to render in the course or hours of his/her employment, appointment or as a part of his/her regular duties.
- (d) The performance of duties or services that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other member of this department.
- (e) Demands upon the member's time that would render the performance of his/her duties for this department deficient or substandard.
- (f) Activities that may conflict with any other policy or rule of the Department.
- (g) Any entity that is (COMAR 19A.04.02.04):

Policy Manual

Outside Employment and Outside Overtime

1. Subject to the authority of that member of the Department.
 2. A contractor or subcontractor with this department or that is negotiating a contract with the Department.
- (h) Employment that would impair the impartiality and independent judgment of the member (COMAR 19A.04.02.04).
- (i) Employment prohibited by Town local law enacted pursuant to COMAR 19A.04.01.03.

1021.4.2 SECURITY AND LAW ENFORCEMENT OFFICER OUTSIDE EMPLOYMENT

No member of this department may engage in any outside employment as a law enforcement officer, private security, guard, private investigator, or other similar private security position except as allowed by state law (Md. Code PS § 3-110) (24 Del. C. § 1314; 24 Del. C. § 1315).

1021.4.3 DEPARTMENT RESOURCES

Members are prohibited from using any department equipment or resources in the course of, or for the benefit of, any outside employment. This shall include the prohibition against any member using his/her position with this department to gain access to official records or databases of this department or other agencies.

1021.4.4 REVIEW OF FINANCIAL RECORDS

Prior to approving outside employment, the Department may request that a member provide personal financial records for review if the Chief of Police determines that a conflict of interest may exist.

If, after approving a request for outside employment, the Department obtains information that a financial conflict of interest exists, the Department may request that the member provide personal financial records for review. Failure or refusal by the member to provide such records may result in revocation or suspension approval of the outside employment pursuant to this policy.

1021.4.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If a member terminates his/her outside employment, the member shall promptly submit written notification of such termination to the Chief of Police through the chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through the procedures set forth in this policy.

Members shall also promptly submit in writing to the Chief of Police any material changes in outside employment, including any change in the number of hours, type of duties or the demands of any approved outside employment. Members who are uncertain whether a change in outside employment is material are advised to report the change.

1021.4.6 LEAVE OR RESTRICTED DUTY STATUS

Members who are placed on leave or other restricted duty status shall inform their immediate supervisors in writing within five days as to whether they intend to continue their outside employment while on such leave or restricted status. The immediate supervisor shall review the

Delmar Police Department

Policy Manual

Outside Employment and Outside Overtime

duties of the outside employment, along with any related orders (e.g., administrative, medical), and make a recommendation to the Chief of Police regarding whether such employment should continue.

In the event that the Chief of Police determines that the outside employment should be discontinued, or if the member fails to promptly notify his/her supervisor of his/her intention regarding outside employment, a notice revoking approval of the outside employment will be forwarded to the member and a copy attached to the original outside employment request form.

Criteria for revoking approval due to leave or restricted duty status include but are not limited to:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the Town's medical professional advisers.
- (b) The outside employment requires performance of the same or similar physical ability, as would be required of an on-duty member.
- (c) The member's failure to make timely notice of his/her intention to the supervisor.

When the member returns to full duty with the Delmar Police Department, a written request may be submitted to the Chief of Police to approve the outside employment request.

1021.5 OUTSIDE OVERTIME

1021.5.1 REQUESTS FOR SPECIAL SERVICES

Any private organization, entity or individual seeking special services (e.g., security, traffic control) from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such services will be assigned, monitored, and compensated through the Department as outside overtime assignments.

- (a) A request for special services during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute will not be approved.
- (b) The requestor will be required to enter into an agreement that includes indemnification with the Department prior to approval.
- (c) The requestor will be required to reimburse the Department for the member's compensation, benefits, and costs (e.g. court time) associated with such outside services.
- (d) Should such a request be approved, any member working outside overtime shall be subject to the following conditions:
 - 1. The member shall wear the department uniform and carry department identification.
 - 2. The member shall be subject to the rules and regulations of this department.
 - 3. Compensation for such approved outside overtime shall be pursuant to normal overtime procedures (see the Overtime Compensation Policy).
 - 4. Outside overtime shall not be subject to the collective bargaining process.

Delmar Police Department

Policy Manual

Outside Employment and Outside Overtime

1021.5.2 ARREST AND REPORTING PROCEDURE

Any officer making an arrest or taking other official law enforcement action while working in an outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to the Report Preparation Policy. Time spent on the completion of such reports shall be considered part of the outside overtime assignment.

1021.5.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officer or officers assigned to covert operations shall not be eligible to work outside overtime in a uniformed or other capacity that could reasonably disclose the officer's law enforcement status.

Work-Related Injury and Illness Reporting

1022.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding timely reporting of work-related injuries and occupational illnesses.

1022.1.1 DEFINITIONS

Definitions in this policy include:

MD Work-related injury or illness - Accidental personal injury or illness arising out of and in the course of employment (Md. Code LE § 9-101).

DE Occupational disease and work-related injury - Any injury arising out of and in the course of the member's employment with the Cutcliffe Test, including a disease when the disease arises out of an exposure that occurred during the member's employment (19 Del. C. § 2301).

1022.2 POLICY

The Delmar Police Department will address work-related injuries and occupational illnesses or occupational disease appropriately, and will comply with applicable state workers' compensation requirements (Md. Code LE § 9-101 et seq.).

1022.3 RESPONSIBILITIES

1022.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any work-related injury or occupational illness or occupational disease shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

1022.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any work-related injury or occupational illness or occupational disease should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly (Md. Code LE § 9-707). Any related Town-wide injury- or illness-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and the Workplace Safety and Health policies apply and take additional action as required.

1022.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of a work-related injury or occupational illness should review the reports for accuracy and determine what additional action should be taken. The reports shall then be forwarded to the Chief of Police, the Town's risk management entity, and the Administration Division Commander to ensure any required Maryland Occupational Safety and Health (MOSH) Act or Department of Labor reporting is made as required in the injury and illness prevention plan identified in the Workplace Safety and Health Policy.

Delmar Police Department

Policy Manual

Work-Related Injury and Illness Reporting

1022.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Human Resources Representative. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1022.4 OTHER INJURY OR ILLNESS

Injuries and illnesses caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1022.5 SETTLEMENT OFFERS

When a member sustains a work-related injury or occupational illness that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1022.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to a work-related injury or occupational illness, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the Town to determine whether the offered settlement will affect any claim the Town may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the accident or injury, and to protect the Town's right of subrogation, while ensuring that the member's right to receive compensation for injuries is not affected.

Personal Appearance Standards

1023.1 PURPOSE AND SCOPE

This policy provides guidelines for the personal appearance of members of the Delmar Police Department.

Requirements for department uniforms and civilian attire are addressed in the Uniforms and Civilian Attire Policy.

1023.2 POLICY

Delmar Police Department members shall maintain their personal hygiene and appearance to project a professional image that is appropriate for this department and for their assignments. Department personal appearance standards are primarily based on safety requirements, appearance conformity, and the social norms of the community served, while considering matters important to members of the Department.

1023.3 GROOMING

Unless otherwise stated and because deviations from these standards may present officer safety issues, the following appearance standards shall apply to all members, except those whose current assignments would deem them not applicable, and where the Chief of Police has granted an exception.

1023.3.1 PERSONAL HYGIENE

All members must maintain proper personal hygiene. Examples of improper personal hygiene include, but are not limited to, dirty fingernails, bad breath, body odor and dirty or unkempt hair. Any member who has a condition due to a protected category (e.g., race, physical disability) that affects any aspect of personal hygiene covered by this policy may qualify for an accommodation and should report any need for an accommodation to the Chief of Police.

1023.3.2 HAIR

1023.3.5 FACIAL HAIR

Beards and Goatees are authorized; however they must be worn with a mustache. Beards and goatees shall be kept clean and neatly trimmed. Officers are encouraged to begin growing their beards during their off time so as not to present an unshaven look while on-duty. No portion of the beard may be exceptionally longer than the rest, and beard hair length shall not exceed ¼ inch. The neck shall be kept clean shaven. Regardless of the beard style or beard hair length, individual officers wearing beards must maintain their beard in such a manner so as to be able to pass a gas mask fit test. Officers with beards will be subject to random inspections to ensure proper seal and may be asked to trim their beard until a proper seal is obtained. Officers must have the necessary equipment at work to trim beard if needed or requested.

In the event of an anticipated operational need for the use of the gas mask (development of protest likely to become violent), officers may be ordered to remove their beard immediately and must have the necessary equipment at work to do so in a timely manner.

1023.3.6 FINGERNAILS

Fingernails shall be clean and neatly trimmed to a length that will not present a safety concern. The color of fingernail polish shall present a professional image.

1023.4 APPEARANCE

1023.4.1 JEWELRY

For the purpose of this policy, jewelry refers to rings, earrings, necklaces, bracelets, wristwatches, and tie tacks or tie bars. Jewelry shall present a professional image and may not create a safety concern for the department member or others. Jewelry that depicts racial, sexual, discriminatory, gang-related, or obscene language is not allowed.

- (a) Necklaces shall not be visible above the shirt collar.
- (b) Earrings shall be small and worn only in or on the earlobe.
- (c) One ring or ring set may be worn on each hand of the department member. No rings should be of the type that would cut or pose an unreasonable safety risk to the member or others during a physical altercation, if the member is assigned to a position where that may occur.
- (d) One small bracelet, including a bracelet identifying a medical condition, may be worn on one arm.
- (e) Wristwatches shall be conservative and present a professional image.
- (f) Tie tacks or tie bars worn with civilian attire shall be conservative and present a professional image.

1023.4.2 TATTOOS

Members shall be permitted to have non-facial tattoos or replicas which are visible to the public as long as the tattoo or replica is not objectionable or demeaning to the image of the Delmar Police Department. The Chief of Police shall make the determination as to whether or not the tattoo or replica is objectionable or demeaning to the Department. For the purpose of this section; nature, number, size, location and color shall be the basis for determining whether such tattoos or replicas are objectionable or demeaning to the image of the Delmar Police Department.

1023.4.3 BODY PIERCING OR ALTERATION

Body piercing (other than earlobes) or alteration to any area of the body that is visible while on-duty or while representing the Delmar Police Department in any official capacity, that is a deviation from normal anatomical features, and that is not medically required, is prohibited. Such body alteration includes, but is not limited to:

- (a) Tongue splitting or piercing.
- (b) The complete or transdermal implantation of any material other than hair replacement (i.e., foreign objects inserted under the skin to create a design or pattern).
- (c) Abnormal shaping of the ears, eyes, nose or teeth (i.e., enlarged or stretched out holes in the earlobes).

Temporary Modified-Duty Assignments

1027.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, Town rules, or current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

1027.2 POLICY

Subject to operational considerations, the Delmar Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1027.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA), (19 Del. C § 724) or the Maryland Disability Code (Md. Code SG § 20-601 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Delmar Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1027.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Delmar Police Department

Policy Manual

Temporary Modified-Duty Assignments

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids, or medical devices.
- (e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the Town Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Supervisor or Division Commander, with notice to the Chief of Police.

1027.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

The responsibilities of employees assigned to temporary modified duty shall include but not be limited to:

- (a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

- (c) Ensuring that employees returning to full duty have completed any required training and certification.

1027.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1027.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; Md. Code SG § 20-609; 19 Del. C. 0167 710; 19 Del. C. § 711).

1027.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the Town's personnel rules and regulations regarding family and medical care leave.

1027.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment may have their probation extended by a period of time equal to their assignment to temporary modified-duty.

1027.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified-duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees

Performance History Audits

1028.1 PURPOSE AND SCOPE

This policy provides guidance for the use of performance history audits. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues (e.g., problematic conduct). This policy addresses the responsibilities, performance indicators, and components of the audit; handling of collected data; and conducting appropriate interventions, when necessary (Md. Code PS § 3-516).

1028.2 POLICY

The Delmar Police Department collects data to assist supervisors with evaluating the performance of their employees, including identifying problematic conduct and providing for appropriate interventions. While it is understood that the statistical compilation of data may be helpful to supervisors, the Department recognizes that it cannot account for, and must carefully balance such data with, the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

1028.3 RESPONSIBILITIES

Under the authority of the Administration Division Commander, the Administrative Commander is responsible for collecting performance indicators and other relevant data. The data will be compiled to generate quarterly performance history audit reports that will be provided to the appropriate Division Commander. The Administrative Commander will utilize confidential methods to compile and track information regarding performance indicators for each officer during each quarter in order to prepare the report. Though generated quarterly, each report should contain data from a one-year time period.

The Administration Division Commander should forward a copy of each performance history audit report to the Town Attorney for review and retention as attorney work product and confidential personnel information.

1028.4 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance history audits should include the following components:

- Performance indicators
- Data analysis
- Employee review

Delmar Police Department

Policy Manual

Performance History Audits

- (a) Use of force incidents.
- (b) Involvement and conduct during vehicle pursuits.
- (c) Personnel complaints, including the findings.
- (d) Commendations, compliments, and awards from the Department and the public.
- (e) Claims and civil suits related to the employee's actions or alleged actions.
- (f) Canine bite incidents.
- (g) Personnel investigations.
- (h) State Attorney case rejections and the reasons.
- (i) Intentional or unintentional firearm discharges (regardless of injury).
- (j) Vehicle collisions.
- (k) Missed court appearances.
- (l) Documented counseling.

1028.4.2 DATA ANALYSIS

The Administration Division Commander will review each performance history audit report and determine whether it should be provided to the officer's immediate supervisor for further consideration.

1028.4.3 EMPLOYEE REVIEW

Upon receipt of a performance history audit report, the supervisor will carefully review the report with the officer to assess any potential trends or other issues that may warrant intervention to improve officer performance and avoid unnecessary uses of force. These interventions could include informal counseling, additional training, or a recommendation for other action, including discipline. The officer shall date and sign the report and should be provided with a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Division Commander of such recommendation. If the Division Commander concurs with the recommendation of the supervisor, the supervisor shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a performance history audit, the officer shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

Policy Manual

Performance History Audits

1028.4.4 FOLLOW-UP MONITORING

Depending upon the results of each performance history audit, a determination should be made by the Administration Division Commander, after discussion with the officer's immediate supervisor, about the need, type and duration of any follow-up. Performance indicators and data analysis will generally provide the basis upon which such decisions should be made.

1028.5 CONFIDENTIALITY OF DATA

Information, data, and copies of material compiled to develop performance history audit reports shall be considered confidential as part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Access to performance history audit reports will be governed under the same process as access to an officer's personnel file, as outlined in the Personnel Records Policy (Md. Code PS § 3-516).

Access to the underlying data will be governed by the process for access to the original records (such as police reports).

1028.5.1 EARLY INTERVENTION REVIEW

The Chief of Police or the authorized designee should review the performance history audit system on a regular basis to ensure that it is effective as a confidential and nonpunitive early intervention system that identifies both (Md. Code PS § 3-516):

- (a) Officers who may be at risk of engaging in the use of excessive force.
- (b) Training, corrective actions, reassignments, or other appropriate responses to reduce the risk of excessive force occurring.

1028.5.2 ADVERSE MATERIAL

Adverse material may not be placed in an officer's file unless the officer has first reviewed, signed and received a copy of the material. The officer is allowed to provide a comment in writing to be added to the material (11 Del. C. § 9201).

1028.6 RETENTION

Performance history audit reports and associated records shall be retained in accordance with the established records retention schedule.

Employee Speech, Expression and Social Networking

1029.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Delmar Police Department.

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1029.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Delmar Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1029.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Delmar Police Department members, such as posting personal information in a public forum or posting a photograph taken with a GPS-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover

Policy Manual

Employee Speech, Expression and Social Networking

- Disclosing the address of a fellow department member
- Otherwise disclosing where another officer can be located off-duty

1029.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

To meet the safety, performance, and public-trust needs of the Delmar Police Department, the following are prohibited unless the speech is otherwise protected (for example, a member speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitutions.
 2. Expression that demonstrates support for criminal activity.
 3. Participation in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape).
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.
- (f) Use or disclosure, through whatever means of any information, photograph, video, or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting, or disseminating any photographs, video or audio recordings, likenesses, or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Delmar Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Policy Manual

Employee Speech, Expression and Social Networking

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1029.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of recognized bargaining units or employee groups, members may not represent the Delmar Police Department or identify themselves in any way that could be reasonably perceived as representing the Department in order to do any of the following, unless specifically authorized by the Chief of Police (Md. Code LG § 1-303; Md. Code LG § 1-304; Md. Code PS § 3-110; Md. Code SP § 2-304):

- (c) Endorse, support, or oppose any product, service, company, or other commercial entity.
- (d) Appear in any commercial, social, or nonprofit publication or any motion picture, film, video, public broadcast, or any website.

Additionally, when it can reasonably be construed that a member, acting in the member's individual capacity or through an outside group or organization, including as an authorized member of a recognized bargaining unit or an employee group, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Delmar Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of a recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

1029.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

However, the Department may not request or require that a member disclose any user name, password, or other means for accessing a personal account or service through an electronic communications device (Md. Code LE § 3-712) unless reasonably believed relevant to an

investigation of misconduct or a violation of laws or regulations and used only for the investigation and any related proceedings (19 Del. C. § 709A).

1029.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or the authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of the member's duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1029.7 TRAINING

Subject to available resources, the Department should provide training regarding the limitations on speech, expression and use of social networking to all members of the Department.

Workplace Safety and Health

These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

Delmar Police Department

Policy Manual

All significant actions taken and dates they are completed shall be documented on a MOSH-approved reporting form available on the Maryland Department of Labor website or Delaware appropriate form. This form should be forwarded to the Administration Division Commander via the chain of command.

The Administration Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

The Administration Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1030.6.1 EQUIPMENT

Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors (Md. Code LE § 5-206).

Line-of-Duty Deaths

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Delmar Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1031.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1031.2 POLICY

It is the policy of the Delmar Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1031.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Supervisor and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Delmar Police Department

Policy Manual

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1031.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting child care or other immediate needs.

Delmar Police Department

Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Delmar Police Department members may be apprised that survivor notifications are complete.

1031.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1031.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Delmar Police Department

Policy Manual

Line-of-Duty Deaths

1031.6 LIAISONS AND COORDINATORS

The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed. The Department should consider seeking assistance from surrounding law enforcement agencies to fill liaison and coordinator positions, as appropriate.

1031.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include but are not limited to:

- The liaison should be an individual the survivors know and with whom they are comfortable working.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends, or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Health and Fitness Program

1033.1 PURPOSE AND SCOPE

The purpose of the Delmar Police Department's Health and Fitness Policy is to encourage, motivate and challenge employees to take an active interest in their health and well-being.

1033.2 POLICY

It is the policy of the Delmar Police Department to provide the best possible service to the citizens of Delmar. In order for the Delmar Police Department to carry out this responsibility, it is important that each employee maintain a reasonable level of physical fitness and overall wellness and on an annual basis, demonstrate their ability to successfully complete a physical agility assessment as required by Maryland Public Safety Article § 3-201. This will enhance the employee's ability to accomplish tasks or duties in their job description, while reducing risk of injury and illness.

1033.3 CRITERIA

All sworn police officers, regardless of rank or duty assignment, must maintain a level of health and fitness that will allow them to physically subdue and arrest violent criminals, and to control violent mentally disturbed persons. This high level of health and fitness may be difficult to maintain for older officers or those whose work assignments do not require daily exercise. It is especially incumbent on these officers to make a determined effort to achieve and maintain a satisfactory level of health and fitness.

Civilian employees do not make arrests or subdue violent prisoners, but are expected to maintain a level of health and fitness that will prevent excessive use of disability leave, and will maximize job performance. However, because civilians' job assignments are less physically demanding than those of sworn officers, the expected level of health and fitness for civilian employees is less than for police officers.

1033.4 PROGRAM HEALTH GUIDELINES

In order to maintain a level of general health and physical fitness, employees should be guided by the following factors:

- (a) Employees should receive proper nutrition by eating a balanced diet to include proteins, carbohydrates, fats, vitamins, minerals, and water.
- (b) Employees should receive adequate rest and relaxation.
- (c) Employees should undergo periodic medical and dental examinations to assess their physical condition.
- (d) Employees are encouraged to keep physically fit and engage in exercise programs necessary to maintain such fitness.
- (e) Employees should avoid health-threatening factors such as tobacco, alcohol and substance abuse.

Delmar Police Department

Policy Manual

Health and Fitness Program

- (f) Physical fitness is improved by physical activity and exercise and is one of the most important keys to good health. Physical fitness consists of many components that can be identified as health-related.

FOUR COMPONENTS OF PHYSICAL FITNESS

- (a) Cardiovascular endurance is the ability of the circulatory and respiratory systems to supply fuel, most importantly oxygen, during sustained physical activity. Employees with good cardiovascular endurance have less risk of coronary heart disease, high blood pressure, low back pain, and obesity.
- (b) Muscular endurance and strength are the ability of certain groups of muscles to exert force for many repetitions or successive exertions. Persons who possess good muscular endurance and strength have greater working capacity, less chance of injury, and less risk of contracting back pain.
- (c) Flexibility is the range of motion available in a joint. Persons who possess good flexibility are less likely to injure muscles and joints, and have less risk of contracting back, leg and neck pain.
- (d) Body fat composition is one of the most important aspects of a member's fitness profile. Decreased physical activity is directly related to excess body fat. Excess body fat on overall health can be very debilitating. Proper diet and exercise will reduce excess body fat.

PHYSICAL FITNESS GUIDELINES

- (a) The following guidelines are offered to assist employees in attaining optimal benefits and enjoyment from a physical fitness program.
 - 1. Employees should have their physicians' approval before undertaking a conditioning or reducing program.
 - 2. Employees should consider their age when choosing a physical fitness program. Older employees may not be capable of performing physical activity as they did in their younger years.
- (b) There is probably no one best physical fitness program for all employees. Employees should choose a physical fitness program that satisfies their particular needs and interests. In order to attain benefits from a physical fitness program, it is essential that a regular, progressive program be developed to meet the specific needs of the individual.
- (c) A physical fitness program should be performed on a regular basis. Three times a week for at least thirty minutes is suggested. Employees should set goals which they have a reasonable chance to attain, and they should measure their progress. A physical fitness program should be started gradually to avoid soreness or injury. Physical fitness programs should be chosen carefully. Some exercises do more harm than good.
- (d) A physical fitness program should consist of exercises that reduce body fat, improve the cardiovascular system, improve strength/strength endurance and it should increase flexibility and maintain the fitness required for police work.

Delmar Police Department

Policy Manual

Health and Fitness Program

PHYSICAL EXAMINATIONS

Employees are strongly encouraged to undergo a periodic physical examination to ensure their health and fitness. The frequency of the examination should increase as the employee ages. Health insurance benefits cover some or all of the costs of a physical examination, depending on the employee's choice of health insurance provider. Physical examinations are required in the following cases:

- (a) Pre-Employment Physical - Applicants for the position of police officer are required to undergo a pre-employment physical examination after they have successfully completed the initial parts of the application and testing process.
- (b) Fitness for Duty Physical Examination - An employee may be required to undergo a physical examination to determine his or her continued fitness for duty in the position currently occupied, upon a written request by any supervisor in the employee's chain of command. Such a request must be supported by documented evidence that the employee's job performance is substandard as a direct result of an obvious or suspected physical impairment or condition. This request will be directed to the Chief of Police, who will approve or deny the request based on the evidence presented. The examination will be conducted by a licensed physician contracted by the Town. The Administrative Commander will coordinate the scheduling of the examination.
- (c) Cost of Required Physicals - The police department will pay all costs of physical examinations required of current employees and police applicants. Current employees will be granted leave when required to undergo a physical, or will be paid overtime, if the physical cannot be scheduled during the employee's normal work hours.

PHYSICAL FITNESS ASSESSMENT (VOLUNTARY)

- (a) Voluntary physical fitness assessments will be scheduled by the Patrol Commander each fall, for those Department personnel (sworn and civilian) who wish to determine their physical fitness condition. The assessment, developed through the Aerobic Research Center, will consist of a series of exercises which will measure the three components of physical fitness:
 - 1. Pushups - measures strength/strength endurance of the upper body.
 - 2. Sit-ups - measures strength/strength endurance in the abdominal area.
 - 3. 1.5 mile run/walk - measures cardiovascular endurance.
- (b) Any employee (sworn or civilian) who takes and achieves an average of a level three or higher see [Health and Fitness Appendix A](#) on all three exercises will receive a physical fitness medal. The medal may be worn for one calendar year beginning in January and in accordance with Policy 4.5, VII, B. To continue wearing the medal, personnel must participate in one of the scheduled physical fitness assessments each fall. The Patrol Commander will provide a list to the Quartermaster of those personnel authorized to wear the physical fitness medal for each upcoming calendar year.
- (c) Employees who receive all level ones in all three assessment exercises will be classified as superior and will receive a medal with a star.

Delmar Police Department

Policy Manual

Health and Fitness Program

1. Employees who receive two level ones and one level two will be classified as a level one.
2. Employees who receive two level twos or above and one level three will be classified as a level two.
3. Employees must receive at least a level three on each exercise to receive a level three.

ANNUAL PHYSICAL AGILITY ASSESSMENT (MANDATORY)

- (a) Effective July 1, 2022, all certified police officers in the State of Maryland, as defined by Public Safety Article § 3-201 must submit to a physical agility assessment as determined by the Maryland Police Training and Standards Commission (Commission). This physical agility assessment is a requirement for initial certification, and as a condition of certification, a police officer is required to submit to an annual physical agility assessment to establish continuing fitness to carry out the officer's assigned duties as a police officer.
- (b) Prior to the end of each calendar year, the Administrative Commander shall arrange for each officer to submit to a physical agility assessment comprising of the following evaluation components:
 1. The police officer shall demonstrate their ability to climb over a barrier.
 2. The police officer shall drag an individual at least 15 feet.
 3. The police officer shall demonstrate the ability to run for a distance of 300 feet.
 4. The police officer will demonstrate the ability to traverse up and down two (2) flights of stairs.
- (c) Upon completion of the four (4) evaluation components, the Chief of Police shall attest in writing that each officer has the physical ability to carry out the officer's assigned duties (DPD Form Annual Physical Agility Assessment). The Annual Physical Agility Assessment form will be placed in the officer's personnel file and maintained for a period of three (3) years.
- (d) Officers who fail to submit to and/or do not successfully pass the annual physical agility assessment will be ineligible for recertification.
